Guardianships and the Elderly Sam, MD Sugar, 2018-06-08 Imagine a system of justice in this country that strips its citizens of their Constitutional rights voids their existing legal documents gives others the right to spend their money and sell their assets isolates them and has the ability to limit the time they can spend with their loved ones While you may be thinking of the criminal justice system the previous description refers to a parallel system that preys on the elderly and is determined to deem them unable to care for themselves It is a system that allows those in control to take full advantage of their wards of the state legally and under the watchful eyes of judges It is called guardianship Guardianship exists in every state and while it has gone under the radar for many decades Dr Sam Sugar's new book Guardianships and the Elderly sheds light on this system which enables those in the know to commit the perfect crime Dr Sugar a licensed physician and president of the Americans Against Abusive Probate Guardianship AAAPG as well as a victim of the system himself has written a unique guide that can be used by anyone caught up in the world of guardianship The book begins by looking at the history of guardianship from ancient times till today It then provides a clear overview of how this system is set up to work from the triggers that set it off to the different groups of people that make up the process the judges the

guardians and all their associates The book goes on to detail the responsibilities given to these players and describes how easily they can manipulate the system to their own advantage It also presents an accurate picture of just how difficult it is to free a family member from the system There are things loved ones can do to fight the system to be sure but many obstacles and pitfalls await them in the battle This book is meant to prepare the reader for these eventualities and includes a comprehensive glossary a helpful resource section and a number of documents that may prove useful in the pursuit of real justice While the press has exposed some of the most heinous crimes committed by guardians for the most part those who know how to work the system continue to plunder their victims estates Guardianships and the Elderly is designed to explain the guardianship process clearly and make the reader aware of the common violations carried out by court insiders and their affiliates The information found in this book can serve as a powerful tool when it comes to uncovering their crimes **Beat the Heat** Katya Komisaruk,2003-01-01 Know your rights and exercise them **Railway Journal** E. Confessions of a Record Producer Moses Avalon,2009-05 It started out as rage against self serving insider books by executives Not until Moses Avalon wrote from the viewpoint of those on the creative side did we finally get a fair and balanced view of how the music business really works It s been 10 years since Confessions of a Record Producer published real life numbers showing what artists made on so called hit records and how producers labels managers and even the artists own lawyers conspire to cheat them out of royalties Since then Confessions has made it onto the required reading list in nearly all major music business programs around the world including NYU UCLA USC Full Sail and prestigious law schools like Loyola It s stayed in the top 10% of all books distributed by Amazon and won testimonials from top industry pros confirming that it s the only publication that tells the real story of how artists get ripped off and how they can protect their assets Now in a special 10th Anniversary Edition author Moses Avalon one of the industry s most sought after consultants and artist s rights gurus has put even more teeth wrenching reality at the reader s fingertips The anniversary edition has updates on all of the old shames and many new ones created by the internet and the ongoing transformation of the music industry Highlights The only published critical analysis of the performing rights industry Detailed numbers on how new royalties from digital downloads are calculated collected and manipulated The changing team Once considered to be the immortal trio manager lawyer producer has now become webmaster aggregator viral marketer Who to tool up with and who is just a tool are revealed deep inside the new so called 360 Deals offered by the major labels Are they a desperate attempt to stay alive or can artists finally get paid Are CDs really dead or is it an RIAA manipulation How long can we expect the industry standard to stay relevant Plus a DVD ROM containing private lessons from Moses Avalon s world famous Confessions of a Record Producer Workshop a hot ticket every year for top music lawyers managers producers artists and songwriters Groundbreaking charts and graphs show industry consolidation who owns what and where the future of the music business is headed **The Big Shakeup** Nancy Boyarsky,2023-09-26 Everyone is innocent until proven guilty or so they say P I Nicole Graves arrives early at work just as Los Angeles is hit with the Big One a long predicted devastating earthquake When the building stops shaking Nicole finds Jerry her boss in his office dying of a gunshot wound It appears to be suicide Nicole is shocked to learn that the police have decided Jerry s death was murder and even more shocked that she s

their only suspect when there's no shortage of people with motives. And there's the question of why the detectives are pursuing this one case when all city workers including the police are in an all-out search and rescue operation for survivors. All she can do is evade capture long enough to prove her innocence and catch the real culprit. Nancy Boyarsky's writing has been praised as well-crafted and tautly written by James Lilliefors, author of the Amy Hunter novels *The Psalmist* and *The Tempest*, and thoroughly entertaining and unforgettable by Dave Edlund, USA TODAY bestselling author of the Peter Savage Novels. Like John le Carré, Boyarsky portrays a world of espionage that's more grit than glamour, and where it can be a struggle to distinguish the good guys from the bad. A real page-turner with a satisfying resolution. Mally Becker, author of *The Turncoat's Widow*, praises *The Moscow Affair*. Nicole Graves, Book 6. Each book in the Nicole Graves Mysteries is written as a stand-alone. Readers do not need to read every book in the series to follow along. Order of Books in the Nicole Graves Mysteries: 1. *The Swap*, 2. *The Bequest*, 3. *Liar Liar*, 4. *The Ransom*, 5. *The Entitled*, 6. *The Moscow Affair*, 7. *The Big Shakeup*.
