Butters,2002 In early twentieth century motion picture houses offensive stereotypes of African Americans were as predictable as they were prevalent Watermelon eating chicken thievery savages with uncontrollable appetites Sambo and Zip Coon were all representations associated with African American people Most of these caricatures were rendered by whites in blackface Few people realize that from 1915 through 1929 a number of African American film directors worked diligently to counter such racist definitions of black manhood found in films like D W Griffith s The Birth of a Nation the 1915 epic that glorified the Ku Klux Klan In the wake of the film s phenomenal success African American filmmakers sought to defend and redefine black manhood through motion pictures Gerald Butters s comprehensive study of the African American cinematic vision in silent film concentrates on works largely ignored by most contemporary film scholars African American produced and directed films and white independent productions of all black features Using these race movies to explore the construction of masculine identity and the use of race in popular culture he separates cinematic myth from historical reality the myth of the Euro American controlled cinematic portrayal of black men versus the actual black male experience Through intense archival research Butters reconstructs many lost films expanding the discussion of race and representation beyond the debate about good and bad imagery to explore the construction of masculine identity and the use of race as device in the context of Western popular culture He particularly examines the filmmaking of Oscar Micheaux the most prolific and controversial of all African American silent film directors and creator of the recently rediscovered Within Our Gates the legendary film that exposed a virtual litany of white abuses toward blacks Black Manhood on the Silent Screen is unique in that it takes contemporary and original film theory applies it to the distinctive body of African American independent films in the silent era and relates the meaning of these films to larger political social and intellectual events in American society By

showing how both white and black men have defined their own sense of manhood through cinema it examines the intersection of race and gender in the movies and offers a deft interweaving of film theory American history and film history

Shared Images Kirill Chunikhin, 2025-03-31 Who organized numerous exhibitions of American art in the Cold War Soviet Union and why Did Americans truly want to subvert the Soviet regime with abstraction and were the Soviets really afraid of non figurative art And most noteworthy can we adequately assess the role of art as a weapon of the Cold War The significance of Shared Images lies in its revision of what to date has been a biased politicized approach to American art and Soviet cultural policies during the Cold War Shared Images proposes that we write Cold War art history without merely projecting political events onto the art historical timeline and interpolating the logic of Cold War politics into cultural history Instead the monograph presents a careful narrative which along with major political events also considers individual agencies affective regimes and of course formative contexts other than the political Exploring American art as an essentially global phenomenon the monograph employs the concept of a shared history to analyze interconnections and mutual dependence of Soviet and American art histories from the late 1940s to the 1960s Shared Images thus revises narratives on Soviet and American isolationism allegedly a distinctive feature of Cold War cultures

The American Musical and the Performance of Personal Identity Raymond Knapp, 2010-06-21 The American musical has long provided an important vehicle through which writers performers and audiences reimagine who they are and how they might best interact with the world around them Musicals are especially good at this because they provide not only an opportunity for us to enact dramatic versions of alternative identities but also the material for performing such alternatives in the real world through songs and the characters and attitudes those songs project This book addresses a variety of specific themes in musicals that serve this general function fairy tale and fantasy idealism and inspiration gender and sexuality and relationships among others It also considers three overlapping genres that are central in quite different ways to the projection of personal identity operetta movie musicals and operatic musicals Among the musicals discussed are Camelot Candide Chicago Company Evita Gypsy Into the Woods Kiss Me Kate A Little Night Music Man of La Mancha Meet Me in St Louis The Merry Widow Moulin Rouge My Fair Lady Passion The Rocky Horror Picture Show Singin in the Rain Stormy Weather Sweeney Todd and The Wizard of Oz Complementing the author's earlier work The American Musical and the Formation of National Identity this book completes a two volume thematic history of the genre designed for general audiences and specialists alike
