¹² To address the issue, we estimated the model for each country separately. The results are available from the author upon request.

As noted earlier, the 1990s witnessed a dramatic increase in the number of U.S. firms operating in foreign markets. This growth was driven by a combination of factors, including technological advances, globalization, and the need for firms to diversify their operations. The following table provides a summary of the key factors contributing to this growth:
