Last Watch Of The Night Essays Too Personal And Otherwise:

Last Watch of the Night Paul Monette, 2014-03-25 Tender and passionate autobiographical essays by the National Book Award winning author of *Becoming a Man* Does it go too fast Monette asks about life at the beginning of one piece The answer is a resounding yes for the individuals who populate this stunning work of nonfiction These ten autobiographical essays memorialize those whose lives have been claimed by AIDS Following *Becoming a Man* and *Borrowed Time* *Last Watch of the Night* is Monette's third and final self portrait In this collection he confronts death those of lovers and friends and even his own eventual demise with both bravery and compassion This ebook features an illustrated biography of Paul Monette including rare images and never before seen documents from the Paul Monette papers of the UCLA Library Special Collections

Son of God Christopher Bryan, 2022-11-18 Christianity spread into the Roman Empire But it started with the words and works of Jesus of Nazareth in Galilee which was a client state of the empire Being a client state meant of course that Galilee was by no means unaffected by Rome Herod Antipater the Tetrarch known as Antipas ruled at Rome's pleasure and paid tribute to Rome for the privilege It is hard to imagine Jesus of Nazareth and his compatriots were not aware of this Nevertheless Antipas did rule in Galilee and that had consequences He was at least ostensibly an observant Jew He went up to Jerusalem for the major festivals He minted his own coins which adhered to the Jewish anti iconic tradition featuring only floral decoration and were not offensive to Jewish sensibilities He collected his own taxes then paying his own tribute directly to Rome He had his own army contrary to the pictures beloved of Hollywood Galilee was not at this period filled with Roman soldiers marching all over the place

Remixing the Civil War Thomas J. Brown, 2011-11-15 In 1961 the historian and poet Robert Penn Warren remarked that the Civil War is for the American imagination the great single event of our history This volume reconsiders whether fifty years later Warren's claim still holds true Essays from specialists in art literature and history examine how contemporary culture represents and interprets the Civil War They look at the works of more than thirty artists and writers as well as multiple movements political and social to reveal the many and provocative ways in which Americans engage the Civil War today The book includes chapters on the place of Abraham Lincoln in Barack Obama's presidential campaign controversies over the symbolism of the Confederate flag and the proliferation of Juneteenth observances *Remixing the Civil War* pays special attention to the works of African Americans and white southerners for whom the Civil War was a revolutionary and defining moment Such prominent scholars as Robert H Brinkmeyer Jr W Fitzhugh Brundage Kirk Savage and Elizabeth Young explore the works of major artists and lesser known figures including Bobbie Ann Mason Kara Walker Dario Robleto and John Huddleston The authors find that Americans today openly and playfully manipulate familiar images of the Civil War to explore the malleability and permeability of traditional social categories like national identity gender and race This collection continues the conversation Warren began fifty years ago although taking it in unorthodox and challenging directions to offer fresh and stimulating perspectives on the war's presence

in the collective imagination of the nation Not in This Family Heather Murray, 2012-02-10 Many Americans hold fast to the notion that gay men and women more often than not have been ostracized from disapproving families *Not in This Family* challenges this myth and shows how kinship ties were an animating force in gay culture politics and consciousness throughout the latter half of the twentieth century Historian Heather Murray gives voice to gays and their parents through an extensive use of introspective writings particularly personal correspondence and diaries as well as through published memoirs fiction poetry song lyrics movies and visual and print media Starting in the late 1940s and 1950s *Not in This Family* covers the entire postwar period including the gay liberation and lesbian feminist movements of the 1960s and 1970s the establishment of PFLAG Parents Families and Friends of Lesbians and Gays and the AIDS crisis of the 1980s and 1990s Ending her story with an examination of contemporary coming out rituals Murray shows how the personal that was once private became political and finally public In exploring the intimate reciprocal relationship of gay children and their parents *Not in This Family* also chronicles larger cultural shifts in privacy discretion and public revelation and the very purpose of family relations Murray shows that private bedrooms and consumer culture social movements and psychological fashions all had a part to play in transforming the modern family *Contemporary Gay American Poets and Playwrights* Emmanuel S. Nelson, 2003-06-30 Gay presence is nothing new to American verse and theater Homoerotic themes are discernible in American poetry as early as the 19th century and identifiably gay characters appeared on the American stage more than 70 years ago But aside from a few notable exceptions gay artists of earlier generations felt compelled to avoid sexual candor in their writings Conversely most contemporary gay poets and playwrights are free from such constraints and have created a remarkable body of work This reference is a guide to their creative achievements Alphabetically arranged entries present 62 contemporary gay American poets and dramatists While the majority of included writers are younger artists who came of age in the post Stonewall U S some are older authors whose work has continued or persisted into recent decades A number of these writers are well known including Edward Albee Harvey Fierstein and Allen Ginsberg Others such as Alan Bowne Timothy Liu and Robert O'Hara merit wider recognition Each entry is written by an expert contributor and includes a biography a discussion of major works and themes an overview of the author's critical reception and primary and secondary bibliographies *The Advocate*, 1995-01-24 *The Advocate* is a lesbian gay bisexual transgender LGBT monthly newsmagazine Established in 1967 it is the oldest continuing LGBT publication in the United States **Arranging Grief** Dana Luciano, 2007-11 2008 Winner MLA First Book Prize Charting the proliferation of forms of mourning and memorial across a century increasingly concerned with their historical and temporal significance *Arranging Grief* offers an innovative new view of the aesthetic social and political implications of emotion Dana Luciano argues that the cultural plotting of grief provides a distinctive insight into the nineteenth century American temporal imaginary since grief both underwrote the social arrangements that supported the nation's standard chronologies and sponsored other ways of advancing history Nineteenth

century appeals to grief as Luciano demonstrates diffused modes of sacred time across both religious and ostensibly secular frameworks at once authorizing and unsettling established schemes of connection to the past and the future Examining mourning manuals sermons memorial tracts poetry and fiction by Harriet Beecher Stowe William Apess James Fenimore Cooper Catharine Maria Sedgwick Susan Warner Harriet E Wilson Herman Melville Frances E W Harper Frederick Douglass Abraham Lincoln Elizabeth Keckley and Ralph Waldo Emerson Luciano illustrates the ways that grief coupled the affective body to time Drawing on formalist Foucauldian and psychoanalytic criticism Arranging Grief shows how literary engagements with grief put forth ways of challenging deep seated cultural assumptions about history progress bodies and behaviors

Petro,2015-06-01 On a cold February morning in 1987 amidst freezing rain and driving winds a group of protesters stood outside of the Unitarian Universalist Church in

Amherst Massachusetts The target of their protest was the minister inside who was handing out condoms to his congregation while delivering a sermon about AIDS dramatizing the need for the church to confront the seemingly ever expanding crisis The minister s words and actions were met with a standing ovation from the overflowing audience but he could not linger to enjoy their applause Having received threats in advance of the service he dashed out of the sanctuary immediately upon finishing his sermon Such was the climate for religious AIDS activism in the 1980s In *After the Wrath of God* Anthony Petro vividly narrates the religious history of AIDS in America Delving into the culture wars over sex morality and the future of the American nation he demonstrates how religious leaders and AIDS activists have shaped debates over sexual morality and public health from the 1980s to the present day While most attention to religion and AIDS foregrounds the role of the Religious Right Petro takes a much broader view encompassing the range of mainline Protestant evangelical and Catholic groups alongside AIDS activist organizations that shaped public discussions of AIDS prevention and care in the U S Petro analyzes how the AIDS crisis prompted American Christians across denominations and political persuasions to speak publicly about sexuality especially homosexuality and to foster a moral discourse on sex that spoke not only to personal concerns but to anxieties about the health of the nation He reveals how the epidemic increased efforts to advance a moral agenda regarding the health benefits of abstinence and monogamy a legacy glimpsed as much in the traction gained by abstinence education campaigns as in the more recent cultural purchase of gay marriage The first book to detail the history of religion and the AIDS epidemic in the U S *After the Wrath of God* is essential reading for anyone concerned with the intersection of religion and public health

Thinking with the Heart Tolbert McCarroll,2001 In North America there is a growing number of spiritual seekers who wish to rediscover their faith s traditions yet want to go beyond the official church and its religious hierarchy In *Grace Harmony and Spiritual Health* Tolbert McCarroll takes a fresh look at spiritual traditions for the modern age and offers a beautiful exploration of the Christian legacy

Irreconcilable Differences? Thomas C. Caramagno,2002-08-30 In recent year pro gay and anti gay rights activists have engaged in a struggle to sway public opinion in their favor through the use of ideologically charged rhetoric in an effort to win support from an undecided public The author contends however that the debate is stalemated precisely because each side stereotypes and pathologizes the other s perspective thereby becoming perfect enemies divided on every issue and with such intensity that consensus seems nearly impossible Providing a panoramic view of both perspectives this unique book traces the contested issues to fundamental conceptual differences within the field of religious scientific and political studies Caramagno carefully examines the centuries of thought behind the questions involved and encourages readers to consider the arguments in order to draw their own conclusions This book is not about the wrongs or rights of the gay rights debate Nor is it a condemnation of the sides involved in the debate Instead it shows how the two sides have engaged in the battle and how they have marshaled evidence from a variety of sources often the same ones to muster public support but without addressing the conceptual changes

needed to conduct a more profitable dialog Treating both sides of the debate respectfully and objectively Irreconcilable Differences opens the discussion up so that all ideas and arguments can be understood as having something valuable to bring to the table In this way readers are challenged to consider the ways arguments are formed how culture disseminates ideas and how a debate can be shaped so that consensus building is a real not an imagined outcome *Unfitting Stories* Valerie Raoul,2007-03-30 *Unfitting Stories* Narrative Approaches to Disease Disability and Trauma illustrates how stories about ill health and suffering have been produced and received from a variety of perspectives Bringing together the work of Canadian researchers health professionals and people with lived experiences of disease disability or trauma it addresses central issues about authority in medical and personal narratives and the value of cross or interdisciplinary research in understanding such experiences The book considers the aesthetic dimensions of health related stories with literary readings that look at how personal accounts of disease disability and trauma are crafted by writers and filmmakers into published works Topics range from psychiatric hospitalization and aestheticizing cancer to father daughter incest in film The collection also deals with the therapeutic or transformative effect of stories with essays about men sport and spinal cord injury narrative teaching at L Arche a faith based network of communities inclusive of people with developmental disabilities and the construction of a schizophrenic identity A final section examines the polemical functions of narrative directing attention to the professional and political contexts within which stories are constructed and exchanged Topics include ableist limits on self narration drug addiction and the disease model and narratives of trauma and Aboriginal post secondary students *Unfitting Stories* is essential reading for researchers using narrative methods or materials for teachers students and professionals working in the field of health services and for concerned consumers of the health care system It deals with practical problems relevant to policy makers as well as theoretical issues of interest to specialists in bioethics gender analysis and narrative theory Read the chapter Social Trauma and Serial Autobiography Healing and Beyond by Bina Freiwald on the Concordia University Library Spectrum Research Repository website **Soulsunami** Leonard Sweet,2009-10-14 Road rage animal rights cyberporn crystal healing doctor assisted suicide everywhere we look the signs all tell us we re living in a post Christian culture Or are we Leonard Sweet cultural historian preacher futurist creatologist and preeminent thinker firmly believes we live today in a pre Christian society fraught with challenges dangers critical choices and above all tremendous potential for the church The outcome will depend on our response to today s flood of religious pluralism that threatens to sweep us away What will we do Deny the reality of the incoming surge Hunker in the bunker hermetically sealing ourselves in an increasingly out of touch church counterculture Or will we boldly hoist our sails and looking to God for guidance and strength move with confidence and purpose over the waves SoulTsunami is a fascinating even mind numbing look at the implications of our changing world for the church in the 21st century With uncanny wisdom and trademark wit Leonard Sweet explores ten key futuribles precision guesses that fall short of predictions expanding on and relating topics ranging from the reentry of theism and

spiritual longing in contemporary society to the impact of modern technology to the global renaissance to models for the church to reach people caught in the cultural maelstrom Here are eye opening perspectives on the church from within and from without from its surrounding society Lively well written and provocative SoulTsunami is a clarion call for Christians to remove their tunnel vision glasses and take a good look at the swelling postmodern flood It also is a voice of encouragement affirming the church in its role as God s lifeboat And it is a passionate prophetic guide pointing the way to reach a world swept out to sea

Bodily Discursions Deborah S. Wilson,Christine Moneera Laennec,1997-01-01 This collection of feminist essays from a variety of disciplines explores the idea of the body as a site for the production of political ideologies
