Israeli Spies Michael E. Goodman, 2021-06-25 Whether it is the Eichmann capture the Munich revenge plot or the Entebbe rescue mission they all illustrate the independence and determination of Israel's intelligence community. They also show that the tiny Middle Eastern country is willing to take a lot of risks to do things its own way. Only hours after the nation of Israel was established on May 14, 1948, five neighboring Arab nations attacked, hoping to wipe out the new country. The attackers had far more soldiers and weapons than Israel, but underestimated how much information Israeli spies had already gathered about the Arab nations' military capabilities and strategies. The war quickly turned in Israel's favor. Israel's survival from 1948 to today has depended on its maintaining a well-established intelligence network to gather secret data, carry out covert operations, and counter terrorism. At the heart of this network is the Mossad, a shadowy organization charged with keeping Israel safe from outside enemies by any means necessary. Read all about Israel's formidable spy network and their espionage missions around the world. Michael E. Goodman was born in Savannah, Georgia. He attended Yale University and graduate school at Brown University. He began as a high school English teacher in Providence, RI, and Teaneck, NJ, before turning to writing and editing and serving as an executive in corporate communications. He is a former senior editor at Scholastic and Prentice Hall and executive editor at Peoples Education.

Mossad Michael Bar-Zohar, Nissim Mishaal, 2013-09-02 Durante décadas el famoso servicio de inteligencia del Estado de Israel, el Mossad, ha sido ampliamente reconocido como el mejor del mundo. En Mossad, las operaciones más importantes del servicio secreto israelí, los autores reconstruyen las más peligrosas e intrépidas misiones a lo largo de sesenta años. Se trata de la vida real y no de una novela de espionaje: verdaderas historias imposibles con alto voltaje de acción que incluyen a personalidades como Golda Meir, Benjamin Netanyahu, el sah de Irán o Barack Obama. De la captura del verdugo nazi Adolf Eichmann en Buenos Aires a la eliminación de cientos de nucleares iraníes, de la venganza del Estado por el Septiembre Negro en las Olimpíadas de Mních a las intrigas internacionales durante la Guerra Fría, los casos presentados en este libro sorprenden y muestran algo más que un elogio de la máquina de inteligencia estatal. Cualquier persona que esté fascinada por el mundo del espionaje internacional, los sabotajes y la guerra encubierta encontrará en Mossad una lectura electrizante. Si bien el libro no se refiere a las dimensiones políticas sociales y éticas del trabajo del Mossad, Michael Bar-Zohar y Nissim Mishaal son narradores conspicuos y su escritura deja sin aliento.

The History of Mossad Antonella Colonna Vilasi, 2014-01-13 The book is about the history of Mossad from the foundation to the ultimate events.

Mossad Dennis Eisenberg, 1976

Israeli Secret Services Frank Clements, 2017-07-05 The Israeli Institute for Intelligence and Special Services, the Mossad, is probably the best known of the world's intelligence services, one of the most suspected and certainly one of the most intriguing. However, despite its fame, the available literature, other than Hebrew, is limited and scattered amongst a variety of subject areas because the tentacles of the Mossad are similarly varied. The aim of this volume is to document the range of English language material available on the Mossad from its pre-official origins in Europe during the Second World War to the present period of the Middle East peace process. The organization had its

origins in the aftermath of the Holocaust being the agency responsible for organizing the illegal Jewish immigration into Palestine before becoming officially constituted in 1951 Since its formation the Mossad has been intimately involved in each of the significant events in Israel s history including actions against its Arab neighbors the hunting of wanted Nazis spectacular actions such as the raid on Entebbe to free the hostages counter terrorist activities and high technology espionage against friend and foe alike This bibliography will be of interest to researchers covering intelligence activities and to students scholars and librarians interested in the history of Israel and its relations with its Arab neighbors The early material on the Mossad will also be of special concern to students of the Holocaust and its aftermath
