**Youth Language Practices and Urban Language Contact in Africa** Rajend Mesthrie, Ellen Hurst-Harosh, Heather Brookes, 2021-09-09 An up to date theoretically informed study of male in group street aligned youth language practice in various urban centres in Africa [The Oxford Handbook of the History of English](#)

Terttu Nevalainen, Elizabeth Closs Traugott, 2012-09-07 The availability of large electronic corpora has caused major shifts in linguistic research including the ability to analyze much more data than ever before and to perform micro analyses of linguistic structures across languages This has historical linguists to rethink many standard assumptions about language history and methods and approaches that are relevant to the study of it The field is now interested in and attracts specialists whose fields range from statistical modeling to acoustic phonetics These changes have even transformed linguists perceptions of the very processes of language change particularly in English the most studied language in historical linguistics due to the size of available data and its status as a global language The Oxford Handbook of the History of English takes stock of recent advances in the study of the history of English broadening and

deepening the understanding of the field It seeks to suggest ways to rethink the relationship of English's past with its present and make transparent the variety of conditions and processes that have been instrumental in shaping that history Setting a new standard of cross theoretical collaboration it covers the field in an innovative way providing diachronic accounts of major influences such as language contact and typological processes that have shaped English and its varieties as well as highlighting recent and ongoing developments of Englishes celebrating the vitality of language change over the centuries and the many contexts and processes through which language change occurs

Language Contact in Nepal Bhim Lal Gautam, 2021-03-27 This book examines language contact and shift in Nepal a multilingual context where language attitudes and policies often reflect the complex socio cultural and socio political relationship between minority majority and endangered languages and peoples Presenting the results of a 15 year study and making use of both quantitative and qualitative data the author presents evidence relating to speakers opinions and perceptions of mother tongues including English Hindi Nepali Sherpa Dotyali Jumli and Tharu This book explores an under studied part of the world and the findings will be relevant to scholars working in other multilingual contexts in fields including language policy and planning language contact and change and language attitudes and ideologies

**linguísticas em contextos migratórios** Sabine Gorovitz, Dionei Moreira Gomes, 2019-01-01 As fronteiras nunca impediram a circulação de homens e mulheres no mundo. Invasores, colonos, migrantes, refugiados, pessoas deslocadas, viajantes estão constantemente cruzando essas fronteiras em todas as direções, misturando línguas e costumes em contato com as populações locais. Os autores deste livro exploram cada uma de suas maneiras os contextos em que as relações entre línguas e fronteiras foram forjadas nos níveis político e ideológico com forte ênfase na observação das práticas linguísticas e na análise de diálogos e interações entre falantes de diferentes idiomas. A articulação das diferentes abordagens possibilita aqui pelo menos em parte explicar a complexidade dos fenômenos observados. Tal qual um manifesto em favor do reconhecimento do multilinguismo, o livro homenageia as práticas bilíngues e os recursos criativos que cada falante implementa onde ele está de onde ele está falando para criar um vínculo com os outros.
