rape reclaim their autonomy by refusing to see themselves as defined entirely by the act of violation Oza also shows how rape cases become arenas where bureaucrats village council members caste communities and the police debate women s sexual subjectivities and how those varied understandings impact the status and reputations of individuals and groups In this way rape gains meaning beyond the level of the survivor and victim to create a social category By tracing the shifting meanings of sexual violence and justice Oza offers insights into the social significance of rape in India and beyond **My Turn** Doug
