Ulysses Guatemala Denis Faubert, Carlos Soldevila, 2000 Gerald M Phillips draws on his twenty five year five thousand client experience with the Pennsylvania State University Retiree Program to present a new theory of modification of inept communication behavior That experience has convinced Phillips that communication is arbitrary and rulebound rather than a process of inspiration He demonstrates that communication

problems can be described as errors that can be detected and classified in order to fit a remediation pattern. Regardless of the source of error, the remedy is to train the individual to avoid or eliminate errors; thus, an orderly procedure will result in competent performance. Inept communicators must be made aware of the obligations and constraints imposed by deep structures that require us to achieve a degree of formal order in our language without which our discourse becomes incomprehensible.

An Archaeological Guide to Northern Central America Joyce Kelly, 1996. Tikal, Copán, Uaxactún. Ancient Maya cities whose names conjure up romance, mystery, and science all at once. Joyce Kelly's clear descriptions and captivating photographs of these and many other sites will make you want to pack your bags and head for Central America. And when you arrive, this guidebook will not let you down. It covers 38 sites and 25 museums more than any other guidebook in Belize, Guatemala, Honduras, and El Salvador. Kelly's information is accurate and up to date; she has visited every site personally. The descriptions include all the major well-known sites and many not appearing in other guidebooks. Kelly describes each site and museum from its pyramids and temples to its hieroglyphic stairways and eccentric flints. She includes many site plans, and her description of each site includes its ancient history as well as its recent archaeological activity. Equally important, Kelly describes exactly how to get there. Clear maps and precise written directions include the distance in miles and kilometers and the driving time required for each segment of the trip. If you need a four-wheel drive vehicle to negotiate rutted dirt roads, Kelly tells you. If you need a guide, she tells you where to find one.
