Handbook Of The Economics And Political Economy Of Transition Routledge International Handbooks:

Handbook of the Economics and Political Economy of Transition Paul Hare, Gerard Turley, 2013-05-02 Transition from central planning to a market economy involving large scale institutional change and reforms at all levels is often described as the greatest social science experiment in modern times As more than two decades have passed since the fall of the Berlin Wall and the collapse of the Soviet Union it is now an excellent time to take stock of how the transition process has turned out for the economies that have moved on from socialism and the command economy This new handbook assembles a team of leading experts many of whom were closely involved in the transition process as policymakers and policy advisors to explore the major themes that have characterized the transition process After identifying the nature of initial conditions and the strengths and weaknesses of institutions the varying paths and reforms countries have taken are fully analyzed from the shock therapy privatization or gradualism of the early years to the burning issues of the present including global integration and sustainable growth Topics covered include the socialist system pre transition economic reforms institutions the political economy of transition performance and growth enterprise restructuring and people and transition The country coverage is also extensive from the former socialist countries of the USSR and the satellite states of Central and Eastern Europe to the Asian countries of China Vietnam and others The rise of China as a key actor in the drama is chronicled along with the emergence of a new more confident oil rich Russia The comparative prosperity of the Central European countries such as Poland and the Czech Republic is contrasted with the mixed fortunes of the former USSR where some countries are stagnating while others boom This Handbook of the Economics and Political Economy of Transition is the definitive guide to this new order of things in the former Communist world

The Economic History of Central, East and South-East Europe Matthias Morys, 2020-12-29 The collapse of communism in Central East and South East Europe CESEE led to great hopes for the region and for Europe A quarter of a century on the picture is mixed in many CESEE countries the transformation process is incomplete and the economic catch up has taken longer than anticipated The current situation has highlighted the need for a better understanding of the long term political and economic implications of the Central East and South East European historical experience This thematically organised text offers a clear and comprehensive guide to the economic history of CESEE from 1800 to the present day Bringing together authors from both East and West the book also draws on the cutting edge research of a new generation of scholars from the CESEE region Presenting a thoroughly modern overview of the history of the region the text will be invaluable to students of economic history and CESEE area studies

Three Decades of Polish Socio-Economic Transformations Paweł Churski, Tomasz Kaczmarek, 2022-08-27 This edited volume analyses and discusses the systematisation of Polish socio economic transformations of the last three decades using selected examples of the most important changes 1989 marked the onset of the political transformation process in Poland and other countries of Central and Eastern Europe The transition involved a shift from a socialist system to a

Comparative Capitalism Magnus

Feldmann, 2025-02-20 How do capitalist institutions vary across countries and regions How is capitalist diversity related to political and social factors like inequality representation and political systems How do capitalist institutions shape economic outcomes Comparative Capitalism takes a global approach to capitalist diversity It considers not only liberal and coordinated market economies in the Global North but also other varieties such as networked hierarchical dependent and statist market economies in other parts of the world It examines new models such as growth regimes and growth models and key trends such as the growing significance of finance and the rise of populism in the 21st century Case studies are drawn from both the Global North and South including East Central Europe East Asia Latin America and the BRICS economies to highlight both domestic institutions and the role of economic integration on a global scale Including tables and overviews of key features of each model Comparative Capitalism is essential reading for students of international and comparative political economy international development and business government relations

Brazil Alfredo Saad-Filho, Lécio Morais, 2017-12-20 Brazil is the world's sixth largest economy has played a key role as one of the pink wave administrations in Latin America and was

also responsible for wrecking the US sponsored proposal for a Free Trade Area of the Americas It is also one of the few large countries where social spending has risen and the distribution of income has improved in the last thirty years However as protests during the World Cup in 2014 have shown the country remains highly unequal unmet social needs are vast and its infrastructure is precarious Alfredo Saad Filho and Lecio Moraes review the paradox that is modern day Brazil Focusing on the period from 1980 onwards they analyse the tensions between the two systemic transitions to have dominated the country the political transition from military rule to democracy and to neoliberalism The authors show how these transitions had contradictory logics and dynamics yet ultimately became mutually supportive as they unfolded and intertwined

Contemporary South Africa and the Political Economy of Regional Development Methembe Mdlalose, Isaac Khambule, Nene Ernest Khalema, 2025-02-21 South Africa's struggle in balancing its domestic needs while playing a dynamic developmental role in the African region and global context exposes a complex web of relations shaped by its geostrategic location on the continent and the world and the staggering legacies of colonialism and apartheid As such understanding the complexities of the global economy and of South Africa's place in it is of great importance This book builds upon an existing body of literature which has demonstrated that while the post apartheid South African state has recast its nation building goals with advances having been made notably in the area of a stellar post apartheid constitution policy directives and democratic political integration economic integration and policy implementation presents a projection of captured interests where big business concerns are entrenched in the post apartheid state's apparent neo liberal turn The main focus of the book is to contextualise issues relating to three main trends in global discourses on development which are significant for South Africa and indeed for the study of the political economy of regional development in the country from the prism of South Africa as a global capitalist state These trends include the impact of globalisation regionalisation and the marginalisation of South Africa and indeed the African continent in the global economy thus unpacking the possible role that South Africa might play in regional development This volume will be a valuable resource to academics researchers and students in the fields of regional studies economics and political theory as well as policymakers planners and local economic development practitioners

China's Quest for Political Legitimacy Baogang Guo, 2010-09-23 This book examines the new equity enhancing politics in China in the context of Chinese traditional cognitive patterns of political legitimacy and its implication for Chinese political development in the near future Based on an analysis of the new governing philosophy the generation of political elite and a new set of public policies the book reaffirms the emergence of a new Chinese polity that infuses one party rule with limited electoral and deliberative democracies Unlike many scholars who perceive the contemporary Chinese history as a constant search for democracy this book takes a very different approach It asserts that the enduring question in political development in China today is no different from what was sought after throughout Chinese history namely the constant search for political legitimacy Even though the quest for democracy is instrumental to that end it may not ultimately

lead to the embrace of a full fledged liberal democracy The new politics is not only a rationalization of the efficiency based development but also a major paradigm shift in China s developmental strategy *The Political Economy of Russia* Neil Robinson,2012-07-13 This timely book explores Russia s political development since the collapse of the USSR and how inextricably it has been bound up with economic change Tracing the evolution of Russia s political economy leading scholars consider how it may continue to develop going forward They assess the historical legacies of the Soviet period showing how despite policies implemented after the USSR dissolved in 1991 there are ongoing bitter battles over property and state revenues over land and over welfare The book puts these domestic issues in international and comparative perspective by considering Russia s position in the global economy and its growing role as a major energy producer Focusing especially on the nature and future of Russian capitalism the contributors weigh the political problems that confront Russia in its ongoing struggle to modernize and develop its economy Contributions by Andrew Barnes Paul T Christensen Linda J Cook Gerald M Easter Neil Robinson Richard Sakwa and Stephen K Wegren
