*The London that was Rome* is both a detective story and a tale of buried treasure Some years ago Michael Harrison set out to discover the truth about Roman London Did it survive the Saxon onslaught in the fifth century or as many historians have claimed did it lie sacked ruined and abandoned for about a century and a half Searching for an answer Harrison forged himself a new truth detecting method of discovery but even he could not anticipate the immense success of this method With New Archaeology he has not only recovered the street plan of Roman London but also replaced the buildings temples barracks banks baths picture galleries treasuries and so on which lined those streets In many cases he has been able to name the streets and at the same time vividly describe for us the social and economic life of a London which under the Caesars ranked among the principal cities of the Empire This book is an interesting read for students of archaeology history and for general readers interested to know about London      *Carnival of the Lost* Kieran Larwood, 2022-02-01 A wonderfully murky carnivalesque world of intrigue unexpected friendships and mysteries solved Sheba the wolf girl joins an unusual troupe of performers that includes Pyewacket a witch s imp Gigantus the giant and Sister Moon a knife thrower For the first time in her life she feels she might make true friends and learn a real stage craft But soon that s not all she has to think about Children are being sucked into the Thames and there have been strange sightings of a mechanical monster The carnival troupe know first hand that looks only tell half a story they become determined to find these forgotten children Perhaps they will unravel the mystery that has defied even the law Illustrated with black and white artwork from superstar illustrator Sam
