Thomas,2007-08-08 The Handbook of Clinical Interviewing with Children is one of three interrelated handbooks on the topic of interviewing for specific populations It presents a combination of theory and practice plus concern with diagnostic entities for readers who work or one day will work with children and their parents and teachers in clinical settings The volume begins with general issues structured versus unstructured interview strategies developmental issues when working with children writing up the intake interview etc moves to a section on major disorders with special relevance for child populations conduct disorders attention deficit hyperactivity disorder learning disorders etc and concludes with a section addressing special populations

Handbook of Psychology, Assessment Psychology Irving B. Weiner,John R.

Graham,Jack A. Naglieri,2012-10-16 Psychology is of interest to academics from many fields as well as to the thousands of academic and clinical psychologists and general public who can't help but be interested in learning more about why humans think and behave as they do This award winning twelve volume reference covers every aspect of the ever fascinating discipline of psychology and represents the most current knowledge in the field This ten year revision now covers discoveries based in neuroscience clinical psychology's new interest in evidence based practice and mindfulness and new findings in social developmental and forensic psychology

Forensic Psychology Graham J. Towl,David A. Crighton,2010-01-29 A

comprehensive overview of forensic psychology as it applies to the civil and criminal justice systems in the UK which draws on the international evidence base with contributions from leading international experts Designed to cover the British Psychological Society training syllabus in forensic psychology meeting the needs of postgraduate students Chapters are each written by leading international experts and provide the latest research and evidence base practice for students Ideal for qualified practitioners as a resource for continuing professional development The text is written in a style designed to support and direct students and includes specific learning aids and guides to further study Linked to an online site providing additional learning materials offering further aid to students

The Employment Interview Handbook Robert W. Eder,Michael M.

Harris,1999-05-06 Research from 26 new authors has been integrated into the revision of The Employment Interview Handbook a successful volume previously published in 1989 by SAGE Publications This new Handbook provides a state of the art review of the research in the area of the employment interview The editors provide an integrated examination of various streams of research Leading scholars author the individual chapters and discuss the future of their particular line of research raising issues in need of further investigation The book concludes with a summary of the volume implications for theory building research methods and effective practice This Handbook is particularly appropriate for faculty and students in Industrial Organization Psychology and Human Resource Management as well as researchers and practitioners in employee selection and employment interview procedures and policies *International Developments in Investigative Interviewing* Tom Williamson,Becky Milne,2013-01-11 This book examines international developments in investigative interviewing It analyses the cases and other factors leading to the paradigm shift in a number of countries it considers issues that are of current interest to practitioners and academics including the continuing calls for the use of torture whether it is possible to detect deception and the contribution of investigative interviewing methods to concepts of therapeutic and restorative justice The book responds to the recognition that there are currently no international human rights instruments that relate specifically to custodial questioning whilst also offering a critical analysis of the attempts to influence investigator and prosecutor behaviour by recourse to human rights This book will be essential reading for practitioners designing and delivering investigative interviewing training programmes as well as academics and students studying international criminal justice *Criminal Justice Research: Inspiration Influence and Ideation* Ian K McKenzie,Ray Bull,2017-11-01 This title was first published in 2002 A collection of criminal justice researchers select a number of books documents papers and such like that they believe to be important and influential in the field of criminal justice research Each author has written a description and critique of the selected item and have discussed the impact of each of them with regards to formulating or developing their own research The authors also speculate on the direction they believe the area in question might be expected to develop in the first 10 15 years of the 21st century The definition of criminal justice in this book is a broad one and that is reflected in the combination of criminologists psychologists sociologists and experts on social and public administration In all the book attempts to examine the inspirations influences and thought processes which underpin criminal justice research efforts *Communication Skills for Effective Management* Owen Hargie,David Dickson,Dennis Tourish,2017-03-14 It is now widely recognized that communication is at the very heart of effective management There is therefore an ever expanding demand for valid and generalizable information on how best to relate to people in organizational contexts Communication Skills for Effective Management meets this demand It demonstrates how for managers to be successful they need to employ a range of key communication skills styles and strategies The contents are based upon the authors considerable experiences of researching teaching and consulting in a range of private and public sector organisations From their academic and real

world involvement they have identified the core skills of effective management presented in an academically rigorous yet student friendly way the reader is encouraged to interact with the material covered Each chapter contains a series of boxed text diagrams tables and illustrations which summarise core points Exercises are also provided to enable managers to put the material reviewed into practice All of this is underpinned and supported by a firm foundation of research findings This will be an excellent text for undergraduate business and management students studying business communication and MBA students Practising managers will also find this book to be an invaluable resource

Social, Psychological, and Forensic Perspectives on Sexual Abuse Gopalan, Rejani Thudalikunnil, 2018-01-15 Sexual abuse a topic still struggling to break free of its social taboos is an issue that must be addressed assessed and discussed in order to further efforts for prevention and treatment Social Psychological and Forensic Perspectives on Sexual Abuse is an important resource that comprehensively examines the prevalence assessment causes and impacts of sexual violence from cultural legal psychosocial theoretical and medical viewpoints Discussing difficult but relevant issues including forensic assessment legal ramifications mental health risk assessment and effects on family life this book is geared towards researchers mental health professionals clinicians and special educators seeking current research on prevention assessment and rehabilitation in sexual abuse

The Employment Interview Handbook Robert W. Eder, Michael M. Harris, 1999-05-06 Research from 26 new authors has been integrated into the revision of The Employment Interview Handbook a successful volume previously published in 1989 by SAGE Publications This new Handbook provides a state of the art review of the research in the area of the employment interview The editors provide an integrated examination of various streams of research Leading scholars author the individual chapters and discuss the future of their particular line of research raising issues in need of further investigation The book concludes with a summary of the volume implications for theory building research methods and effective practice This Handbook is particularly appropriate for faculty and students in Industrial Organization Psychology and Human Resource Management as well as researchers and practitioners in employee selection and employment interview procedures and policies

The Handbook of Communication Skills Owen Hargie, 2025-03-19 The Handbook of Communication Skills is recognised as one of the core texts in the field of communication offering a state of the art overview of this rapidly evolving field of study The fifth edition of this bestselling book situates communication in a range of different contexts from interacting in groups to the counselling interview It covers topics such as non verbal behaviour listening negotiation interacting in groups and mentoring This new edition has been fully revised and updated and includes a brand new chapter on digitally mediated communications in social and working environments as well as newly written chapters on humour and laughter in communication and persuasion Based on the core tenet that interpersonal communication can be conceptualised as a form of skilled activity the book looks at core communication skills and how these can be applied in specific contexts expertly combining theory with practice This handbook provides a rich mine of information for use in a variety of contexts from theoretical mainstream

communication modules on degree programmes to vocational courses in health business and education With contributions from an internationally renowned range of scholars this is the definitive text for students researchers and professionals alike

Oxford Handbook of Personality Assessment James N. Butcher, 2009-07-14 One of the oldest of all psychological disciplines the field of personality assessment has seen no shortage of scientific study or scientific literature This Oxford Handbook provides a comprehensive perspective on the contemporary practice of personality assessment including its historical developments underlying methods applications contemporary issues and assessment techniques The Oxford Handbook of Personality Assessment details both the historical roots of personality assessment and the evolution of its contemporary methodological tenets This provides the foundation for the handbook's other major focus the application of personality assessment in clinical personnel and forensic assessments This handbook will serve as an authoritative and field encompassing resource for researchers and clinicians from across the medical health and psychology disciplines i e clinical psychology psychiatry social work etc and would be an ideal text for any graduate course on the topic of personality assessment

The Wiley Handbook of Memory, Autism Spectrum Disorder, and the Law Jonni L. Johnson, Gail S. Goodman, Peter C. Mundy, 2018-05-10 An Important Contribution to Understanding Autobiographical and Eyewitness Memory in Those with ASD and the Unique Legal Challenges They Present This book offers an in depth discussion of how autobiographical and eyewitness memory operate in individuals with Autism Spectrum Disorder ASD and provides unique insights into current challenges faced by legal professionals forensic psychologists clinicians and others who extend services to those with ASD Throughout the book authors demonstrate why a nuanced understanding of autobiographical and eyewitness memory is required when assessing individuals with ASD given the developmental social and cognitive deficits at play Authors review current legal services and structures and explore ideas on whether and how modifications can be made to meet the needs of all individuals who seek and deserve justice including individuals with ASD The Wiley Handbook of Memory Autism Spectrum Disorder and the Law is sure to spark debate within the mental health and legal communities while advancing knowledge on the role of key clinical features of ASD in autobiographical and eyewitness memory The book is distinct in its exploration of ways in which the legal system with its formal yet inherently social infrastructure and regulated due process demands should offer services to those with ASD Of note authors question if current policies and practices such as reliance on interviewing protocols standardized for typically developing individuals are adequate The book is divided into three sections with the first providing a discussion of theoretical viewpoints on how memory functions in those with and without ASD and providing a specialized consideration of developmental issues A second section reviews empirical evidence followed by a third and final section addressing legal and clinical considerations including techniques for interviewing individuals with ASD The first book offering an expert science based review of autobiographical and eyewitness memory research on those with ASD and the associated legal challenges Provides thought provoking informative often

debated observations on memory in ASD from an international team of experts Offers summaries of what is known about memory abilities in those with ASD as well as what is left unknown that future researchers will need to address and that legal professionals should consider A book that does much to advance the research frontier in the study of memory in ASD and application to the legal system The Wiley Handbook of Memory Autism Spectrum Disorder and the Law is important reading for academic researchers clinicians judges jurors law enforcement officials and public policy makers alike Investigating the Truth Ray Bull, 2018-10-09 In the World Library of Psychologists series international experts present career long collections of what they judge to be their finest pieces extracts from books key articles salient research findings and their major practical theoretical contributions The Selected Works of Professor Ray Bull include some of the most influential insights into the psychology of investigative interviewing Whether it has been determining whether a suspect is lying or telling the truth enabling children to provide reliable testimony or understanding how the dynamics of the interview process itself can affect what is achieved Professor Bull has been at the forefront in researching this fascinating area of applied psychology for over 40 years his work informing practice internationally An elected Honorary Fellow of the British Psychological Society and the first Honorary Life Member of the International Investigative Interviewing Research Group Professor Bull also drafted parts of the government's Memorandum of Good Practice and of Achieving Best Evidence on Video Recorded Interviews with Child Witnesses for Criminal Proceedings Including a specially written introduction in which Professor Bull reflects on a wide ranging career and contextualises how the field has evolved this collection will be a valuable resource for students and researchers of forensic psychology *Comprehensive Handbook of Psychological Assessment, Volume 2* Mark J. Hilsenroth, Daniel L. Segal, 2004-04-19 Comprehensive Handbook of Psychological Assessment Volume 2 presents the most up to date coverage on personality assessment from leading experts Contains contributions from leading researchers in this area Provides the most comprehensive up to date information on personality assessment Presents conceptual information about the tests
