O'Donnell,2000-10-27 Uses a discussion of contemporary films and literary works to present an understanding of paranoia as a defining element in postmodern late capitalist structure **The Stigmatization of Conspiracy Theory since the 1950s**

Katharina Thalmann,2019-03-06 Are conspiracy theories everywhere and is everyone a conspiracy theorist This ground breaking study challenges some of the widely shared assessments in the scholarship about a perceived mainstreaming of conspiracy theory It claims that conspiracy theory underwent a significant shift in status in the mid 20th century and has since then become highly visible as an object of concern in public debates Providing an in depth analysis of academic and media discourses Katharina Thalmann is the first scholar to systematically trace the history and process of the delegitimization of conspiracy theory By reading a wide range of conspiracist accounts about three central events in American history from the 1950s to 1970s the Great Red Scare the Kennedy assassination and the Watergate scandal Thalmann shows that a veritable conspiracist subculture emerged in the 1970s as conspiracy theories were pushed out of the legitimate marketplace of ideas and conspiracy theory became a commodity not unlike pornography alluring in its illegitimacy commonsensical and highly profitable This will be of interest to scholars and researchers interested in American history culture and subcultures as well of course to those fascinated by conspiracies *American Literature* Hans

Bertens,Theo D'haen,2013-11-12 This comprehensive history of American Literature traces its development from the earliest colonial writings of the late 1500s through to the present day This lively engaging and highly accessible guide offers lucid discussions of all major influences and movements such as Puritanism Transcendentalism Realism Naturalism Modernism and Postmodernism draws on the historical cultural and political contexts of key literary texts and authors covers the whole range of American literature prose poetry theatre and experimental literature includes substantial sections on native and ethnic American literatures explains and contextualises major events terms and figures in American history This book is essential reading for anyone seeking to situate their reading of American Literature in the appropriate religious cultural and political contexts *Empire Burlesque* Daniel T. Tourists of History Marita Sturken,2007-11 Study of how the memorials created in Oklahoma City and at the World Trade Center site raise questions about the relationship between cultural memory and consumerism *American Postmodernist Fiction and the Past* T.
