

A sepia-toned photograph of a large, weathered stone cross standing on a rocky, elevated hill. The cross is the central focus, with its base partially obscured by the rough terrain. The sky above is filled with soft, textured clouds. The overall mood is somber and historical.

Spanish Civil War and Its Memory, The Molly Goodkind, Marcella Hayes and Amanda Mitchell, 2015-10-26 The CASB Occasional Papers is intended as a platform for the dissemination of research focused on Spanish topics carried out by young American university students Many students come to Spain to complete their academic studies discover the complexity of the local society and its history and as a consequence some of them address their academic interest in Hispanic issues in writing In this sense CASB Occasional Papers aims to contribute to the evolution of a new generation of Hispanistas from different fields and backgrounds in the very early steps of their academic careers and at the same time offer the results of their junior research to broader and non specialized audiences Within a context of decreasing interest in humanities and social studies this publication is an effort to promote and encourage research in fields centered around the perspective of outsiders the Transatlantic point of view and an interdisciplinary approach to wide ranging themes The three papers included here examine several aspects of the Spanish Civil War and its consequences Molly Goodkind analyzes four important radical American women Mary Low Lois Orr Martha Gellhorn and Josephine Herbst who participated in the war Marcella Hayes examines the role of seven anarchist maquis during the Francoist dictatorship in Barcelona and Amanda Mitchell studies the relevant recent debates on history and memory as a result of the Ley de la Memoria Hist rica 2007 **The Rise and Fall of the Communist Revolution** Warren Hasty Carroll, 1995 This magisterial study of international Communism presents the whole mighty drama of global socialism and Marxism from its pre Bolshevik origins through the establishment of a Communist empire over one third the world population to the shattering defeat of the Soviet state in 1991 A landmark work of history exhaustively documented and narrated in a compelling style *Spanish Carlism and Polish Nationalism* Marek Jan Chodakiewicz, John Radzilowski, While both Spain and Poland developed genteel cultures grounded in Catholic religion and experienced periods of growth followed by long decline it is also the case that large differences in political economy and military structures also existed Thus while Spain merely declined in power Poland was partitioned by three powerful and rapacious neighbors The Catholic and conservative elements that have been strong in both Poland and Spain have often been portrayed as obscure nativist and racist and even fascist The purpose of this volume is to move beyond the simplistic vision this created about both countries into a more balanced and careful appraisal of tradition and development Puncturing this stereotype Eugene Genovese wryly notes that as every schoolboy knows Europe s Catholic Right has consisted of reactionaries who began in the service of residual feudal landowners and ended in support of big capital s exploitation and oppression of the masses Still the totalitarian horrors of the twentieth century proved prescient the warnings of the Catholic

traditionalist Right about the consequences of radical democracy and cultural nihilism These splendid essays as readable as they are scholarly launch a long overdue assessment of vital political events Ewa Thompson professor of Slavic Studies at Rice University writes The fall of Communism facilitated growth of research in areas previously difficult to access One such area is Polish interest in Spain the history of the Catholic Right in Europe This pioneering volume explores both narratives and succeeds in showing that they are related The similarities have to do with the symmetrical positions of Poland and Spain as frontiers of Europe against invasions from Islam The present collection of papers explores recent history developing against this background

The Last Crusade Warren Hasty Carroll, 1996 Why be satisfied with leftist propaganda on the Spanish Civil War Carroll's treatment of the events of 1936 is singular in Anglo American scholarship for seeing the conflict for what is truly was a death struggle against the Christian faith and a war against Christian civilization in Europe This outstanding work of scholarship illustrates the phenomenon of the traditionalist as revisionist the distortions of decades of Marxist historiography are overturned in Carroll's narration of the bloody struggle to preserve Western civilization in the heart of 20th century Europe
