sober scholastic like St Thomas Aquinas had little place for the idea Yet in this groundbreaking study sure to refine our understanding of the Angelic Doctor Peter Kwasniewski shows that St Thomas contemplates the nature of ecstasy at key stages in the development of his thought and that it plays a crucial role in his doctrine of love After a stimulating study of treatments of ecstasy in ancient philosophy Sacred Scripture and the medieval tradition prior to Aquinas Kwasniewski finds that he can be seen as breathing new life into the concept While his contemporary St Bonaventure for example tended to restrict ecstasy to the soul's union with God St Thomas admitted the place of ecstasy in a variety of human activities Furthermore St Thomas recognized that all love involves ecstatic transcendence whether it be the creature's self-oblation to the Creator the reverence of an inferior for a superior a superior's generosity toward an inferior or the mutual affection and help of equals joined in friendship Love of persons for their own sake generates an ecstatic love in which the self is borne as a gift to another subject by sharing a common life aspiring to common goods Kwasniewski also examines Aquinas on the question of whether or not God experiences ecstasy and if so in what ways *The Ecstasy of Love in the Thought of Thomas Aquinas* makes a significant contribution to our understanding of the doctrine of love and to the interpretation of the thought of St Thomas Aquinas It is more than an analysis of key texts it is an illuminating guide to the grammar of ecstasy

Gendering Modern Jewish Thought Andrea Dara Cooper, 2021-11-02 The idea of brotherhood has been an important philosophical concept for understanding community equality and justice In *Gendering Modern Jewish Thought* Andrea Dara Cooper offers a gendered reading that challenges the key figures of the all-male fraternity of twentieth-century Jewish philosophy to open up to the feminine Cooper offers a feminist lens which when applied to thinkers such as Franz Rosenzweig and Emmanuel Levinas reveals new ways of illuminating questions of relational ethics embodiment politics and positionality She shows that patriarchal kinship as models of erotic love brotherhood and paternity are not accidental in Jewish philosophy but serve as norms that have excluded women and non-normative individuals *Gendering Modern Jewish Thought* suggests these fraternal models do real damage and must be brought to account in more broadly humanistic frameworks For Cooper a more responsible and ethical reading of Jewish philosophy comes forward when it is opened to the voices of mothers sisters and daughters

Imagining the Woman Reader in the Age of Dante Elena

Lombardi, 2018-05-11 *Imagining the Woman Reader in the Age of Dante* brings to light a new character in medieval literature that of the woman reader and interlocutor. It does so by establishing a dialogue between literary studies, gender studies, the history of literacy and the material culture of the book in medieval times. From Guittone d'Arezzo's piercing critic the villainous woman to the mysterious Lady who bids Guido Cavalcanti to write his grand philosophical song to Dante's female co-editors in the *Vita Nova* and his great characters of female readers such as Francesca and Beatrice in the *Comedy*, all the way to Boccaccio's overtly female audience, this particular interlocutor appears to be central to the construct of textuality and the construction of literary authority. This volume explores the figure of the woman reader by contextualizing her within the history of female literacy, the material culture of the book and the ways in which writers and poets of earlier traditions imagined her. It argues that these figures are not mere veneers between a male author and a real male readership but that, although fictional, they bring several advantages to their vernacular authors such as orality, the mother tongue, the recollection of the delights of early education, literacy, freedom in interpretation, absence of teleology, the beauties of ornamentation and amplification, a reduced preoccupation with the fixity of the text, the pleasure of making mistakes, dialogue with the other, the extension of desire, original simplicity and new and more flexible forms of authority. Sufi Bodies

Shahzad Bashir, 2013-09-01 Bashir weaves a rich history of Sufi Islam around the depiction of bodily actions in Sufi literature and miniature paintings produced circa 1300-1500 CE. Focusing on the Persianate societies of Iran and Central Asia, he explores medieval Sufis' conception of the human body as the primary shuttle between interior *batin* and exterior *zahir* realities, with particular attention to three arenas: religious activity in the form of rituals, rules of etiquette, asceticism, and a universal hierarchy of saints; the deep imprint of Persian poetic paradigms on the articulation of love, desire, and gender; and the reputation of Sufi masters for working miracles, which empowered them in all domains of social activity. Bashir ultimately offers a new methodology for extracting historical information from religious narratives. Cover p. 4

Love and Poetry in the Middle East Atef Alshaer, 2021-12-30 Love has been an important trope in the literature of the region we now call the Middle East from ancient times to modern. This book analyses love poetry in various ancient and contemporary languages of the Middle East, including Akkadian, ancient Egyptian, Classical and Modern Standard Arabic, Persian, Hebrew, Turkish, and Kurdish, including literary materials that have been discovered and highlighted for the first time. Together, the chapters reflect and explore the discursive evolution of the theme of love and the sensibilities, styles, and techniques used to convey it. They chart the way in which poems in ancient poetry give way to complex and varied reflections of human sentiments in the medieval languages and on to the modern period, which in turn reflects the complexities and nuances of present times. Offering a snapshot of the diverse literary languages and their relationship to the theme of love, the book will be of interest to scholars of Near and Middle Eastern Literature and Culture.
