On Fantasy Worlds language English abstract This extract from the last book of the Harry Potter series shows a glimpse into a world which at the beginning seemed inviting and welcoming J K Rowling s series of Harry Potter seems centred on the question about Good vs Evil It appears as if the lines between Good and Evil are clearly divided However with the story carrying on a society is created which is plagued by prejudices and the discrimination of certain ethnic groups In the course of the story the boundaries of Good and Evil expand and the core of the storyline is revealed The fight against racism At a deeper look it can be seen that the underlying principles guiding the Good and the Evil are fundamentally rooted in issues of race and heritage By addressing the issue of racism within the fantasy world of magic it can be argued that Rowling creates a parallel to the real world and its historical context Through the choice of a fictional universe for the Harry Potter series Rowling was able to explore the complex and sensitive issue of racism in a way that was approachable for everyone Harry Potter and the Chamber of Secrets is the first book whose story line is based on the racist ideology of blood supremacy Expressions such as Mudblood are introduced and the reader receives a general overview over the importance of blood status in the world of magic Even though magical and mythical creatures and people coexist it is possible to draw parallels to real world issues The Harry Potter series can serve as a mirror reflecting the problem of racism in society But how is real world racism depicted in the book Harry Potter and the Chamber of Secrets And is the depiction successful Due to the scope of the work only human characters will be focused on and racism towards house elves and other magical creatures will be excluded Overcoming Tonny Rutakirwa,2020-02-13 This is the tenth book in the Awaken Series by Tonny Rutakirwa that shows you how the greatest men of all time overcame adversity *Harry Potter and the Cedarville Censors* Brian Meadors,2019-02-28 In 2002 the Cedarville School Board in Crawford County Arkansas ordered the removal of J K Rowling s Harry Potter books from library shelves holding that witchcraft or sorcery should not be available for study The Board picked some formidable adversaries School librarian Estella Roberts standing on policy had the books reviewed and unanimously approved by a committee of teachers and administrators that included a child and a parent Not satisfied with the Board s half measure permitting access to the books with parental approval 4th grader Dakota Counts and her father Bill Counts sued the school district in Federal court drawing on the precedent *Pico v Island Trees* to reaffirm that Constitutional rights apply to school libraries Written by the lawyer who prosecuted the case this book details the origins of the book ban and the civil procedures and legal arguments that restored the First Amendment in Cedarville Heritage Rare Books Auction #6025 ,
