

How to Attract Money Using Mind Power...

Part 1 of 20: Desire by James Goi Jr.

Would you like to attract a lot more money into your life? Most people would answer "yes" to that question. That's fine as far as it goes. But in order to be able to attract a lot more money, you must really want it. Most people who would answer "yes" to the above question would be thinking something like this: Sure, that would be great. Some people who would answer "yes" to the above question would be thinking something like this: Yes! I want a lot more money! And I am bound and determined to get it! See the difference?

It is a well-known fact among metaphysicians and mind-power experts that desire is the first step towards attainment and accomplishment, and that without desire nothing much gets done. It follows, then, that desire is the first crucial step in the process of attracting more money. Here's one of my favorite quotes on the subject of desire:

"Desire is the great moving power of the mind—that which excites into action the will and powers of the individual. It is at the bottom of action, emotion or expression."

—Robert Collier, *The Secret of the Ages*, 1926.

Think about this: You don't even scratch your nose without first having the desire to do so. Scratching your nose is easy, so it doesn't require much desire. Attracting a lot of money is a challenging task and it requires much more desire than scratching your nose does. To be able to attract a lot more money into your life, you will need to increase your desire for a lot more money. And the more money you want, the more desire you'll need to build.

In my book, *How to Attract Money Using Mind Power*, I give specific "simple steps" for increasing one's desire for more money. There are a few lists to be made and so on. In this article I'd like to focus on one powerful, pivotal, thing you can do right now to increase your desire for more money. By doing even just this one thing, you will find your desire for more money increasing and so you will find yourself taking more and more action, both mental and physical, towards getting the money you want to get. This increased action will in itself feed your desire, and your increased desire will then breed even more action.

So here's what I'm suggesting you do: Begin to think about the things you want that more money will allow you to have. That's it. Would you like to have a bigger home? Would you like to have more free time to be able to pursue your hobbies and other interests? Would you like to travel? Would you like to retire early? Are there people or organizations you would like to help financially? Really start to think about the things and circumstances you could bring about in your life and the lives of others if you simply had the financial resources—the money—to do them.

As you continue to imagine all of the things you want to have, and the circumstances you want to create, you will just naturally begin to feel increased desire for those things and circumstances. Notice that desire. Strive to be aware of it. Feel it growing within you. Desire, want, long for those things you would have and do if only you had the money. In these ways you will be building up a mighty force, a deep reservoir of energy, which you will be able to draw upon to help you to get the money you want to get. Here's another quote I like:
