Allan Pred, 1990-04-19 The last quarter of the nineteenth century was the most dramatic era in the social and spatial transformation of Stockholm During this time large scale manufacturing industry rose and eclipsed small scale artisan sectors of production the city's population virtually doubled and there was a rapid extension and rebuilding of the urban fabric Allan Pred reconstructs this transformation of Stockholm's local economy civil society and built environment between 1880 and 1900 through an interpretation of lost elements of language or forgotten fragments of daily discourse of lost words and meanings that belonged to members of the working and periodically employed classes His analysis reveals that a language of production distribution and consumption practices subsumed a language of discipline avoidance and survival tactics He demonstrates that the folk geography or language used for negotiating the city streets and getting from here to there subsumed a language of ideological resistance that a language of social reference and address the tagging of nicknames on groups and individuals subsumed a language of boundary transgression and that these languages were cross cut by folk humour by a vocabulary of comic irony and irreverence *The Lost Words*, 2022-05 The Lost Words by composer James Burton takes its inspiration and text from the award winning cultural phenomenon and book of the same name by Robert Macfarlane and Jackie Morris a book that was in turn a creative response to the removal of everyday nature words

The Lost Words Pete May, 2012-10-15 Philip Howard's legendary *Lost Words* column has been appearing weekly in *The Times* for many years wittily illuminating a raft of the most obscure esoteric words the English language has to offer At the same time his *Word Watching* puzzles have provided readers with the chance to pit their lexicographical skill

against his tongue in cheek multiple choice conundrums This unique collection bringing together the very best of all these is a feast for word lovers Here we can lament the disappearance of words like accismus an insincere and feigned refusal of something that is earnestly desired and wonder why we ever thought we could do without zoilus a censorious malignant or envious critic And once we have completed our journey through the dictionary entries time has forgotten there s more fun to be had as we ponder whether having a tirrit means one is in possession of a trumpet throwing a fit or the proud owner of a type of bird and if the charge of being spissid is a comment on one s girth sobriety or resemblance to a javelin either literal or metaphorical Endlessly fascinating Lost Words continues Philip Howard s amusing and informative tour of words that enrich the English language and would otherwise have been lost forever **LEGACY OF THE LOST WORDS** Ashwini
