Bahnwarter Thiel Gerhart Hauptmann, 2018-07-25 *Bahnwarter Thiel* by Gerhart Hauptmann Gerhart Hauptmanns 1888 erschienene novellistische Studie *Bahnwarter Thiel* ist das erste bedeutende Prosawerk des deutschen Naturalismus In knapp ausgeführten Bildern und straffer Erzählung entwirft Hauptmann eine psychopathologische Studie in der er die Person Thiels als Spielball von Triebkräften und unklaren Bewusstseinszuständen zeichnet und die Darstellung der Außenwelt zur Spiegelung innerer Zustände verwendet Dabei erreicht er eine sprachliche Intensität die bereits auf expressionistische Stilformen vorausweist Mit einem Nachwort von Fritz Martini We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience The Text and Its Context Nigel Harris, Joanne Sayner, 2008 This Festschrift for Ronald Speirs Professor of German at the University of Birmingham contains twenty four original essays by scholars from Great Britain Germany Austria and Norway Between them they encompass the entire modern period from the later eighteenth century onwards and focus on a wide range of German speaking environments Several essays throw new light on authors to whom Professor Speirs himself has devoted particular attention such as Brecht Thomas Mann Nietzsche and Fontane whilst others discuss writers such as Lenz Büchner Büchlow C F Meyer Keyserling Jahn and Huch Above all however the contributions address the complexities of writing in ideologically diverse contexts including the Third Reich and the former German Democratic Republic This interplay between text and context is the cornerstone which links all the essays as it has consistently informed Ronald Speirs's own work which combines a scrupulous attention to textual detail with an acute awareness of the socio political milieus and philosophical influences that shape creative literature **Understanding Gerhart Hauptmann** Warren R. Maurer, 1992 **Bahnwärter Thiel and Fasching** Gerhart Hauptmann, 1968 *Twentieth-century Reworkings of German Literature* Gundula Sharman, 2002 A study of six modern reworkings of classic works of German literature A literary reworking is a fictional work based on an earlier usually canonical literary work Gundula M Sharman considers six twentieth century examples of this phenomenon in German literature including Peter Schneider's Lenz as a reworking of Georg Büchner's novella of the same title Ulrich Plenzdorf's *Die neuen Leiden des jungen Werther* as a reworking of Goethe's *Werther* Wolfgang Koeppen's *Der Tod in Rom* based on Thomas Mann's *Der Tod in Venedig* and three other pairs of reworkings original works from the genres of drama the

novella and the novel The indebtedness of such reworkings to the original works is openly acknowledged often in the title and this invites the reader to draw comparisons and to note contrasts between reworking and original The twentieth century author's interpretation and the reader's reception of the older work merge to form a subtext of the reworking giving rise to a third narrative in the reader's imagination The better the reader knows the literary model the more multifaceted the reworking appears The purpose of each reworking is unique One may demonstrate how much the world has changed since the publication of the original while another argues that society has not changed at all One may be conceived as an anti work to the original while another serves to endorse its message Common to all reworkings however is a gain in historical depth and in each case themes and issues arise from the relationship of reworking to original that are not immediately apparent when the reworking is considered on its own Gundula M Sharman teaches in the German Department at the University of Aberdeen Scotland

Alfred and Lucie Dreyfus in the Phantasmagoria Norman Simms, 2014-06-02 Alfred Dreyfus saw himself caught in a phantasmagoria a great complex enigma that needed to be solved but all the clues seemed to be an hallucination a will o' the wisp or what George Sand called orblutes This book examines how Dreyfus and his wife found a powerful new kind of love through Jewish themes at the same time as they were forced to conceal their true identities To see how Jewish Dreyfus was the book explores his background in Alsatian culture in the cosmopolitan Judaism of Paris and in the customs of Mediterranean Jewry A close reading of the Court Martial in Rennes shows Dreyfus as more than the zinc puppet he was called the scenario emerging as a variation of horror fantasies popular in the fin de siècle The book asks two questions why did Dreyfus prefer Meissonier's paintings to the Impressionists and Post Impressionists we admire so much and why although he appreciated Zola's efforts on his behalf did he not refer to his novels

Realism and Reality Walter Silz, 2020-05-01 In this 1954 study of poetic realism and the Novelle form Silz examines nine Novellen by Brentano Arnim Droste H. I. Hoff Stifter Grillparzer Keller Meyer Storm and Hauptmann Through

his textual interpretation of each of these works Silz draws the threads of the transition from Romanticism to Naturalism as well as the development of the Novelle form

Mental Processes and Narrative Possibilities in the German Novelle, 1890-1940 David Turner, 2005 Although it concentrates on a particular historical period and although it examines a variety of individual works many of them acknowledged Novellen this study is neither an historical survey nor a collection of interpretations Its distinctive approach is taxonomical and comparative Taking as its starting point the surge of interest in the human mind as the nineteenth century drew to a close it examines the kinds of shorter narrative that were generated by that interest On the other hand therefore it investigates how by focusing on particular aspects of the mind writers were led to adopt certain narrative patterns or structures and on the other hand building on the work of Dorrit Cohn but extending her range considerably it explores and evaluates the different modes of presentation which writers exploited as they sought to give life to the inner workings of their characters According to some psychology and the Novelle are incompatible Although the investigation concludes that there is no inherent incompatibility between psychological interest and the aims of the Novelle it also demonstrates that psychological interest in shorter narratives does not always lead to Novellen it explores other narrative structures that may arise when particular models of the mind form their basis

Ambiguous Aggression in German Realism and Beyond Barbara N. Nagel, 2019-10-17 Our main words defining emotional states suggest that we have clarity about them expressions like love hatred anxiety or sorrow seem clear enough The reality however tends to be more complicated We are often faced with gestures and utterances that are difficult to interpret we thus find ourselves wondering about the affective force of what has just been said Was that an insult Flirtation Aggression Ambiguous Aggression in German Realism and Beyond looks at three interlocking forms of social violence flirtation passive aggression and domestic violence In order to understand their circulation it traces their literary historical genealogy in German realism and modernism in scenes from Annette von Droste H Lshoff Adalbert Stifter Theodor Storm Theodor Fontane Robert Walser and Franz Kafka covering a historical period from the middle of the 19th century to the early decades of the 20th century Reading realist and modernist literature through 21st century affect theory and vice
