A Postcard History of the Passenger Liner Christopher Deakes, 2023-10-01 From around 1880 for almost a hundred years shipowners commissioned a wealth of paintings that depicted their magnificent liners as well as the routes they travelled their exotic destinations and life onboard These paintings rich in imagination and atmosphere appeared on postcards and posters of the day and were used to advertise the companies and their ships and so was born a whole genre that produced tens of thousands of paintings which formed a wonderful record of the great era of the passenger liner In 1900 there were over thirty shipping companies operating passenger liners across the North Atlantic Other oceans were similarly served But now with just a few exceptions the companies and their liners have disappeared along with the art they once inspired Little remains to recall this aspect of our maritime past except the postcards and they tell an evocative story of the vanished world of elegant ships and leisurely travel of social and political times much changed by the history of the past century Here brought vividly to life in more than 500 colourful postcards are the ships on which so many of our predecessors sailed as emigrants soldiers administrators or simply as tourists in days long past These cards which are now highly collectable show how steamships developed over the years but they are also a fine tribute to the artists who painted them This volume also includes a glossary of some 170 illustrators which forms an important reference section and advice on collecting

American Holiday Postcards, 1905-1915 Daniel Gifford, 2013-08-29 In the early 20th century postcards were one of the most important and popular expressions of holiday sentiment in American culture Millions of such postcards circulated among networks of community and kin as part of a larger American postcard craze However their uses and meanings were far from universal This book argues that holiday postcards circulated primarily among rural and small town Northern white women with Anglo Saxon and Germanic heritages Through analysis of a broad range of sources Daniel Gifford recreates the history of postcards to account for these specific audiences and reconsiders the postcard phenomenon as an image based conversation among exclusive groups of Americans A variety of narratives are thus revealed the debates generated by the Country Life Movement the empowering manifestations of the New Woman the civic privileges of whiteness and the role of emerging technologies From Santa Claus to Easter bunnies flag waving turkeys to gun toting cupids holiday postcards at first seem to be amusing expressions of a halcyon past Yet with knowledge of audience and historical conflicts this book demonstrates how the postcard images reveal deep divides at the height of the Progressive Era

The Oulipo and Modern Thought Dennis Duncan,2019-07-08 The impact of the Oulipo Ouvroir de Litterature Potentielle one of the most important groups of experimental writers of the late twentieth century is still being felt in contemporary literature criticism and theory both in Europe and the US Founded in 1960 and still active today this Parisian literary workshop has featured among its members such notable writers as Italo Calvino Georges Perec and Raymond Queneau all sharing in its light hearted slightly boozy bonhomie the convivial antithesis of the fractious volatile coteries of the early twentieth century avant garde For the last fifty years the Oulipo has undertaken the same simple goal to investigate the potential of constraints in the production of literature that is formal procedures such as anagrams acrostics lipograms texts which exclude a certain letter and other strange and complex devices Yet far from being mere parlour games these methods have been frequently used as part of a passionate though sometimes satirical involvement with the major intellectual currents of the mid twentieth century Structuralism psychoanalysis Surrealism analytic philosophy all come under discussion in the group s meetings and all find their way in the group s exercises in ways that while often ironic are also highly informed Using meeting minutes correspondence and other material from the Oulipo archive at the Bibliotheque nationale de France The Oulipo and Modern Thought shows how the group have used constrained writing as means of puckish engagement with the debates of their peers and how as the broader intellectual landscape altered so too would the group s conception of what constrained writing can achieve Delaware in Vintage Postcards Ellen Rendle,Constance J. Emma's Postcard Album Faith Mitchell, 2022-12-21 BCALA 2023 Outstanding Contribution to Publishing Citation Award winner The turn of the twentieth century was an extraordinarily difficult period for African Americans a time of unchecked lynchings mob attacks and rampant Jim Crow segregation During these bleak years Emma Crawford a young African American woman living in Pennsylvania corresponded by postcard with friends and family members and collected the cards she received from all over the country Her album spanning from 1906 to 1910 and analyzed in Emma's Postcard Album becomes an entry point into a deeply textured understanding of the nuances and complexities of African American lives and the survival strategies that enabled people to make a way from no way As snippets of lived experience eye catching visual images and reflections of historical moments the cards in the collection become sources for understanding not only African American life but also broader American history and culture In Emma's Postcard Album Faith Mitchell innovatively places the contents of this postcard collection into specific historic and biographical contexts and provides a new interpretation of postcards as life writings a much neglected aspect of scholarship Through these techniques a riveting world that is far too little known is revealed and new insights are gained into the perspectives and experience of African Americans Capping off these contributions the text is a visual feast illustrated with arresting images from the Golden Age of postcards as well as newspaper clippings and other archival material
