Storybook Worlds Made Real Kathy Merlock Jackson, Mark I. West, 2022-04-22 Memorable children's narratives immerse readers in imaginary worlds that bring them into the story. Some of these places have been constructed in the real world like Pinocchio's Tuscany or Anne of Green Gables Prince Edward Island where visitors relive their favorite childhood tales. Theme parks like Walt Disney World and Harry Potter World use technology to engineer enchanting environments that reconnect visitors with beloved fictional settings and characters in new ways. This collection of new essays explores the imagined places we loved as kids with a focus on the meaning of setting and its power to shape the way we view the world. **Virginity on**

Screen Caroline Madden, 2024-09-06 Virginity a major adolescent rite of passage has been explored in the coming of age film genre for many decades. This book examines the evolution of teen movies over the past 40 years posing crucial questions about how film shapes our cultural understanding of virginity. By surveying more than 30 mainstream and independent coming of age films from the 1980s to the present it considers what types of first time sexual experiences are represented on screen how they are different for men and women and whether they are subverting or reinforcing gender stereotypes. Drawing from notable teen movies such as *Dirty Dancing* 1987 *American Pie* 1999 *Real Women Have Curves* 2002 *Lady Bird* 2017 and *Plan B* 2021 the book identifies a progressive shift toward more sex positive and feminist representations of first time sexual experiences on screen. Each chapter studies how the political climate sex education policies and cultural norms specific to each era impact the film's release and its teenage audience. **Celebrating Ohio** Jane Kurtz, 2015 Join Mr Geo

He will also explore museums cheer on sports teams and more. **Save Me** Lisa Scottoline, 2011-04-12 From the New York Times bestselling author of *Think Twice* and *Look Again* comes an emotionally powerful novel about a split second choice agonizing consequences and the need for justice. Rose McKenna volunteers as a lunch mom in her daughter Melly's school in order to keep an eye on Amanda a mean girl who's been bullying her daughter. Her fears come true when the bullying begins sending Melly to the bathroom in tears. Just as Rose is about to follow after her daughter a massive explosion goes off in the kitchen sending the room into chaos. Rose finds herself faced with the horrifying decision of whether or not to run to the bathroom to rescue her daughter or usher Amanda to safety. She believes she has accomplished both only to discover that Amanda for an unknown reason ran back into the school once out of Rose's sight. In an instance Rose goes from hero to villain as the small community blames Amanda's injuries on her. In the days that follow Rose's life starts to fall to pieces. Amanda's mother decides to sue her marriage is put to the test and worse when her daughter returns to school the bullying only intensifies. Rose must take matters into her own hands and get down to the truth of what really happened that fateful day in order to save herself her marriage and her family.
