The Crux of Theology Allen G. Jorgenson, Kristen E. Kvam, 2022-05-20 The title of this book plays upon the central place a theology of the cross holds in Lutheran theologies especially lucid in Luther's Heidelberg Disputation 1518 The 500th anniversary of this document coincided with the 70th anniversary of the Declaration of Human Rights by the United Nations wherein the preamble points to a global aspiration of a common good shaped by freedom justice and peace This book is located at the intersection of these two themes asserting that the cross has material content in being the means by which Christ in suffering solidarity with individuals communities and the cosmos advances freedom justice and peace Employing a variety of methods and exploring a broad range of geographic locales the contributors illumine the misuse of Reformation themes and offer a corrective in service of a common good that is publicly accountable and theologically sound

resistances not me not here not now not relevant not possible to awaken creative pastoral care in a postcolonial world
McGarrah Sharp recommends practices that everyone can do believing in each other revisiting how histories are taught
imagining more passable futures heeding prophetic poets and crossing borders with healthy boundaries **Deconstructing Undecidability** Michael Oliver, 2020-02-06 Advancing current readings of the deconstructive work of Jacques Derrida
Deconstructing Undecidability critically explores the problematic nature of decision including the inherent exclusivity that accompanies any decision In discourses where a pursuit of justice or liberation from systemic oppression is a primary concern Michael Oliver argues for an appreciation of the inescapability of making limited difficult decisions for particular forms of justice Oliver highlights a similarly precarious predicament in the context of philosophical and religious negotiations of divine decision pointing to the impossibility of safely navigating this issue While wholeheartedly affirming the problem of exclusivity that inevitably accompanies decision this book offers a renewed sense of undecidability that highlights a mistaken illusory position of indecision as a reflection of power and privilege Ultimately this book aims to gain a greater appreciation for the complexity of the problem of decision in order to be more rigorous and transparent in our continued engagement with it The Routledge Companion to the Practice of Christian Theology Mike Higton, Jim Fodor, 2015-03-24 This Companion introduces readers to the practice of Christian theology covering what theologians do why they do it and what steps readers can take in order to become theological practitioners themselves The volume aims to capture the variety of practices involved in doing theology highlighting the virtues that guide them and the responsibilities that shape them It also shows that the description of these practices virtues and responsibilities is itself theological what Christian theologians do is shaped by the wider practices and beliefs of Christianity Written by a team of leading theologians the Companion provides a unique resource for students and scholars of theology alike
