Andrew Clement

How Libraries And Librarians Help A Guide To Identifying User Centered Outcomes:

How Libraries and Librarians Help Joan Coachman Durrance, Karen E. Fisher, Marian Bouch Hinton, 2005 The authors developed the How Libraries and Librarians Help HLLH Outcome Model field testing it in six libraries over two years In this practical reference they share their findings step by step HLLH methods and library success stories that bring the process to life with outcomes like Empowering Youth and Strengthening Community

The Evaluation and Measurement of Library Services Joseph R. Matthews, 2017-10-27 This guide provides library directors managers and administrators in all types of libraries with complete and up to date instructions on how to evaluate library services in order to improve them It s a fact today s libraries must evaluate their services in order to find ways to better serve patrons and prove their value to their communities In this greatly updated and expanded edition of Matthews seminal text you ll discover a breadth of tools that can be used to evaluate any library service including newer tools designed to measure customer and patron outcomes The book offers practical advice backed by solid research on virtually every aspect of evaluation including quantitative and qualitative tools data analysis and specific recommendations for measuring individual services such as technical services and reference and interlibrary loan New chapters give readers effective ways to evaluate critical aspects of their libraries such as automated systems physical space staff performance management frameworks eBooks social media and information literacy The author explains how broader and more robust adoption of evaluation techniques will help library managers combine traditional internal measurements such as circulation and reference transactions with more customer centric metrics that reflect how well patrons feel they are served and how satisfied they are with the library By applying this comprehensive strategy readers will gain the ability to form a truer picture of their library s value to its stakeholders and patrons

Five Steps of Outcome-Based Planning and Evaluation for Public Libraries Melissa Gross, Cindy Mediavilla, Virginia A. Walter, 2016-01-13 Featuring plentiful examples of how to proceed through each phase of the OBPE model this book boils down planning and evaluation into an approachable easy to understand process for public librarians library managers and grant writers

Implementing Virtual Reference Services Beth Thomsett-Scott, Library and Information Technology Association (U.S.), 2013-02-07 Social web technologies present an often confusing array of options for answering user reference questions Applying 20 years experience as a reference librarian working through the development of virtual reference and the integration of new tools and technologies into the industry Thomsett Scott lays out how libraries are using vendor

[Health Information for Youth](#) W. Bernard Lukenbill, Barbara Froling Immroth, 2007-10-30 Well known authors W Bernard Lukenbill and Barbara Froling Immroth provide an introduction to a difficult topic This book covers the general status of youth healthcare the issues and concerns providing a model of health delivery and their relationship to the school and public library Public and school librarians and their clientele will appreciate this straightforward approach to finding and selecting consumer information on health related topics School librarians will find resources to help teachers who are being

asked to teach consumer health classes Students librarians teachers parents and caregivers in need of information that addresses health issues encountered by youth will find it in this inclusive book on the topic Public and school librarians will appreciate discussions of issues related to the general status of healthcare for youth delivery systems and locations of consumer information and methods to select and manage the collection of health information materials *Library Programs and Services* G. Edward Evans, Margaret Zarnosky Saponaro, Holland Christie, Carol Sinwell, 2015-06-30 Covering every essential topic ranging from circulation and literacy instruction to reference and security this benchmark text provides an up to date broadly based view of library public service and its functions Supplying essential foundational reading for students of library public services as well as an up to date overview for practitioners who wish to refresh their knowledge or acquaint themselves with a new area of responsibility this book s broad and solid coverage will benefit anyone concerned with developing or maintaining the public face of the library A revision and expansion of *Libraries Unlimited s Introduction to Library Public Services Seventh Edition* this edition has new chapters covering such topics as e resources collections print and other media and facilities and funding Additionally every chapter has been substantially updated and reorganized to better reflect the role of technology in library services today The book begins with background information on public services in libraries and an analysis of the library s public service philosophy Then the authors delve into staffing and assessment of services moving logically to major functional areas of public services reference instruction document delivery circulation and reserves collections programming safety and security issues and facilities and funding Real life anecdotes from public academic and school libraries illustrate principles and concepts throughout the book For each topic the authors detail its role and philosophy and offer key points to remember references and lists for further reading **Dynamic Youth Services Through Outcome-Based Planning and Evaluation** Eliza T. Dresang, Melissa Gross, Leslie Edmonds Holt, 2006-06-12 Describes the CATE method for integrating outcome based planning and evaluation into library programs and services for young patrons and looks at how it worked at the St Louis Public Library [The Value of Academic Libraries](#) Megan J. Oakleaf, 2010 This report provides Association of College and Research Libraries ACRL leaders and the academic community with a clear view of the current state of the literature on value of libraries within an institutional context suggestions for immediate Next Steps in the demonstration of academic library value and a Research Agenda for articulating academic library value Its focus is to help librarians understand based on professional literature the current answer to the question How does the library advance the missions of the institution This report is also of interest to higher educational professionals external to libraries including senior leaders administrators faculty and student affairs professionals **Fundamentals of Collection Development and Management** Peggy Johnson, 2009-01-01 In this fully updated revision expert instructor and librarian Peggy Johnson addresses the art in controlling and updating your library s collection **Lifelong Learning in Public Libraries** Donna L. Gilton, 2012-03-15 This book demonstrates that public librarians can promote learning by

combining the elements of Information Literacy Instruction ILI with traditional practices of public libraries It not only provides background on ILI and current developments in public library instruction **Digital Library Programs for Libraries and Archives** Aaron D. Purcell,2016-08-26 Planning and managing a self contained digitization project is one thing but how do you transition to a digital library program Or better yet how do you start a program from scratch In this book Purcell a well respected expert in both archives and digital libraries combines theory and best practices with practical application showing how to approach digital projects as an ongoing effort He not only guides librarians and archivists in transitioning from project level initiatives to a sustainable program but also provides clear step by step instructions for building a digital library program from the bottom up even for organizations with limited staff Approachable and easy to follow this book traces the historical growth of digital libraries and the importance of those digital foundations summarizes current technological challenges that affect the planning of digital libraries and how librarians and archivists are adapting to the changing information landscape uses examples to lay out the core priorities of leading successful digital programs covers the essentials of getting started from vision and mission building to identifying resources and partnerships emphasizes the importance of digitizing original unique materials found in library and archives collections and suggests approaches to the selection process addresses metadata and key technical standards discusses management and daily operations including assessment enhancement sustainability and long term preservation planning provides guidance for marketing promotion and outreach plus how to take into account such considerations as access points intended audiences and educational and instructional components and includes exercises designed to help readers define their own digital projects and create a real world digital program plan Equally valuable for LIS students just learning about the digital landscape information professionals taking their first steps to create digital content and organizations who already have well established digital credentials Purcell s book outlines methods applicable and scalable to many different types and sizes of libraries and archives

Introduction to Health Sciences Librarianship M. Sandra Wood,2008 Introduction to Health Sciences Librarianship covers a wide range of areas beyond traditional medical libraries This helpful guide provides an overview of the health care environment academic health sciences hospital libraries health informatics and more This single volume provides a sound foundation on health sciences libraries to students beginning and practicing librarians alike **Understanding Human Information Behavior** Beth St. Jean,Ursula Gorham,Elizabeth Bonsignore,2021-03-25 This introductory textbook aims to provide undergraduate students in information science and related disciplines with an applied grounding in information behavior The book s primary focus is to provide explicit links between information behavior and the careers that students will pursue within the information professions With a deeper understanding of information behavior students will be better equipped to address the many types of barriers that frequently prevent people from effectively and efficiently accessing understanding managing and or using the information they need in the real world The first six chapters of the book provide students with the fundamental building blocks of information behavior introduce them to important related concepts and provide a deep dive into information literacy digital literacy the digital divide and digital inclusion Chapters 7 through 12 introduce students to the scholarly communication system providing guidance on how to find read and critically evaluate information behavior studies Also explored in these chapters are the various methods used to investigate and understand people s information behaviors Topics covered include research design research methods research ethics user needs assessment and human computer interaction and associated design methods This part of the book also covers some of the major information behavior models and theories that have been developed to describe predict and or explain people s information behaviors In chapters 13 through 16 the authors provide an in depth look into their own information behavior research areas including consumer health information behavior and health justice youth information behavior legal information behavior and access to justice and information behavior in libraries In the final chapter students are first introduced to a wide range of careers within the information professions and then taken along on a deep dive into 10 specific jobs with a special focus on the thread of information behavior that pervades the roles and responsibilities commonly

associated with these positions Each chapter begins with one or more scenarios illustrating concepts covered in the chapter and ends with discussion questions

Take One Building : Interdisciplinary Research Perspectives of the Seattle Central Library Ruth Conroy Dalton,Christoph Hölscher,2016-11-25 This book evaluates how we experience and understand buildings in different ways depending upon our academic and professional background With reference to Rem Koolhaas Seattle Central Library the book illustrates a range of different methods available through its application to the building By seeing such a variety of different research methods applied to one setting it provides the opportunity for researchers to understand how tools can highlight various aspects of a building and how those different methods can augment or complement each other Unique to this book are contributions from internationally renowned academics from fields including architecture ethnography architectural criticism phenomenology sociology environmental psychology and cognitive science all of which are united by a single real world application the Seattle Central Library This book will be of interest to architects and students of architecture as well as disciplines such as ethnography sociology environmental psychology and cognitive science that have an interest in applying research methods to the built environment

Connecting Canadians Andrew Clement,2012 Connecting Canadians examines the role of community informatics or community based ICT initiatives in this process of transition The Community Research Alliance for Community Innovation and Networking CRACIN set out to study how civil society groups in locations ranging from Vancouver to Labrador and from remote Northern communities to Toronto and Montréal sought to enable local communities to develop on their own terms within the broader context of federal and provincial policies and programs Drawing on diverse theoretical perspectives from sociology to library and information sciences to women's studies the essays not only document specific local initiatives but analyze the overall trajectory of the government's vision of a digitally inclusive Canada

Librarianship in Times of Crisis Anne Woodsworth,2011-11-16 The field of librarianship has undergone traumatic shifts mostly downward due to the global financial meltdown that began in 2008 This title addresses the ripple effects of the economic recession from the point of view of librarianship the need for advocacy and the necessity to tout the value that libraries bring to their communities

Five Steps of Outcome-Based Planning & Evaluation for Youth Services Melissa Gross,Cindy Mediavilla, Virginia A. Walter,2022-07-22 Outcome based planning and evaluation OBPE with its straightforward approach built on a flexible framework is the perfect model to enable youth services professionals to deliver effective services regardless of uncertainties An outcome based approach can help youth services stay grounded in producing desired outcomes with and for youth through responsive programs services and processes that can adapt to changing conditions Clarifying the relationship between planning program development and evaluation the five simple steps outlined in this book will help youth services staff conduct solid community assessments and integrate OBPE into their work Inside its pages you will learn a short history of OBPE and its evolution why it is crucially important to involve youth in all stages of program development with guidance on navigating challenges how to think about

planning as the need to react quickly whether due to natural or human made disasters changing demographics or economic swings the five steps of OBPE from gathering information about your community and determining the outcomes that will serve your community to crafting accurate outcome statements developing an evaluation plan and maximizing the results of successful outcome based programs how to visualize the steps needed to successfully plan implement and evaluate an outcome based program using the template included in the book ways to share your data to let people know the library s important role in the community and additional useful tools to bolster your work including environmental scan forms and ideas for creating relevant family storytimes **Management Basics for Information Professionals** G. Edward Evans,Camila Alire,2013-08-21 Reflecting the rapidly changing information services environment the third edition of this bestselling title offers updates and a broader scope to make it an even more comprehensive introduction to library management
