Zulu, 2020-12-29 This book is about short stories and essays which talk about the social impact of Covid 19 and hard lockdown restrictions in South Africa In iZulu the short stories and essays found in this book introduce us to the evolving and living conditions that people live in during the lockdown The themes addressed in this book show the ways in which South Africans were affected due to the deplorable social conditions under the strict rules of the lockdown The major themes addressed in this book include among others the challenges faced by the teachers and learners in schools having to adopt to the new modes of teaching and learning online teaching and the issue of government disregarding the cultures customs beliefs and traditions of Black people during the lockdown The life experienced by the poor Black people is revealed in such a way that each writer writes about the background of the story built under this time of social crisis of the lockdown Each author created his own place where the events took place in the story he invented and thereafter re created the characters showing how they got along because of the situation of social pressure      Gender Research in Africa Vivian Ojong, R. Sooryamoorthy, 2025-09-30 This book considers how methodologies theories and analytical frameworks from gender studies can be applied to African societies cultural social and historical contexts The book advocates for the importance of feminist research practices which highlight women and their lived experiences within a gendered world in Africa Gender studies has grown in prominence over recent decades rooted in an awareness that gender is no longer just an issue in the margins but core to the analysis of the interaction of power identity and social relations in the world This book considers how the field can evolve further in a postcolonial context integrating indigenous and local knowledge systems and practices Covering how gender is contested in African settings the book outlines how researchers can approach the ways in which social and racial categories class ethnicity and socioeconomic status intersect to produce gender based violence Overall this book shows how gender sensitive methodologies can help researchers to gain deeper insights into discrimination inequalities and gender based violence and thus contribute to better adapted social and legal reforms      **Izinto Zimane Ukwenzeka** siyabonga jetro ndwandwe, 2015-01-26 UNomalanga intokazi ekhulele emakhaya inephupho lokuba ngumhlengikazi Uyithemba labazali bakhe kepha ukufika kukaQhubu isoka lamanyala empilweni yakhe kuyamazamazamisa UGcinile uzithola ethandana naye esengasekho efundela esikoleni usisi wakhe Ezomuzi zinzima njengoba uMaNxumalo kanye noSithole isiphenduke impaka nekati ebaleni Impilo yasedolobheni iyaheha ayifani neyasemakhaya UThobani emva kokuba igandayiwe inhliziyo kaNomalanga uyayithoba iphinde ivuseleleke ekuthanden futhi      *Elikabani Leli Phutha?* SA Ntombela, 2019-07-04 He having witnessed many shocking incidents while working at different institutions with different people the author indirectly discloses some of the incidents that are planned and executed by enemies of education For example it is not a myth that teachers do indirectly and directly fight for senior positions Owing to these conflicts some die while casualties remain with

big scars for the rest of their lives This drama is very important to teachers who are facing similar trials at their schools It alerts future principals about certain challenges awaiting them Student teachers at universities have an opportunity of knowing more about the career path they have chosen so that they prepare for the worse in the future Parents have an opportunity of knowing more about challenges facing children teachers principals district officials and other stake holders Even armchair critics will understand the situation better when they see GG cars moving to and from schools on daily basis
