House Church Simple Strategic Scriptural:

House Church - Simple, Strategic, Scriptural Steve Atkerson, 2021-07-17 Lead a small church New Testament Church Dynamics is perfect for you Unlike many church growth books we present proven Biblical strategies to grow your church both spiritually and numerically These are not theories cooked up in an ivory tower Our network of churches lives these principles out in multiple cultures and countries around the globe By following Scriptural strategies our unity participation purity community size love and evangelistic fervor have grown dramatically Our joy is helping leaders of small churches follow Christ's model for church practice and planting *Sacred House* Alan Andraeas, 2019-10-01 While the House Church Movement is gaining immense popularity throughout many denominational and independent faith communities collectively standing as the largest denomination in the United States sacramental and liturgical congregations are taking only the most tentative steps toward this venue of worship Consequently there exists a vacuum of guidelines or information to support this dynamic ministry model from a uniquely sacramental perspective In this book Dr Andraeas examines the scriptural foundations for liturgical worship the biblical theological and historical precedents for house churches and how a union between priestly liturgy and house church worship complement and support each other He concludes with a vigorous challenge for all sacramental and liturgical jurisdictions to engage their seminarians clergy and people in embracing this approach to church planting evangelism and community ministry while offering thoughtful and obtainable recommendations *Christ-Ed In The Church* Jerry Smith, 2014-09-10 It behooves those who teach in the church to be aware that proper teaching in the church involves the Word of Christ and by implication Jesus Christ Thus Christ education is the word of the day meaning that first and foremost Jesus Christ must be central to teaching second that His Word is to be presented and taught not opinions or traditions and finally as God has created all things by Christ we should be concerned with how people develop and learn since we are all created with the God provided stages in our education process This study aimed at learning if Christ education i.e. Christ Ed was being applied by teachers in local Christian churches

RetroChristianity Michael J. Svelgel, 2012-04-30 Evangelicalism is in trouble Surveying the modern evangelical landscape professor Michael Svelgel asks Why does evangelicalism appear to be spinning out of control losing appeal to younger generations dwindling in numbers or selling out to pop culture to muster a crowd He seeks to answer this question by looking to the past to a Retro Christianity Calling for a return to evangelicalism's historical and theological roots Svelgel begins by addressing some of present day evangelicalism's problems and explores what can be done to help churches regain a healthy perspective on doctrine He then gives practical examples of what establishing a biblical historical and theologically sound foundation will mean for Christians as they think through aspects of church life and worship As the numbers of those confused or disenchanted with evangelicalism continue to grow Svelgel's book meets a timely need and will benefit many readers with his balanced argument for preserving the evangelical faith Excavating Women Carina Oliveira

Prestes,2025-06-17 Modern readers often look at the past with distorted presuppositions about women's participation in early Christianity. However, women had a prominent role in society and in religious leadership in the Greco-Roman world. *Excavating Women* investigates the leadership of women in Christian churches during the first six centuries of the common era through a study of the archaeological remains. Carina Prestes surveys the role of women in Greco-Roman society, highlighting their importance for Greek and Roman cults and examining funerary remains of the first centuries of the common era to better understand the role of women in Christian communities. The archaeological evidence is placed in historical and sociocultural context to avoid characteristic biases of certain media and to allow a nuanced perspective of the history. *Excavating Women* also investigates some of the early Christian mosaics in their contexts based on the study of semiotics, the hierarchy of spaces and biblical passages portrayed in them. These sources reveal a strong participation of women in the clerical leadership of early Christianity in agreement with the funerary remains. *Excavating Women* impacts the perception of women today not only in Christian circles but also in society at large. *A New Look at Hospitality as a Key to Missions* Christopher J Freet,2014-11-06 Many Christians have grown up with a very limited concept of missions and missionaries. In this view, a missionary is a person who goes and preaches to lots of people often in primitive lands and explains the theology of the gospel. The natives are convinced and become Christians. Thus, the gospel commission is fulfilled. Actual missions have not been carried out in this way very much. Missionaries are generally very aware of the personal aspect of their activities and the importance of hospitality. But western churches have become much less attuned to hospitality. The days are past when visitors could assume they'd be invited home for lunch or become personally connected to people in a church they visit. But hospitality is a key concept and a key practice in the Bible both in Old and New Testament times. This involved both God's relationship with his people in which some entertained angels in their relationships with one another and in the way they reached the world with the good news God had given to them. Chris Freet examines the biblical idea of hospitality, the role it played in biblical times and the example that provides for us. He concludes that the western church needs to be re-awakened to the mutual and reciprocal biblical definition of hospitality that it must undergo some contextualization in order for the biblical role of hospitality and the person of peace to work in it and 3 it must transition from short-term encounters of hospitality in the West to long-term relationships as the family of God. This is a serious theological examination but it is also both a challenge and a practical guide to help us get started in giving hospitality the role in our churches that the biblical story envisions. **Disciple Making Is . . .** Dave Earley,Rod Dempsey,2013-08 Dozens of brief yet powerful chapters about what it really means to live out the Great Commission in practical terms written by two men with more than sixty years of combined discipleship experience. **Planting Churches That Reproduce** Joel Comiskey,2008-12 Small group resources tend to overlook the spiritual side of small group leadership. And yet most would agree that spiritual preparation is the most important aspect of leading a small group. Only God's supernatural power can draw people to the

truth and liberate them to be all that God wants them to be The key distinction of this book is the spiritual perspective it gives to small group ministry So much of the literature about small groups that is already published relates to small group technique and only touches briefly on the Spirit's power This book is a practical reference guide to help small group leadership begin to move in the supernatural realm The book's first priority is to help small group leaders and members trust the Holy Spirit to lead them empower them and work in their group Small group facilitators often sense a lack of guidance power and spiritual authority Jesus knew His disciples would be powerless without a touch from the Holy Spirit and so He told them to wait in Jerusalem saying You will receive power when the Holy Spirit comes on you and you will be my witnesses in Jerusalem and in all Judea and Samaria and to the ends of the earth Acts 1:8 Small group leaders need a power boost to make small group ministry relevant and exciting The second priority of this book is to help the facilitator identify and mobilize each small group member to use his or her own spiritual gifts **Eat Your Way to God** Guy Caskey, 2020-09-15
