Cawood, Michael H. Corcoran Ph.D., 2008-12-22 Behavioral science has revealed a wealth of information concerning violence assessment in a wide variety of situations but the challenge confronted by those dealing with potentially hostile populations is the effective application of this knowledge Now in its second edition Violence Assessment and Intervention The Practitioner s Handbook Secon International Handbook of Threat Assessment J. Reid Meloy, Jens Hoffmann, 2013-11-05 Threat assessment is a method used by mental health and law enforcement professionals to assess the risk of intended violence toward a specific target such as attacks and

assassinations of public figures workplace homicides mass murders school shootings and acts of terrorism both domestic and foreign Beginning with studies by the U S Secret Service twenty years ago the research and interest in this field has accelerated over the past decade with published scholarship and emerging professional organizations International Handbook of Threat Assessment offers a definition of the foundations of threat assessment systematically explores its fields of practice and provides information and instruction on the best practices of threat assessment The volume is divided into three sections Section I defines the difference between threat assessment and traditional violence risk assessment and discusses threat assessment terminology and practice contemporary understanding of threats warning behaviors concerning targeted violence and the legal basis of threats and targeted violence interventions Section II elaborates on the various domains of threat assessment such as workplace violence public figure attacks school and campus violence insider threats honor based violence computer modeling of violent intent targeted domestic violence anonymous threats and cyberthreats Section III presents the functions of a number of threat assessment individuals and units including the UK Fixated Threat Assessment Centre the LAPD Threat Management Unit Australia s Problem Behaviour Program and the U S Navy Criminal Investigative Service among others This book will serve as the standard reference volume in the field of threat assessment and will be invaluable to mental health and criminal justice professionals who practice threat assessment or are interested in understanding this new field of research Handbook of Juvenile Forensic Psychology and Psychiatry Elena

Grigorenko, 2012-02-18 Juvenile justice centers have a long tradition as an unfortunate stop for young offenders who need mental health care Reports estimate that as many as 70% of the youth in detention centers meet criteria for mental health disorders As juvenile justice systems once again turn their focus from confinement to rehabilitation mental health providers have major opportunities to inform and improve both practice and policy The Handbook of Juvenile Forensic Psychology and Psychiatry explores these opportunities by emphasizing a developmental perspective multifaceted assessment and evidence based practice in working with juvenile offenders This comprehensive volume provides insights at virtually every intersection of mental health practice and juvenile justice covering areas as wide ranging as special populations sentencing issues educational and pharmacological interventions family involvement ethical issues staff training concerns and emerging challenges Together its chapters contain guidelines not only for changing the culture of detention but also preventing detention facilities from being the venue of choice in placing troubled youth Key issues addressed in the Handbook include Developmental risks for delinquency Race and sex disparities in juvenile justice processing Establishing standards of practice in juvenile forensic mental health assessment Serving dually diagnosed youth in the juvenile justice system PTSD among court involved youth Female juvenile offenders Juvenile sex offenders The Handbook of Juvenile Forensic Psychology and Psychiatry is an essential reference for researchers professors allied clinicians and professionals and policy makers across multiple fields including child and school psychology child and adolescent psychiatry developmental psychology criminology
