Tricks for Free Seanan McGuire, 2018-03-06 The seventh book in the funny and fast paced InCryptid urban fantasy series returns to the mishaps of the Price family eccentric cryptozoologists who safeguard the world of magical creatures living in secret among humans Includes an all new Aeslin mice novella and a map of Lowryland Penance noun 1 Punishment for past actions 2 An attempt to pay for what can't be bought 3 See also exile Antimony Price is on the run With the Covenant on her tail and her family still in danger she needs to get far far away from anyone who might recognize her including her own mice For the first time in a long time a Price is flying without a safety net Where do you go when you need to disappear into a crowd without worrying about attracting attention An amusement park of course Some people would call Lowryland the amusement park It's one of the largest in Florida the keystone of the Lowry entertainment empire but for Annie it's a place to hide She's just trying to keep her head down long enough to come up with a plan that will get her home without getting anyone killed No small order when she's rooming with gorgons and sylphs trying to placate frustrated ghosts and rushing to get to work on time Then the accidents begin The discovery of a dead man brings Annie to the attention of the secret cabal of magic users running Lowryland from behind the scenes They want the fire that sleeps in her fingers They want her on their side They want to help her although their help like everything else comes with a price No plan Minimal backup No way out Annie's about to get a crash course in the reality behind the pretty facade If she's lucky she'll survive the experience

Calculated Risks Seanan McGuire, 2021-02-23 The tenth book in the fast paced InCryptid urban fantasy series returns to the mishaps of the Price family eccentric cryptozoologists who safeguard the world of magical creatures living in secret among humans Just when Sarah Zellaby adopted Price cousin and telepathic ambush predator thought that things couldn't get worse she's had to go and prove herself wrong After being kidnapped and manipulated by her birth family she has undergone a transformation called an instar reaching back to her Apocritic origins to metamorphize While externally the same she is internally much more powerful and much more difficult to control Even by herself After years of denial the fact that she will always be a cuckoo has become impossible to deny Now stranded in another dimension with a handful of allies who seem to have no idea who she is including her cousin Annie and her maybe boyfriend Artie both of whom have forgotten their relationship and a bunch of cuckoos with good reason to want her dead Sarah must figure out not only how to contend with her situation but with the new realities of her future What is she now Who is she now Is that person someone she can live with And when all is said and done will she be able to get the people she loves whether or not

they've forgotten her safely home **That Ain't Witchcraft** Seanan McGuire, 2019-03-05 Antimony Price has never done well without a support system. As the youngest of her generation, she has always been able to depend on her parents, siblings, and cousins to help her out when she's in a pinch. Until now. After fleeing from the Covenant of St. George, she's found herself in debt to the crossroads and running for her life. No family. No mice. No way out. Lucky for her, she's always been resourceful, and she's been gathering allies as she travels: Sam, furi trapeze artist turned boyfriend; Cylia, jink roller derby captain and designated driver; Fern, sylph friend, confidant, and maker of breakfasts; even Mary, ghost babysitter to the Price family. Annie's actually starting to feel like they might be able to figure things out, which is probably why things start going wrong again.

Backpacking through Bedlam Seanan McGuire, 2023-03-07 Seanan McGuire's New York Times bestselling and Hugo Award-nominated urban fantasy InCryptid series continues with the twelfth book following the Price family cryptozoologists, who study and protect the creatures living in secret all around us. Reunion, noun 1. The state of being united again. Reconciliation, noun 1. An act of reconciling, as when former enemies agree to an amiable truce. 2. The process of making consistent or compatible. 3. See also impossible. Alice Price Healy gave up her life for fifty years to focus completely on the search for her missing husband. The danger of focus like that is that it leaves little room for thinking about what happens after, and now that she's finally managed to find Thomas, she has no idea what she's supposed to do next. The fact that he comes with a surrogate daughter who may or may not have some connection to Alice's recently adopted grandson is just icing on the complicated cake. So the three of them are heading for the most complicated place in the universe they're going home. But things on Earth have changed while Alice, Thomas, and Sally have been away. The Covenant of St. George, antagonized by Verity's declaration of war and Sarah's temporary relocation of an entire college campus, is trying to retake North America from the cryptids and cryptozoologists who've been keeping the peace for the past hundred years. And they're starting in New York. Alice and company have barely been back for an hour before the Ocean Lady and the Queen of the Routewitches are sending them to New York to help, and they find themselves embroiled in the politics of dragons, kidnappings, and of course, the most dangerous people of all, family. Getting back to normal may be the hardest task Alice has undertaken yet. **Angel of the Overpass** Seanan McGuire, 2021-05-11 The third book of the Ghost Roads series returns to the highways of America where hitchhiking ghost Rose Marshall continues her battle with her killer, the immortal Bobby Cross. Lady of shadows, keeper of changes, plant the seeds of faith within me that I might grow and flourish; that I might find my way through danger and uncertainty to the safety of your garden. Let my roots grow strong and my skin grow thick that I might stand fast against all who would destroy me. Grant to me your favor, grant to me your grace, and when my time is done, grant to me the wisdom to lay my burdens down and rest beside you, one more flower in a sea of blooms where nothing shall ever trouble me again. Rose Marshall died when she was sixteen years old, and on her way to her high school prom. She hasn't been resting easy since then. Bobby Cross, the man who killed her, got away clean after running her off the road, and she's not

the kind of girl who can let something like that slide She's been looking for a way to stop him since before they put her body in the ground But things have changed in the twilight world where the spirits of the restless dead continue their lives The crossroads have been destroyed and Bobby's protections are gone For the first time it might be possible for Rose to defeat him Not alone though She'll need every friend she's managed to make and every favor she's managed to add to her account if she wants to stand a chance and this may be her last chance to be avenged since what is Bobby Cross without the crossroads Everything Rose knows is about to change *Imaginary Numbers* Seanan McGuire, 2020-02-25 Includes an InCryptid novella Follow the lady pages 367-431
