Lost at Sea Bryan Lee O'Malley, 2014-01-22 Raleigh doesn't have a soul. A cat stole it. At least that's what she tells people. At least that's what she would tell people if she told people anything. But that would mean talking to people and the mere thought of social interaction is terrifying. How did such a shy teenage girl end up in a car with three of her hooligan classmates on a cross country road trip? Being forced to interact with kids her own age is a new and alarming proposition for Raleigh, but maybe it's just what she needs or maybe it can help her find what she needs or maybe it can help her to realize that what she needs has been with her all along. This special hardcover edition of Bryan Lee O'Malley's classic coming-of-age graphic novel includes previously uncollected shorts and extra bonus material. **Lost at Sea** Bryan Lee O'Malley, 2012-07-24 Raleigh doesn't have a soul. Transnational Perspectives on Graphic Narratives Daniel Stein, Shane Denson, Christina Meyer, 2013-03-28 This book brings together an international group of scholars who chart and analyze the ways in which comic book history and new forms of graphic narrative have negotiated the aesthetic, social, political, economic, and cultural interactions that reach across national borders in an increasingly interconnected and globalizing world. Exploring the tendencies of graphic narratives from popular comic book serials and graphic novels to manga to cross national and cultural boundaries, *Transnational Perspectives on Graphic Narratives* addresses a previously marginalized area in comics studies. By placing graphic narratives in the global flow of cultural production and reception, the book investigates controversial representations of transnational politics, examines transnational adaptations of superhero characters, and maps many of the translations and transformations that have come to shape contemporary comics culture on a global scale. *A Boy and a Girl* Jamie S. Rich, 2013-12-11 Travis and Charley have just met. It's Charley's last night in town and Travis can't let her leave without getting her to go on a date. In a future where real people are rapidly being supplanted by lifelike androids, sometimes one shot is all you get. Intelligence may be artificial, but the emotion is real. In a futuristic romance from the writer of *12 Reasons Why I Love Her* and the cartoonist behind *Between Gears*.

Girls and Their Comics Jacqueline Danziger-Russell, 2013 In America, comics and comic books have often been associated with adolescent male fantasy: muscle-bound superheroes and scantily clad women. The Road Story and the Rebel, This cultural history reveals the unique qualities of road stories and follows the evolution from the Beats' postwar literary adventures to today's postmodern reality television shows. Tracing the road story as it moves to both LeRoi Jones's critique of the Beats' romanticization of blacks as well as to the mainstream in the 1960s with CBS's *Route 66*, Mills also documents the rebel subcultures of novelist Ken Kesey and the Merry Pranksters who used film and LSD as inspiration on a cross-country bus trip and she examines the sexualization of male mobility and biker mythology in the films *Scorpio Rising*, *The Wild Angels* and *Easy Rider*. Mills addresses how the filmmakers of the 1970s, Coppola, Scorsese and Bogdanovich flourished in New Hollywood with road films that reflected mainstream audiences and how feminists Joan Didion and Betty Friedan subsequently critiqued them. A new generation of women and minority storytellers gain clout and bring genre remapping to the national consciousness. Mills explains as the road story evolves from such novels as *Song of Solomon* to films like *Thelma and Louise* and television's *Road Rules*.
