Dougherty,2011-12-21 **Signature Sins** Michael Mangis,2011-05-26 Finally a safe place to talk about sin The topic of sin in general has been safe for a while But here guided by psychologist Michael Mangis we get specific by learning to know ourselves and our signature sins the individual and specific patterns of sin in our life that affect our thoughts actions and relationships In these pages the author empathetically and honestly reflects on the ways we manage our behavior to hide our sin and ignore the true poverty of our hearts But until we deal with the root of our sin we will be ruled and fooled by it and miss the freedom Christ died to bring Exploring common forms of sin and then discovering how our own temperament culture family and gender affect the way those sins manifest themselves in our lives will lead us to a place of real honesty

with ourselves God and others But the book doesn't stop there it also shows ways to combat our sin so that we can change our hearts not just our behavior Sin is serious and specific and it doesn't go away on its own But here is serious and safe help for facing sin and finding freedom in Christ

Discerning Life with Dreams: The Triadic Relationships Between Dreams, Discernment, and Spiritual Intelligence B. Anne Frey, 2008-01-23 This study explored the relationship between dreams discernment and spiritual intelligence It focused on the experience of people who use dreams to help them with spiritual discernment or decision making in a spiritual context A case study methodology included questionnaires personal dream records and interviews to understand the seven participants experiences of exploring their dreams for guidance Participants were self selected by answering an ad seeking people whose dreams had helped them to make a decision who journaled their dreams and who consider themselves to be spiritual Most participants reported being drawn to dreamwork by a significant life experience While participants shared different perceptions as to what discernment consists of each participant reported that dreams helped them to grow spiritually A number of outcomes were exemplified falling into two main groupings a the use of discernment in order to understand a dream whether or not they ended up reaching a resolution or making a decision about the dream and b the use of dreams as part of a discernment process whether or not the dreams helped them to resolve their discernment issue or make a decision The intensity of emotion attached to an issue seemed for some to render it more difficult to arrive at particular decisions For others dreams seemed to ease the burden of discernment or decision making by raising their degree of confidence towards their resolution or decision Deepening appreciation of and growing desire for living spiritually and learning more about spirituality were indicators of a developing spiritual intelligence For most spiritual growth occurred through knowledge or learning gained from their dreams For some their belief about God's role in their life impacted their experience of the Divine in their dreams Finally the study showed that individuals are not always aware of what had helped them suggesting a subconscious process at work in both discernment and decision making The study affirmed a triadic link between dreams discernment and spiritual intelligence among people involved in spiritual dreamwork It demonstrated ways by which the discernment process can build confidence in people who are turning to their dreams for guidance in a spiritual context
