illustrated with more than 250 black and white and full color images throughout In 1990 two photographers and art enthusiasts Danilo De Marco and Mario Dondero set out to explore the details of Vincent Van Gogh's life retracing his journey across Europe by foot and by train Armed with the love and knowledge of Van Gogh's work they traveled from the Netherlands to England Belgium and France to take in the sights as Van Gogh might have seen them a century earlier They also turned to art historian Gloria Fossi to better understand experience and contextualize Van Gogh's brilliant mind drawing insights from his personal letters and other historical documents Van Gogh's well documented travels come alive in this gorgeous book which brings together the landscapes architecture portraits and cultural references that inspired his art The authors juxtapose vintage and contemporary photographs with Van Gogh's renditions demonstrating not only the passage of time but Van Gogh's unique artistic vision brilliantly revealed brushstroke by brushstroke From the Netherlands where the artist was born to his last days in France no place he visited in his 37 years is left unexplored and all have become timeless landmarks through his art In Search of Van Gogh brings into focus the places and objects that inspired and fueled Van Gogh's artistic genius and offers fresh insights into his prolific work and process In searching for the artist's mind and soul the authors create a pointillistic portrait of a human being whose life was remarkable and whose story must be shared for generations to come

Masters of Art - Vincent Van Gogh (Illustrated) Vincent van Gogh,2012 **Van Gogh** Vincent van Gogh,2011-07-01 Vincent van Gogh's life and work are so intertwined that it is hardly possible to observe one without thinking of the other Van Gogh has indeed become the incarnation of the suffering misunderstood martyr of modern art the emblem of the artist as an outsider An article published in 1890 gave details about van Gogh's illness The author of the article saw the painter as a terrible and demented genius often sublime sometimes grotesque always at the brink of the pathological Very little is known about Vincent's childhood At the age of eleven he had to leave the human nest as he called it himself for various boarding schools The first portrait shows us van Gogh as an earnest nineteen year old At that time he had already been at work for three years in The Hague and later in London in the gallery Goupil Co In 1874 his love for Ursula Loyer ended in disaster and a year later he was transferred to Paris against his will After a particularly heated argument during Christmas holidays in 1881 his father a pastor ordered Vincent to leave With this final break he abandoned his family name and signed his canvases simply Vincent He left for Paris and never returned to Holland In Paris he came to know Paul Gauguin whose paintings he greatly admired The self portrait was the main subject of Vincent's work from 1886c88 In February 1888 Vincent left Paris for Arles and tried to persuade Gauguin to join him The months of waiting for Gauguin were the most productive time in van Gogh's life He wanted to show his friend as many pictures as possible and decorate the Yellow House But Gauguin did not share his views

on art and finally returned to Paris On 7 January 1889 fourteen days after his famous self mutilation Vincent left the hospital where he was convalescing Although he hoped to recover from and to forget his madness but he actually came back twice more in the same year During his last stay in hospital Vincent painted landscapes in which he recreated the world of his childhood It is said that Vincent van Gogh shot himself in the side in a field but decided to return to the inn and went to bed The landlord informed Dr Gachet and his brother Theo who described the last moments of his life which ended on 29 July 1890 I wanted to die While I was sitting next to him promising that we would try to heal him he answered *La tristesse durera toujours* The sadness will last forever

The Treasures of Vincent Van Gogh Cornelia Homburg, 2007 Classified as a Post Impressionist Van Gogh is perhaps one of the world's most famous and instantly recognisable artists Famous almost as much for his embodiment of a tortured romantic artist as for his bold and usually distorted artworks his works now fetch some of the highest prices in the world of fine art This beautifully illustrated and meticulously researched project will be hugely popular as a collector's item for both Van Gogh's established fans and for those wishing to learn about him for the first time With the inclusion of facsimiles of some 30 documents including Van Gogh's famous private letters *The Treasures of Van Gogh* offers a unique insight into his life and works from his childhood and youth in Zundert in southern Netherlands the time he spent as a missionary and the gradual decline in his mental health that led him to cut off part of his ear and eventually to commit suicide
