Ettington, I recently wrote a book titled 33 Incredible Real Life Survival Stories which caused me to be amazed at how people have the persistence to live when confronted by dangerous and deadly situations I'm an old student of survival First in my experiences with the Boy Scouts and then my experiences as an adult backpacker and general sports activities There are other books out there by Special Forces operators and they prescribe lots of useful information In this book I've included a lot of that type of survival information but I also wanted to take a little different approach The Boy Scouts have been part of my life since I was a kid I was a Cub Scout a Boy Scout A scouting Eagle Scout and later Scoutmaster and Assistant Scoutmaster Later on I also became a member of the Knoxville Tennessee Volunteer Rescue Squad and a Private Pilot among many other things There is something to be said about the gradual acquiring of knowledge about survival and how it applies to how we live our lives So I've taken that approach in this book starting with morals principles and the spiritual aspects of survival to the practical knowledge and then how that information can be generalized to most situations You can also bet that most military survival experts Seals and other Special Forces were probably Boy Scouts growing up too Most of them got their basis for survival skills and leadership

skills in the Boy Scouts The Scout Motto is Be Prepared and planning ahead is essential for surviving unexpected situations Therefore in this book we will give you a lot of lists of things you should get as emergency supplies and what skills to know to survive The things you will learn about in this book are much of what we learned in the Scouts but we will be taking a deeper cut into the details

ExpertConsult.com **Santa Claws** Gabriela Harding, 2016-03-10 Will Christmas ever be the same again Gabriela Harding's debut children's novel *Santa Claws* is set in the London suburbs and the wilderness of the High Arctic. It is a Christmas adventure narrated by Honey who presents readers with festive terrors and an evil Santa. It's Christmas Eve and Honey is home alone. Well, alone if she doesn't count the boring company of her little brother Teddy and her grandmother who is a little too fond of sherry. She doesn't think Christmas can get any worse. But when Honey and Teddy are brutally kidnapped from their own home, this festive season soon becomes the worst Christmas ever. After waking up in a freezing land of horrors, they are forced into hard labour in a factory of nasty toys amidst evil dwarves and the evil Santa Claws. Honey and her brother fear for their lives in a world of child-eating dogs, murderous chefs, and secret passages dripping with all things icky. Worse still, Santa Claws turns out to be a cannibal with a very special dish in mind for the New Year's celebrations: his own brother, the real Santa Claus. Can Honey and Teddy save Santa from the cooking pot and free themselves from a life of whip-cracking dwarves and slave labour? *Santa Claws* is aimed at children between 11-14 who enjoy mystery and fantasy fiction with traces of dark humour.

All Things Spiritual Phillip Eldridge Williams, 2022-01-12 This short quip referred to in conversation and seen often in descriptive writing as well as various and sundry speeches is in reality on shaky ground when taken apart. The truth has been the object of the search of man since he became serious with his ontology from earliest recorded history and finds its way in most academic institutions with each Latin phrase in its logo. Matter has always been taken for granted but until recently, 1939, with the declaration of the Physicists' community in Copenhagen, Denmark has acknowledged that indeed there is no final field theory for locating reality. In this book, I will attempt to speak to this lack of reality by delving into the state of being or lack thereof. I will refer to as spirituality and the Native American priority given to the Great Spirit and the answer they give to one's ontology: why one is here, known as their vision quest. We will investigate spirituality as that encounter we all must deal with in our religious medium for finding some sense of meaning and its answer to our need for respect. I'll look at the Judeo-Christian offering of the image of God and the spooky goings on at a distance stipulated by Albert Einstein as well as the implications of Galileo's insightful declaration in the 17th century that all meaning begins with experience. Spirituality and ends with experience that spirituality is all that there is and to offer proposals based upon purely logic alone is meaningless as regards reality. Spirituality in the best sense of the word is your taking serious your honor as well as that of others. This could be seen as the First and Greatest Commandment and the Second: like unto it, Thy neighbor as thyself. This work is the culmination of 15 years of writing and a lifetime of seeking first the kingdom of God and his righteousness, having all these things being added unto me. Matthew 6:33. Now to have all these things added unto you is to be quickened with eyes to see and ears to hear things matter as they are and not from the might makes right syndrome or the what's in it for me, *modus operandi*. This quickening power is the mighty hand of God as opposed to the hand of God revealing the nature of truth, God's righteousness as being no respecter of persons, time, place or thing, and doing so.
