Hara Diagnosis Kiiko Matsumoto, Stephen Birch, 1988 Point names the traditional means of identifying acupoints have meanings that are hard to grasp This text promotes understanding of each point s use in acupuncture practice by considering the meaning context and significance of each The 363 points covered are listed according to the system currently in use in China

BodyWork Shiatsu Carl Dubitsky, 1997-05 Explains the art of finger pressure massage

Five Elements and Ten Stems Kiiko Matsumoto, Stephen Birch, 1983 In this essential text the authors explore concepts from the Su Wen Ling Shu and Nan Jing to bring us a view of ideas that flowered in an age rich with Chinese medical history They discuss the philosophical and theoretical development of the five phase system in particular the relationship of five phases to the I Ching Tao Te Ching and other classical Chinese texts then present the correspondences that a practitioner can apply to the problems of diagnosis and treatment The diagnostic section is a complete and practical discussion of technique including pulse body type visual diagnosis and hara or abdominal diagnosis The treatment section describes basic exercises breathing techniques treatment principles and techniques from eminent classical texts Modern treatment protocols are presented in clear easy to use tables It is one of the best sources of technique currently available and it reaches beyond technique to the art of healing

Atlas of Shiatsu Wilfried Rappenecker, Meike Kockrick, 2009-01-01 Atlas of Shiatsu presents clear detailed descriptions of the twelve main meridians used in Shiatsu practice The study of the meridians is a difficult aspect of Shiatsu training and this highly illustrated atlas explains and illustrates their positions within the body The description of each meridian is supported by 15 30 illustrations Clear and detailed descriptions of each of the twelve main meridians used in Shiatsu practice Highly illustrated with 15 30 illustrations supporting the description of each meridian Attractively designed The first atlas of shiatsu

Acupuncture and the Chakra Energy System John R. Cross, 2012-06-05 Acupuncture and the chakra energy system have both become increasingly mainstream in the West but rarely have the two approaches been joined into one practice Acupuncture and the Chakra Energy System Treating the Cause of Disease does just that By comparing the traditional approaches of Chinese medicine and modern Western acupuncture with the chakra energy system of Ayurvedic philosophy author John Cross offers clinically proven strategies for treating the causes of conditions not just the symptoms The book describes the seven major and twenty one minor chakras in detail and explains how each is related to the body s aura meridians Key points endocrine glands autonomic nervous system and varying symptomatology Focusing on how to use the chakras in the treatment of chronic physical and emotional conditions osteo arthritis rheumatoid arthritis low back pain with sciatica insomnia hypertension depression menopausal symptoms and frozen shoulder among others Cross s clear in depth explanations make his techniques easy for anyone to follow Including appendices on how to use the chakras with copper and zinc needles and biomagnets as well as which types of patients respond to such treatments Acupuncture and the Chakra Energy System is a well rounded guide for acupuncturists and other practitioners as well as interested students

Yoga Journal ,1989-01 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty The Book of Shiatsu Paul Lundberg,2009-11-24 With shiatsu a Japanese word meaning finger pressure you can release and stimulate the energy flowing through your body using just your hands and fingers to awaken your body s natural healing modalities The Book of Shiatsu is the authoritative step by step guide to this uniquely effective therapy The techniques offered are simple and can be used to treat a variety of health problems particularly Arthritic conditions Backaches Emotional stress Headaches and migraines Intestinal disorders Menstrual and reproductive problems Muscular pain and tension Here you ll find more than 240 color drawings and photographs in a brand new accessible format demonstrating how to give both whole body and specialized massages diagnose specific conditions and work with the body s energy meridians to promote sustained health and well being

Massage and Aromatherapy Andrew Vickers,Caroline Stevensen,Steve Van Toller,2013-11-11 This book aims to give health professionals a balanced and indepen dent overview of massage and aromatherapy I have written it because despite growing interest there is a dearth of professional literature on this subject This book aims to cover a number of topics which are under represented in existing publications These include scientific research in massage and aromatherapy the use of the therapies in medical settings the knowledge base of massage and aromatherapy professional and managerial issues safety Understanding of these subjects is essential for any reasoned evalu ation of massage and aromatherapy Yet this book is probably the first to provide information suitable for this task At the current time of writing almost all books on massage and aroma therapy have been written with the lay public in mind The texts recommended to students and practitioners by the foremost schools and institutions are exactly the same as those available in health food shops as general introductions for prospective patients Not surprisingly such books generally fail to include in depth discussions of professional issues
