Burroughs,2024-10-09T22:03:09Z Lieutenant Jefferson Turck is a naval officer from Pan America the unified supercontinent

and dominant world power of the 22nd Century Though he is only twenty one he is greatly respected by the crew of the aero submarine Coldwater Coming from a long line of soldiers and sailors Turck longs for adventure But in the year 2137 such exploration outside of the Pan American regions is forbidden Merely crossing beyond a line on a map is considered treason punishable by death The globe between 30 W and 175 W is a mystery except for tall tales and ancient histories When equipment failures befall the Coldwater the ship veers dangerously close to the dead line Violent storms worsen the situation and tensions rise as some sailors fear danger on the other side or punishment from their own government In the midst of it all Turck feels only a sense of excitement what lies beyond thirty The ship s captain and a small complement of sailors set out to find help anywhere they can and end up in a land that is far from what they expected This book is part of the Standard Ebooks project which produces free public domain ebooks [The Lost Continent](#) Edgar Rice Burroughs,2018-02-24 Two centuries from now the western hemisphere has severed contact with the rest of the world which has exhausted itself in war and descended into barbarism We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience [The Lost Continent](#) Edgar Rice Burroughs,2020-11-20 The Lost Continent by Edgar Rice Burroughs [The Lost Continent](#) Edgar Rice Burroughs,2017-08-19 They dared enter a forbidden hemisphere Original title Beyond Thirty *The Lost Continent* Edgar Rice Burroughs,2017-07 Edgar Rice Burroughs s classic tale of an alternative future in which World War I devastated Europe while the United States flourished in isolationism Centuries later the global powers come into contact again *The Lost Continent* Edgar Rice Burroughs,2013-12 You might think of The Lost Continent as an alternate history of the future as seen from the past Burroughs based a lot of this tale on the isolationist attitudes of the USA and what might happen if the US didn t get involved in world affairs It s a wild ride of course The original title Beyond Thirty referred to the 30th Meridian West as anything beyond that up to the 175th Meridian East was unknown to the people of the 22nd century **The Lost Continent** Edgar Rice Burroughs,2020-11-18 The Lost Continent by Edgar Rice Burroughs [The Lost Continent - Large Print Edition](#) Edgar Rice Burroughs,2020-11-14 Since earliest childhood I have been strangely fascinated by the mystery surrounding the history of the last days of twentieth century Europe My interest is keenest perhaps not so much in relation to known facts as to speculation upon the unknowable of the two centuries that have rolled by since human intercourse between the Western and Eastern Hemispheres ceased the

mystery of Europe's state following the termination of the Great War provided of course that the war had been terminated. From out of the meagerness of our censored histories we learned that for fifteen years after the cessation of diplomatic relations between the United States of North America and the belligerent nations of the Old World news of more or less doubtful authenticity filtered from time to time into the Western Hemisphere from the East. Then came the fruition of that historic propaganda which is best described by its own slogan: The East for the East, the West for the West, and all further intercourse was stopped by statute. Even prior to this transoceanic commerce had practically ceased owing to the perils and hazards of the mine strewn waters of both the Atlantic and Pacific Oceans. Just when submarine activities ended we do not know, but the last vessel of this type sighted by a Pan American merchantman was the huge Q 138 which discharged twenty nine torpedoes at a Brazilian tank steamer off the Bermudas in the fall. A heavy sea and the excellent seamanship of the master of the Brazilian permitted the Pan American to escape and report this last of a long series of outrages upon our commerce.

Battle and adventure on the Continent make this an exciting escape to the future. More adventure. Typical jungle adventure made famous by Edgar Rice Burroughs.

Beyond Thirty (The Lost Continent) Edgar Rice Burroughs, 2020-03-22 Edgar Rice Burroughs is the king of the pulp story. He got into the field through a combination of financial woes and a determination that he could write stories just as bad. But while many of those who inspired him are forgotten, Burroughs' legacy lives on in the John Carter and Tarzan books. In this novel the United States has isolated itself from the rest of the world which has fallen into chaos. A group of Americans desperately fight their way back home.
