Managed Body Chris Bobel,2018-10-19 The Managed Body productively complicates menstrual hygiene management MHM a growing social movement to support menstruating girls in the Global South Bobel offers an invested critique of the complicated discourses of MHM including its conceptual and practical links with the Water Sanitation and Hygiene WASH development sector human rights and the girling of development Drawing on analysis of in depth interviews participant observations and the digital materials of NGOs and social businesses Bobel shows how MHM frames problems and solutions to capture attention and direct resources to this highly tabooed topic She asserts that MHM organizations often inadvertently

rely upon weak evidence and spectacularized representations to make the claim of a hygienic crisis that authorizes rescue And she argues the largely product based solutions that follow fail to challenge the social construction of the menstrual body as dirty and in need of concealment While cast as fundamental to preserving girls dignity MHM prioritizes technological fixes that teach girls to discipline their developing bodies vis a vis consumer culture a move that actually accommodates more than it resists the core problem of menstrual stigma

techniques to support children's learning. It examines 26 techniques ranging from simple ones such as describing and listening to more complex methods such as deconstruction and scaffolding. A detailed evaluation of each strategy enables childcare staff, early childhood teachers and students to expand their repertoire of teaching strategies and to critically evaluate their own teaching in early childhood settings. Vignettes and examples show how early childhood staff use the techniques to support children's learning and help to bring the discussion of each technique to life. Revised and updated in light of the latest research, new features include: Coverage of the phonics debate; Addition of ICT content; Questions for further discussion; Revision to the chapter on problem solving; Updated referencing throughout. *Teaching Young Children* is key reading for students and experienced early childhood staff working in diverse settings with young children.
