Houdini Bernard C. Meyer, 1976 **Houdini** Tom Lalicki, 2014-04-01 Originally published as SPELLBINDER The Life of Harry Houdini He was born Ehrich Weiss but at an early age he chose another name for himself He wanted a name to suit his career of magic and entertainment and he chose a name that paid homage to one of the legendary magicians of all time Robert Houdin His illusions and escapes were more astonishing and more challenging than anyone had ever done before and he eclipsed the names of all other magicians as his fame reached around the world made him famous and made him the most famous illusionist ever Houdini disappeared through brick walls He escaped from straitjackets and then straitjackets immersed in water He performed escapes in public places and from jail cells in major cities and the crowds flocked to his performances Tom Lalicki tells Houdini s story with a fascinating mix of text and images revealing the facts and juxtaposing them with startling images of a master entertainer performing masterfully and mysteriously mesmerizing his audiences and mystifying experts with his skill and his invention **Houdini** Adam Begley, 2020-03-17 From the prizewinning Jewish Lives series an exuberant biography of the world s greatest escape artist In 1916 the war in Europe having prevented a tour abroad Harry Houdini wrote a film treatment for a rollicking motion picture Though the movie was never made its title The Marvelous Adventures of Houdini The Justly Celebrated Elusive American provides a succinct summary of the Master Mystifier s life Born Erik Weisz in Budapest in 1874 Houdini grew up an impoverished Jewish immigrant in the Midwest and became world famous thanks to talent industry and ferocious determination He concealed as a matter of temperament and professional ethics the secrets of his sensational success Nobody knows how Houdini performed some of his dazzling death defying tricks and nobody knows finally why he felt compelled to punish and imprison himself over and over again Must a self liberator also be a self torturer Tracking the restless Houdini s wide ranging exploits acclaimed biographer Adam Begley asks the essential question What kind of man was this About Jewish Lives Jewish Lives is a prizewinning series of interpretative biography designed to explore the many facets of Jewish identity Individual volumes illuminate the imprint of Jewish figures upon literature religion philosophy politics cultural and economic life and the arts and sciences Subjects are paired with authors to elicit lively deeply informed books that explore the range and depth of the Jewish experience from antiquity to the present In 2014 the Jewish Book Council named Jewish Lives the winner of its Jewish Book of the Year Award the first series ever to receive this award More praise for Jewish Lives Excellent New York times Exemplary Wall St Journal Distinguished New Yorker Superb The Guardian *Holland's Guide to Psychoanalytic Psychology and Literature-and-psychology* Norman Norwood Holland, 1990 As psychoanalysis becomes more and more important to literary studies and the accompanying literature bulks larger and larger students often feel overwhelmed not knowing where to turn for readings that will open up the subject Holland s Guide to Psychoanalytic Psychology and Literature and Psychology offers an ingenious solution to this problem It provides concise outlines of all types of psychoanalytic theory and shows how they

apply to literary criticism The outlines point in turn to further more specific readings articles essays and books which can then be located by two extensive bibliographies that follow the discussion These offer materials that range from the earliest Freud to the latest cognitive science and include dozens of bibliographic aids Holland integrates these suggested readings with lively detailed comments on various psychologies as they relate to literature He is thus able to guide students easily to the precise subject they wish to study be it Jungian criticism ego psychology feminist psychoanalysis psychoanalytic film theory or interpretation of some specific text Holland also offers a bracing discussion of reader response criticism and a lucid guide to the work of Jacques Lacan A trenchant epilogue defends the psychological approach suggesting which points in psychoanalytic theory will work for literary critics and which will not The only such guidebook for students of psychoanalytic literary theory and literary criticism Holland s Guide will also prove an invaluable aid for those studying psychoanalysis and psychology

Houdini, Tarzan, and the Perfect Man John F. Kasson, 2002-07-02 A remarkable new work from one of our premier historians In his exciting new book John F Kasson examines the signs of crisis in American life a century ago signs that new forces of modernity were affecting men s sense of who and what they really were When the Prussian born Eugene Sandow an international vaudeville star and bodybuilder toured the United States in the 1890s Florenz Ziegfeld cannily presented him as the Perfect Man representing both an ancient ideal of manhood and a modern commodity extolling self development and self fulfillment Then when Edgar Rice Burroughs s Tarzan swung down a vine into the public eye in 1912 the fantasy of a perfect white Anglo Saxon male was taken further escaping the confines of civilization but reasserting its values beating his chest and bellowing his triumph to the world With Harry Houdini the dream of escape was literally embodied in spectacular performances in which he triumphed over every kind of threat to masculine integrity bondage imprisonment insanity and death Kasson s liberally illustrated and persuasively argued study analyzes the themes linking these figures and places them in their rich historical and cultural context Concern with the white male body with exhibiting it and with the perils to it reached a climax in World War I he suggests and continues with us today

Psychoanalysis in Asia Alf Gerlach, Maria Teresa Savio Hooke, Sverre Varvin, 2018-04-27 The world is looking East Whilst in the West psychoanalysis is fighting to maintain its position among the other therapies in a society which has less time for introspection and self reflective thought in Asia a new frontier is opening up we are witnessing a surge of interest for psychoanalysis among the mental health professionals and among the younger generations interest which is articulated and nuanced differently in the different Asian countries In Asia and particularly in India Japan South Korea Taiwan and China the development of psychoanalysis reflects separate socio political historical contexts each with a rich cultural texture and fuelled by the interest of a new generation of mental health professionals for psychoanalysis as a therapeutic method

Performing Dark Arts Michael Mangan, 2007-08-01 Magic and conjuring inhabit the boundaries and the borderlands of performance The conjuror s act of demonstrating the apparently impossible the uncanny the marvellous or the grotesque

challenges the spectator's sense of reality. It brings him or her up against their own assumptions about how the world works at its most extreme; it asks the spectator to re-evaluate his or her sense of the limits of the human. Performing Dark Arts is an exploration of the paradox of the conjuror, the actor who pretends to be a magician. It aims to illuminate the history of conjuring by examining it in the context of performance studies and to throw light on aspects of performance studies by testing them against the art of conjuring. The book examines not only the performances of individual magicians from Dedi to David Blaine but also the broader cultural contexts in which their performances were received and the meanings which they have attracted.

Disappearing Tricks Matthew Solomon, 2010. An anti-spiritualist medium, stage magic and the beginnings of cinema. The death of magic, presentational performance and early film. Behind the curtain. M. L. S. at the Theatre. Robert Houdin. Up to date magic, theatrical conjuring and the trick film. Houdini's actuality, magic escaping the ghost house with moving pictures. Lost in transition, sensational fiction and the limits of narrative integration. Epilogue.

Crescendo of the Virtuoso Paul Metzner, 2024-06-04. During the Age of Revolution, Paris came alive with wildly popular virtuoso performances. Whether the performers were musicians or chefs, chess players or detectives, these virtuosos transformed their technical skills into dramatic spectacles, presenting the marvelous and the outré for spellbound audiences. Who these characters were, how they attained their fame, and why Paris became the focal point of their activities is the subject of Paul Metzner's absorbing study. Covering the years 1775 to 1850, Metzner describes the careers of a handful of virtuosos: chess masters who played several games at once; a chef who sculpted hundreds of four-foot-tall architectural fantasies in sugar; the first police detective whose memoirs inspired the invention of the detective story; a violinist who played whole pieces on a single string. He examines these virtuosos as a group in the context of the society that was then the capital of Western civilization.
