Many leaders are surprised to discover that their anointing and giftings alone were not enough to prevent their downfall Why did they fail in the end Because they lacked the one quality that would have protected their leadership and given them enduring influence and steadfastness without failing when God puts their character to the test The qualities of personal growth character building and sustaining success are seldom taught to leaders today You cannot win without opposition and you need adversity to overcome Your God given purpose is not a church cliché You must be willing to go through the fire to be purified and ready for the Master's use God allowed me to go through my ex Bishop who had demonic narcissist Jezebel behavior that almost cost me my life I was determined not to waste my personal pain God let me live so that I could inspire and empower you to get delivered from leaders who are suffering from spiritual diseases and are refusing to take responsibility for their actions Bishops Pastors need to take a deeper look at the first twelve years of their life and see the men in the mirror of God's Word who are hurting and need healing You must heal yourself then know yourself then grow yourself and then grow others This book will help you find true meaning and fulfillment of who God created you to become It will guide you in the discovery of greater self awareness It will catapult you to a new level of personal growth authenticity and fulfillment I pray that my mentorship through this book will inspire the hearts and minds of leaders to do what is right in their churches and organization and become more of an inspirational leader and mentor to your mentees I am passionately committed to helping leaders and women to develop their character and leadership influence in their communities Leadership should not be given to people who have not yet been tested and tried Always remember that your gift is different from your bondage so leaders need to work more on their inner life to preserve their leadership influence so that it is effective productive and fruitful in society God has chosen and anointed me to become a part of the solution instead of the problem I was determined not to waste my personal pain God let me live so I could inspire and empower leaders to live life to the fullest The guidance in this book will catapult you to a whole new level to becoming an influential leader
