Currents of Archival Thinking Heather MacNeil, Terry Eastwood, 2017-01-09 With new technologies and additional goals driving their institutions archives are changing drastically This book shows how the foundations of archival practice can be brought forward to adapt to new environments while adhering to the key principles of preservation and access Archives of all types are experiencing a resurgence evolving to meet new environments digital and physical and new priorities To meet those changes professional archivist education programs now one of the more active segments of LIS schools are proliferating as well This book identifies core archival theories and approaches and how those interact with major issues and trends in the field The essays explore the progression of archival thinking today discussing the nature of archives in light of present-day roles for archivists and archival institutions in the preservation of documentary heritage Examining new conceptualizations and emerging frameworks through the lenses of core archival practice and theory the book covers core foundational topics such as the nature of archives the ruling concept of provenance and the principal functions of archivists discussing each in the context of current and future environments and priorities Several new essays on topics of central importance not treated in the first edition are included such as digital preservation and the influence of new technologies on institutional programs that facilitate archival access advocacy and outreach the changing legal context of archives and archival work and the archival collections of private persons and organizations Readers will also learn how communities of various kinds intersect with the archival mission and how other disciplines' perspectives on archives can open new avenues

Lifers - A Secret Society Victor A. Cordova, 2011-12 Allow yourself to awaken from the slumber of monotony you exist in and there is where you may

find the answers which your heart most desires Under the cloak of control and power you wait anxiously for signs of salvation which you are not capable of seeing Pull away the layers of theory religion and politics and face what is real And although I am only 11 years old I tell you with full confidence your beginning is near and soon you too will realize that there is more to what you might have believed about life death failure and success Look around you and open your mind to the possibility that all is not black and white or even right or wrong We live among you and although you may never sense us we are here and we are real Consider me your guide in a world very few are fortunate enough to see I am like you and I struggle to understand what I am to do with this life I have been given Yet what is truly important is that you understand that your existence is complex and I shall venture to say that your definition of The Circle of Life will change forever Believe it or not I dare you double dare you to turn to the next page *The International* ,1914 **The last word in Self-defence** Danny

Gee Goju,2025-02-03 African Goju is a survival system based on reality and common sense with attention to detail that makes it different from other disciplines It is not only taught as conventional martial arts but also as an attempt to teach the psychology of self defence based on one s way of life relying on the principle that things will go wrong only if you allow them to Can you keep your senses after drinking so that you are not taken advantage of Could you defend yourself in a fight If you go into a nightclub how would you cope if trouble exploded What of a burglary whilst you are sleeping or in the shower Is your car house safe against thieves How secure are you at work in case of an attack by an irate customer How smart are you in order not to be taken in by a con man How would you handle emotional mental physical abuse betrayal or infidelity The art of knowing how where why and when to fight or not to fight and the ability to withstand both mental and physical pain when coupled with extremely effective defence techniques makes it the most realistic powerful and compelling system in the world
