Housewife Harlot Female Designs 3:

Modernity and Nostalgia Romy Golan, 1995-01-01 Golan argues that reactionary issues such as anti urbanism the return to the soil regionalism corporatism xenophobia and doubts about the new technology became central to cultural and art historical discourse Focusing on the overlap of avant garde and middle of the road production she investigates the import of these issues not only in painting sculpture and architecture concentrating on the work of Leger Picasso Le Corbusier Ozenfant Derain the Surrealists and the so called naifs but also in the decorative arts in the spectacle of world and colonial fairs and in literature Throughout she finds evidence that artists turned from the aesthetics of the machine age toward a more organic naturalistic art This leads her to ask whether the famous and momentous shift of the avant garde from Paris to New York in 1939 did not in fact begin two decades earlier in 1918

Evil by Design Elizabeth Kolbinger Menon, 2006 Evil by Design documents the search for the origins of the iconic femme fatale This text uses popular sources to make the critical link between the femme fatale and the rise of feminism

Part-Architecture Emma Cheatle, 2017-07-20 Part Architecture presents a detailed and original study of Pierre Chareau's Maison de Verre through another seminal modernist artwork Marcel Duchamp's Large Glass Aligning the two works materially historically and conceptually the book challenges the accepted architectural descriptions of the Maison de Verre makes original spatial and social accounts of its inhabitation in 1930s Paris and presents new architectural readings of the Large Glass Through a rich analysis which incorporates creative projects into history and theory research the book establishes new ways of writing about architecture Designed for politically progressive gynaecologist Dr Jean Dalsace and his avant garde wife Annie Dalsace the Maison de Verre combines a family home with a gynaecology clinic into a free plan layout Screened only by glass walls the presence of the clinic in the home suggests an untold dialogue on 1930s sexuality The text explores the Maison de Verre through another radical glass construction the Large Glass where Duchamp's complex depiction of unconsummated sexual relations across the glass planes reveals his resistance to the marital conventions of 1920s Paris This and other analyses of the Large Glass are used as a framework to examine the Maison de Verre as a register of the changing history of women's domestic and maternal choices reclaiming the building as a piece of female social architectural history The process used to uncover and write the accounts in the book is termed part architecture Derived from psychoanalytic theory part architecture fuses analytical descriptive and creative processes to produce a unique social and architectural critique Identifying three essential materials to the Large Glass the book has three main chapters Glass Dust and Air Combining theory text creative writing and drawing each traces the history and meaning of the material and its contribution to the spaces and sexuality of the Large Glass and the Maison de Verre As a whole the book contributes important and unique spatial readings to existing scholarship and expands definitions of architectural design and history

British Books in Print ,1986 *Marcel Duchamp and Max Ernst* David Hopkins,1998 David Hopkins analyses the extensive network of shared concerns and images in the work of Marcel Duchamp and Max Ernst the greatest names associated with Dada and Surrealist art This book covers a broad period from c 1912 to the mid 1940s during which the emergence of Dada and Surrealism in Europe and the United States challenged earlier movements such as Cubism and Expressionism creating scope for the expression of the unconscious fears and desires of artists acutely sensitive to the troubled nature of their times Examining Duchamp s and Ernst s subversion and manipulation of religious and hermetic beliefs such as Catholicism Rosicrucianism and Masonry David Hopkins demonstrates the ways in which these esoteric concerns intersect with themes of peculiarly contemporary relevance including the social construction of gender and notions of ordering and taxonomy This detailed comparison of components of Duchamp s and Ernst s work reveals fascinating structural patterns enabling the reader to discover an entirely new way of understanding the mechanisms underlying Dada and Surrealist iconography

Édouard Vuillard, the Nabis, and the Politics of Domesticity Francesca Berry, 2024-12-12 This ground breaking book is the first to address the feminine and feminist politics of Intimiste art a modernist mode of art making developed in the 1890s by douard Vuillard while associated with the Nabi brotherhood Coined by contemporary critics intimisme encapsulated the shared approach of these artists to depicting intimate settings and themes Vuillard's paintings which are typically small employ bold pigments and economic brushstrokes to depict female figures in tightly composed apartment interiors Those portrayed include his mother and sister just as wives and lovers dominate the art of other Nabis including Maurice Denis and Pierre Bonnard Francesca Berry comparatively analyses the gender politics of Nabi art to reveal real differences Through skilled visual interpretation she argues that Vuillard attempted a profound engagement with the material conditions of feminine domesticity in cooperation with his first and most sustained audience women He did so the author reveals in artworks that explore a complex range of feminine experiences such as sexual initiation stillbirth illicit work and unceasing housework The personal gender politics of Intimiste practice also are foregrounded Vuillard's studio bedroom afforded him access to quotidian femininity But at what risks to his sister's privacy and to his mother's subjectivity Making an artistic project of feminine domesticity also meant entering the field of politics The 1890s was the decade of state legislation and feminist demands with respect to work in the home and women's familial rights Personal in motif and Symbolist in form Berry's extensive historical research reveals these artworks also to have been social and political sometimes even feminist in meaning Transcending the structural repression of domesticity in histories of modernist art this book powerfully overturns residual myths of aesthetic introspection and social retreat that for too long have been attached to Nabi Symbolism
