Wakan Tanka John Bennett,2021-02-25 Where did we come from Why are we here Is there a god In our modern world many people yearn for answers to these most fundamental of life s questions having become disillusioned with trite explanations and troubled by narratives that deny their intuitive spirituality Beginning with some of our most ancient ancestors Wakan Tanka traces the evolution of humanity through the ages Citing paleontological and archaeological discoveries along with recent genetic evidence it recounts how mankind evolved from the earliest mammals into anatomically and behaviourally modern humans Wakan Tanka describes how human culture and spirituality evolved in concert with anatomy Showing how humankind has since very ancient times had an instinctual moral sense it discusses how our spirituality has given us an appreciation for both the aesthetic and divine aspects of life as reflected in our cultures and artistic endeavours By comparing philosophical and religious views of creation with modern scientific theory Wakan Tanka reaches the conclusion that rather than conflicting these views are remarkably similar and equally valid ways of describing the same reality Indeed our scientific knowledge and spiritual beliefs can be harmonized providing us with a deeper understanding of ourselves of creation and of life s purpose

The Perfect You Dr. Caroline Leaf,2017-07-04 There are a lot of personality and intelligence tests out there designed to label you and put you in a particular box But Dr Caroline Leaf says there s much more to you than a personality profile can capture In fact you cannot be categorized In this fascinating book she takes readers through seven steps to rediscover and unlock their unique design the brilliantly original way each person thinks feels relates and makes choices freeing them from comparison envy and jealousy which destroy brain tissue Readers learn to be aware of what s going on in their own minds and bodies to lean in to their own experience rather than trying to forcefully change it and to redefine what success means to them Released from the suffocating box of expectations they ll embrace their true identity and develop a clear sense of divine purpose in their lives Knowing and understanding our identity empowers our choices Unlocking one s you quotient is not optional it is essential

Quantum Neuroscience: How Brain Physics Connects You to the Universe ABHIJEET SARKAR,2025-09-01 Quantum Neuroscience How Brain Physics Connects You to the Universe by Abhijeet Sarkar CEO Founder Synaptic AI Lab Are you ready to discover your true connection to the universe The reality you experience every second the solid world around you the steady flow of time even your own sense of self is an illusion For a century two of science s greatest mysteries have remained stubbornly unsolved the bizarre ghost like nature of quantum reality and the profound enigma of consciousness We have been told these two worlds have nothing to do with each other

This book proves they are one and the same From the mind of Abhijeet Sarkar a pioneering AI researcher and the CEO Founder of Synaptic AI Lab comes a revolutionary and breathtaking new vision of our place in the cosmos Quantum Neuroscience is not another dense physics textbook It is a gripping paradigm shifting journey that unveils a groundbreaking new theory of consciousness linking the intricate quantum processes in your brain directly to the fundamental fabric of the universe Prepare to have your mind expanded as this masterfully written book guides you through the most profound questions of existence providing answers grounded in cutting edge science Inside this landmark work you will discover The Quantum Brain Journey deep inside a single neuron to find the hidden architecture where reality is forged the microtubules which may act as the universe s most advanced biological quantum computers The Physics of You Understand how your sense of self your memories and your inner world are not just biochemical accidents but are woven from the same quantum fabric as stars and galaxies The End of the Hard Problem Witness how the long standing mystery of subjective experience qualia dissolves when we embrace the brain s quantum nature unifying mind and matter for the first time A New Science of Time Memory and Free Will Learn how your past may not be gone how your future is not yet written and how your capacity for genuine choice is a direct consequence of quantum physics The Science of Connection Discover a physical testable basis for empathy intuition and the deep bonds we share revealing that we are far more interconnected than we ever imagined A New Vision of Death Explore a profound physics based perspective on what happens when we die based on the conservation of quantum information that replaces fear with a sense of cosmic significance Abhijeet Sarkar masterfully bridges the gap between the esoteric world of quantum mechanics and the intimate reality of your own mind Written with stunning clarity and profound insight Quantum Neuroscience is more than just a book it is an intellectual and spiritual awakening This is the story of you It is the story of all of us And it will change everything Don t wait to discover the secret of the cosmos hidden within your own mind Scroll up and click Buy Now to begin the most important journey of all

Sacred Soil Robert Tindall, Frederique Apffel-Marglin, David Shearer, 2017-07-18 A fascinating description of how utilizing the biochar embedded in terra preta the recently rediscovered sacred soil of the pre Columbian peoples of the Amazon rainforest can cut our dependency on petrochemicals restore the health of our soils remove carbon from our overheating atmosphere and restore the planet to pre industrial levels of atmospheric carbon by 2050 The authors show that the rediscovery of terra preta is an opportunity to move beyond the West s tradition of plunder and genocide of the native civilizations of the Americas by offering an invitation to embrace the deeper mystery of the indigenous methods of inquiry and to participate in an animate cosmos that gave rise to such a powerful soil technology *Sacred Soil* in recognizing the need for biocultural regeneration takes a multi disciplinary approach to the phenomenon of biochar soils utilizing mythopoeic historical anthropological and scientific perspectives to embrace the deep past the vexed present and the prospectus for our future Coming at this crucial juncture in human history the potential resting in biochar is also an open doorway into the indigenous ways of knowing that

enabled the pre Columbian Amazonian high civilizations to support a population of millions while leaving their lands more fertile than when they arose

The Mystery of Essence Michael A. Susko, 2022-06-30 This work begins by entering a world in which normal things have dissolved and essences appear With the emergence of a new physicality mysteries are explored the body's mineral spiritual substance the shape of one's soul body opposites joining to make a unity and the experience of merging with animals and plants A problematic future is also envisioned in which factual reality has been deconstructed and our connection to others is endangered To help us we are shown four true essences and four false ones Come experience the path to the lost world of shared essences from the astronomical to the spiritual world

When I Become a Wave - Living Life and Death to the Fullest Mike Anderson, 2016-10-12 What happens after we die When I Become a Wave provides answers to this question based on the best evidence we have It is a book that will surprise and challenge you It's for people of all faiths and no faith If you've ever asked yourself What the hell are we doing here or Why are certain people in my life or Is reincarnation for real or Is our existence a simulation you need to read this book It will also give you the keys to understanding our existence on Earth which could make you a much happier person One reader called it a Can opener for the mind

HOW AMERICA BECAME ANTI-CHRISTIAN AND SELF-DESTRUCTIVE Dr. George Joseph K PhD, 2015-12-10 The American dream of a free world will be defeated if Christianity will be defeated in USA USA cannot survive unless the current perceptions of freedom and secularism undergo a drastic change There is freedom to promote almost everything except the Christian truth Ten Commandments are banned But yoga is promoted at all levels This kind of selective discrimination against the truth will destroy the very foundations of any society Strange motivations of the anti supernatural secularist lobby in the governmental institutions and their complicity in siding with Christian faith cannot be ruled out Thus ironically the undefeatable America tends to defeat itself In its rejection of Christian truth and values USA made truth a lie and the lie a truth If the current trends of self hatred of Christian faith by higher criticism and liberal theology and destruction of churches continue in 20 years USA will be overrun by the values and culture of Hinduism and Islam And USA will go down in history as the most powerful empire which had the best values in its custody since the days of its foundation but subjected itself to a silent death executed by its experts and enjoyed by its people who went after thrillers fantasies romances and other vain imaginations neglecting the truth Remember it was the hatred to Christian values that instigated the anti supernatural liberal theology from within and without the church which ultimately resulted in the Nazi Holocaust Beware when the Christian faith and values are suppressed the very survival of the societies at large is endangered This is the lesson of the entire world history

Nameless Offences H. G. Cocks, 2003-05-23 What did the Victorians know about desire between men Was it really the love that dare not speak its name Nameless Offences argues that even before Oscar Wilde and the rise of sexual science there was an open public and concerted discussion of same sex desire that went to the heart of Victorian notions of masculinity civil society class and identity How did homosexuality come to be known as a secret

vice consigned to a secret place the closet when contemporaries regularly described its existence as widespread threatening and even notorious Nameless Offences asks where the closet came from and how the English learned to describe that which was nameless and indescribable in this way This groundbreaking book offers the definitive portrait of male homosexuality in the nineteenth century and includes many perceptive insights into what it reveals about the interaction between public and private morality which lay at the heart of Victorian England Nameless Offences is a cogently argued and well written book which contributes importantly to our understanding of the history of the legal regulation of sexual behavior between men in the 19th century I cannot do justice to the richness of his historical narrative he has found gems of narrative detail and woven them into a persuasive analysis Morris B Kaplan Associate Professor of Philosophy State University of New York

An Analysis of Sri Aurobindo's The Life Divine Roy Posner, 2018-01-06 Growth Online author and founder Roy Posner presents a chapter by chapter analysis of Sri Aurobindo's metaphysical treatise *The Life Divine* perhaps the most profound book ever written on the nature of spirit creation life evolution and human potential **The Angel Chronicles** Gd

Thompson Sr, 2013-03 The time was the great rift between fallen angels as humans it was the supposed time of the great freedom when there were no rules on earth And that time was when earth wasn't even called earth It was nothing to them and something in the same moment The fallen angels almost had the same kind of planet as Aurbrahtery which they gave up It was warm and lit all the time There was no darkness no coldness and no desolation Until their dark hearts took over and began to change their surroundings What the fallen angels also didn't realize was that their new home verged changing with the reality of the darkness lying in the root of their hearts The fallen angels didn't realize that darkness and negativity carried a lot more dead weight with it which is ultimately what forged the slowing planet with all the fallen angels as humans upon her surface **The Eagle's Quest** Fred Alan Wolf, 1992-12 A physicist finds scientific truth at the heart of the Shamanic world

Red Thru Black GD Thompson Sr., 2015-05-08 The newest installment of the Red thru Black series Secrets of the Keepers and among those secrets lay the truth that just may lead to the discovery of what really happened that life in all forms came to exist upon earth Ever heard of planetary engineering Ever hear of engineering a solar system Lastly what if you knew something about the universe that indicated that it wasn't the only one in existence What if you woke up one day and figured out that your universe is but one in a book of universes The only thing worse than that would be to discover the

destruction of the universes was the reason Earth was drying up Kahlip and his Plaenellian kin have to restore the universes for the sanctity of the immortals and their own existence alike *Dark Night, Early Dawn* Christopher M. Bache, 2000-05-26

Combining philosophical reflections with deep self exploration to delve into the ancient mystery of death and rebirth this book emphasizes collective rather than individual transformation Drawing upon twenty years of experience working with nonordinary states the author argues that when the deep psyche is hyper simulated using Stanislaw Grof s powerful therapeutic methods the healing that results sometimes extends beyond the individual to the collective unconscious of humanity itself In a Matter of Seconds Victoria Vives Khuong, 2020-02-21

How to thoroughly and successfully heal oneself by expanding ones consciousness beyond societal conditioning and other programming with a deep healing step by step process and many sharings about true life experience results from my own journey
