Reading Circles, Novels and Adult Reading Development Sam Duncan, 2012-02-23 Adult literacy teachers are constantly searching for effective engaging and distinctly adult ways to develop adult emergent reading and for at least the past two hundred years adults have formed themselves into reading circles to read and discuss novels on a weekly or monthly basis Why then are reading circles rarely used or studied in formal adult literacy provision This book explores adult reading development novel reading and reading circles in the context of a wider examination of reading pedagogies and practices in the English speaking world It discusses reading as both an individual and a communal act and investigates the relationship between literature and literacy development practice and pedagogy including a reassessment of the controversial approaches of reading aloud and phonics for adults Sam Duncan reviews a case study of an adult reading circle in a large London further education college and identifies the wider implications for the teaching and learning of adult emergent reading for the use and understanding of reading circles and for how we understand the novel reading experience more broadly

The Teen-Centered Book Club Bonnie Kunzel, Constance Hardesty, 2006-03-30 Vibrant dynamic teen book clubs the kind teens eagerly anticipate and attend session after session are teen centered With innovative pragmatic ideas that will attract and retain teen readers this guide provides everything you need to run a successful teen centered book club Covering every step from planning and promoting to how to prompt discussion and keep it civilized this is a one stop source for the teen book club leader Dozens of reproducibles for teens include book lists ground rules and book based activities The book even has directions for evaluating your club and lists of resources for more information Whether you're starting a teen book club trying to revive a flagging program or wish to build on past success if you're involved in a teen book club this guide is a must What's the difference between a teen book club and an adult one Too often the answer is Not much Like so many programs for teens traditional book clubs tend to be scaled down versions of adult clubs If book selection taboo topics and logistical details are the most important things that set your teen book club apart from an adult one you could be missing a huge opportunity Vibrant dynamic teen book clubs the kind teens eagerly anticipate and attend session after session are teen centered They're not merely by for and about teens but are grounded in the admittedly radical idea that the club is not primarily about library programming or even about books but is all about teens their interests and needs their

social habits and styles their initiative Books are the medium and the club is the method to achieve the ultimate goal of developing teen readers and leaders Furthermore the teen centered book club has huge potential to further a whole range of library goals from bringing more teen patrons through the door to building community wide awareness and support for the library itself What sets this book apart from the typical book club guide is that it is the only guide that addresses the unique constraints of public and school libraries budgeting impact on the facility and the collection and potential attempts at censorship to name just a few It s also the only guide that takes a teen centered approach putting front and center the idea that as with so many other things book clubs for teens are not merely scaled back versions of adult clubs Whether you are starting a club attempting to revive a flagging program or building on past success this manual offers you innovative pragmatic ideas that will attract and retain teen readers Grades 6 12 Teen Book Clubs offers a fresh new approach for today s teen readers and clear instructions along with tips and ideas for building teen centered book clubs In 12 brief chapters the book covers the teen centered book club what it is and what it takes to make it work putting it together planning and putting the plan in action going public recruiting boosting visibility garnering support 15 cunningly creative types of teen book clubs using book club to develop teen leaders scads of book lists reproducibles and sample discussion prompts tweaking troubleshooting and tips for keeping it civilized evaluations beyond measure resources for more information Filled with practical checklists figures worksheets and reproducibles this is the guide that all teen book club leaders should have
