from the aristocratic De Stancy family She employs two architects one local and one George Somerset newly qualified from
London Somerset represents modernity in the novel A Laodicean Thomas Hardy,2015-11-25 Thomas Hardy OM was an
English author of the naturalist movement although in several poems he displays elements of the previous romantic and
enlightenment periods of literature such as his facination with the supernatural He regarded himself primarily as a poet and
composed novels mainly for financial gain The bulk of his work set mainly in the semi fictional land of Wessex delineates
characters struggling against their passions and circumstances Hardy s poetry first published in his 50s has come to be as
well regarded as his novels especially after The Movement of the 1950s and 1960s The term cliffhanger is considered to have
originated with Thomas Hardy s serial novel A Pair of Blue Eyes in 1873 In the novel Hardy chose to leave one of his
protagonists Knight literally hanging off a cliff staring into the stony eyes of a trilobite embedded in the rock that has been
dead for millions of years This became the archetypal and literal cliff hanger of Victorian prose A Laodicean - Or, the

The Works of Thomas Hardy Thomas Hardy, 1920

A Laodicean Thomas Hardy, 2016-01-04 PREFACE The changing of the old order in country manors and mansions may be slow or sudden may have many issues romantic or otherwise its romantic issues being not necessarily restricted to a change back to the original order though this admissible instance appears to have been the only romance formerly recognized by novelists as possible in the case Whether the following production be a picture of other possibilities or not its incidents may be taken to be fairly well supported by evidence every day forthcoming in most counties The writing of the tale was rendered memorable to two persons at least by a tedious illness of five months that laid hold of the author soon after the story was begun in a well known magazine during which period the narrative had to be strenuously continued by dictation to a predetermined cheerful ending As some of these novels of Wessex life address themselves more especially to readers into whose souls the iron has entered and whose years have less pleasure in them now than heretofore so A Laodicean may perhaps help to while away an idle afternoon of the comfortable ones whose lines have fallen to them in pleasant places above all of that large and happy section of the reading public which has not yet reached ripeness of years those to whom marriage is the pilgrim s Eternal City and not a milestone on the way T H January 1896

Thomas Hardy's a Laodicean Thomas Hardy, 2013-07-17 Fear is the mother of foresight Thomas Hardy 2nd June 1840 11th January 1928 celebrated poet and writer was born in a modest thatched cottage near Dorchester in the West country to a builder father His mother came from a line of intelligent lively and ambitious women so ensured her son had the best formal education available for their modest means although this ended when he was 16 He became a draughtsman specialising in the building of churches was able to give it up to be a full time writer and poet with the publication of Far From the Madding Crowd

which became a bestseller and like much of his work was serialised His writing reflects his passionate beliefs for social reform and exposes the hypocrisy of the rules of the Victorian age which constrained many freedoms with convention and restricted the transcending of class boundaries His novels are almost entirely set in rural Wessex which although fictional is clearly rooted in the SW counties of England where he was born and lived most of his life Hardy's writing caused controversy in his lifetime but despite this he was highly praised and showered with honorary doctorates from many universities a knighthood which he refused and in 1910 the prestigious Order of the Merit Laodicean is a rarely used word these days and means lukewarm or halfhearted coming from Revelations 3:16 where Christians from Laodicea were rebuked for their indifference to religion Hardy had to remain in bed for much of the writing of this novel due to internal bleeding so dictated it to his wife who was also his nurse As in his life central to the book is also a woman Paula Power who is caught between two worlds that of the old and familiar and that of the new and modern Underlining this dilemma is her indecision between two suitors Captain de Stancy who is a descendant of the owners of the castle she lives in representing the old and George Somerset a rising young architect from London This same dilemma faced much of Victorian society as industrialisation was radically changing people's lives and as always Hardy's rich character study and stunning prose create a compelling atmosphere and a good read
