Las reinas de Polanco Guadalupe Loaeza, 1988      **Ambivalence, Modernity, Power** Nuala Finnegan, 2007 By incorporating a variety of critical approaches within a feminist framework the author here argues that Mexican women writers participate in a crucial project of unsettling dominant discourses as they strive for new ways of capturing the ambivalent position of the Mexican women in their texts      The Shattered Mirror María Elena de Valdés, 2010-07-05 Popular images of women in Mexico conveyed through literature and more recently film and television were long restricted to either the stereotypically submissive wife and mother or the demonized fallen woman But new representations of women and their roles in Mexican society have shattered the ideological mirrors that reflected these images This book explores this major change in the literary representation of women in Mexico Mar a Elena de Vald s enters into a selective and hard hitting examination of literary representation in its social context and a contestatory engagement of both the literary text and its place in the social reality of Mexico Some of the topics she considers are Carlos Fuentes and the subversion of the social codes for women the poetic ties between Sor Juana In s de la Cruz and Octavio Paz questions of female identity in the writings of Rosario Castellanos Luisa Josefina Hern ndez Mar a Luisa Puga and Elena Poniatowska the Chicana writing of Sandra Cisneros and the postmodern celebration without reprobation of being a woman in Laura Esquivel s Like Water for Chocolate      **Formes brèves de l'expression culturelle en Amérique latine de 1850 à nos jours** Centre de recherches interuniversitaire sur les champs culturels en Amérique latine, 1997      **Mexico City in Contemporary Mexican Cinema** David William Foster, 2010-06-28 Just as Mexican national life has come to center on the sprawling dynamic almost indefinable metropolis of Mexico City so recent Mexican cinema has focused on the city not merely as a setting for films but almost as a protagonist in its own right whose conditions both create meaning for and receive meaning from the human lives lived in its midst Through close readings of fourteen recent critically acclaimed films this book watches Mexican cinema in this process of producing cultural meaning through its creation enaction and interpretation of the idea of Mexico City David William Foster analyzes how Mexican filmmakers have used Mexico City as a vehicle for exploring such issues as crime living space street life youth culture political and police corruption safety hazards gender roles and ethnic and social identities The book is divided into three sections Politics of the City examines the films Rojo amanecer Novia que te vea Frida naturaleza viva and Sexo pudor y l grimas Human Geographies looks at El Callej n de los Milagros Mec nica nacional El castillo de la pureza Todo el poder and Lolo Mapping Gender discusses Danz n De noche vienes Esmeralda La tarea Lola and Entre Pancho Villa y una mujer desnuda      **Pop Culture Latin America!** Lisa Shaw, Stephanie Dennison, 2005-01-14 A survey of contemporary Latin American popular culture covering topics that range from music and film to popular festivals and fashion Like no other volume of its kind Pop Culture Latin America captures the breadth and vitality of pop culture in Central and South America and the Caribbean exploring both familiar and lesser known aspects of its unique melange of art

**Mexican Watchdogs** Andrew Paxman,2025-10-28 In the first narrative history of Mexico s contemporary press Andrew Paxman recounts the evolution of print media between the 1980s and the present From showing widespread subservience toward authority to playing a watchdog role as the country democratized Mexico s media underwent drastic changes in its roles and functions Paxman also traces how the media responded to outright state hostility and major threats to its existence including a war on drugs that made Mexico the riskiest country for reporters outside a combat zone a decline in revenue as readers and advertisers migrated to the internet and a partial return to government cooptation Based on interviews with 180 current and former journalists and extensive research in newspaper libraries Mexican Watchdogs interweaves critical analysis with the stories of key reporters editors and publishers as well as the trajectories of Mexico s leading print and online media

Politics, Gender, and the Mexican Novel, 1968-1988 Cynthia Steele,2010-07-05 The student massacre at Tlatelolco in Mexico City on October 2 1968 marked the beginning of an era of rapid social change in Mexico In this illuminating study Cynthia Steele explores how the writers of the next two decades responded to the massacre and to the social crisis it signaled in terms of political change and gender identity

México En un mundo que política y culturalmente aún dominan por mucho los varones la escritura femenina sigue siendo un espacio contestatario incomprendido y sobre todo necesario En este contexto Sara Sefchovich rompe con las ideas fijas sobre la literatura escrita por mujeres y confronta los postulados comunes acerca de este conjunto de plumas Autoras tan diversas como sor Juana Inés de la Cruz, Duras, Poniatowska o Sexton se reúnen en estas páginas en las que se combina la política la erudición y el más puro placer de divulgar el conocimiento y la discusión La vitalidad e importancia de la literatura escrita por mujeres es cada vez más innegable y esta obra es un vigoroso y dinámico testimonio al respecto **Las formas de nuestras voces** Claire Joysmith, 1995 *Vida y milagros de la crónica en México* Sara Sefchovich, 2017-10-15 La idea central de este libro no es menos contundente que política la crónica es lo mejor de la literatura mexicana Sara Sefchovich encuentra en la crónica la clave para entender nuestra visión del país y de nosotros mismos y su expresión cultural De acuerdo con la autora la narrativa la poesía y el ensayo funcionaron como crónicas a lo largo de la historia de México y ni el cine ni la música ni la fotografía o la pintura misma se alejan de esta vocación por la inmediatez por el relato a la vez fiel e inventado de la realidad por la problemática reflexión sobre el yo de quien crónica por la creación de obras que sean a la vez retratos espejos y cajas de resonancia Al recorrido histórico por el género desde el Popol Vuh y Hernán Cortés hasta los autores de hoy se agrega la lectura crítica a veces cómplice a veces mordaz pero siempre profunda e informada de Sefchovich La invitación es clara reestructurar nuestra idea de la literatura mexicana con la lectura de sus cronistas más notables **The Boom Femenino in Mexico** Nuala Finnegan, Jane E. Lavery, 2010-04-16 The Boom Femenino in Mexico Reading Contemporary Women's Writing is a collection of essays that focuses on literary production by women in Mexico over the last three decades In its exploration of the boom femenino phenomenon the book traces the history of the earlier boom in Latin American culture and investigates the implications of the use of the same term in the context of contemporary women's writing from Mexico In this way it engages critically with the cultural historical and literary significance of the term illuminating the concept for a wide range of readers It is clear that the entry of so many women writers into an arena traditionally reserved for men has prompted discussion around concepts such as women's writing and the very definition of literature itself Many of the contributors grapple with the theoretical tensions that such debates provoke offering an important opportunity to think critically about the texts produced during this period and the ways in which they have impacted on the Mexican and international cultural spheres The project is comprehensive in its scope and for the first time brings together scholars from Mexico the U S and Europe in a transnational forum The book posits that despite certain aesthetic and thematic commonalities the increased output by women writers in Mexico cannot be appraised as a unified literary movement Instead it embraces a wide range of different generic forms and the subjects under study in the essays in the book include the best selling work of Angeles Mastretta Elena Poniatowska and Laura Esquivel as well as the social and political preoccupations of journalists Rosanna Reguillo and Cristina Pacheco Contributors offer readings of the aesthetic visions of writers as diverse as

Carmen Boullosa Ana Garc a Bergua and Eve Gil while other essays examine the nuances of contemporary gender identity in the work of Ana Clavel Sabina Berman Brianda Domecq and Mar a Luisa Puga There are essays devoted to poetry by indigenous Mayan women and an analysis of the complex place of poetry within the broader framework of literary production The problems that emerge as a result of literary cataloguing based on gender politics are also considered at length in a number of essays that take a panoramic view of literary production over the period Various critical approaches are employed throughout and the collection as a whole demonstrates that academic interest in Mexican women s writing of the boom femenino is thriving Above all the essays here provide a space in which the location of women within prevailing cultural paradigms in Mexico and their role in the mapping of power in evolving textual canons may be interrogated It is clear from the collection that interest in such issues is still alive and that the debate is far from over Temas del comercio y la economía en la narrativa hispana Carlos Mateo Coria-Sánchez, Germán Torres, 2008-01-01 Through a study of literature the social and cultural issues that help form the identity of a people can be revealed and examined The ten essays in *Temas del comercio y la economía en la narrativa hispana* investigate the relation between the Hispanic narrative and the economic and commercial concerns of Spanish speaking peoples around the world from a variety of historical periods Balancing a study of writers perspectives on current economic conditions with a look at literary versions of economic events this anthology provides a window into Hispanic culture for both the student of Hispanic literature and the student of business in the Spanish speaking markets The essays in *Temas del comercio y la economía en la narrativa hispana* embrace an interdisciplinary approach and address topics as diverse as the attitude toward businessmen and the accumulation of wealth the popular reaction against foreign investment the role of women in a commercial context the plight of Latino immigrants in the United States and the social distortions created by rampant consumerism Readers interested in Hispanic literature or international business will find useful tools accompanying each essay including questions for comprehension themes for discussion post reading exercises extensive bibliographies for further study web addresses for organizations in the Spanish speaking world *Temas del comercio y la economía en la narrativa hispana* will provide students in a wide range of disciplines with interesting new and perhaps unexpected perspectives on the subject of business and economic activity in Hispanic cultures *The Mexico City Reader* Ruben Gallo, 2009-09-29 Mexico City is one of Latin America s cultural capitals and one of the most vibrant urban spaces in the world The *Mexico City Reader* is an anthology of *Cronicas* short hybrid texts that are part literary essay part urban reportage about life in the capital This is not the City of Palaces of yesteryear but the vibrant chaotic anarchic urban space of the 1980s and 1990s the city of garbage mafias necrophiliac artists and kitschy millionaires Like the visitor wandering through the city streets the reader will be constantly surprised by the visions encountered in this mosaic of writings a textual space brimming with life and crowded with flirts flirtatious students Indian dancers food vendors fortune tellers political activists and peasant protesters The essays included in this anthology were written by a panoply of

writers from well known authors like Carlos Monsivís and Jorge Ibagüen to younger figures like Fabrizio Mejía Madrid and Juieta García González all of whom are experienced practitioners of the city. The texts collected in this anthology are among the most striking examples of this concomitant theory and practice of Mexico City that most delirious of megalopolises. An exciting literary journey.
