

Point man or single person moving around a corner

Reverse the application for turning a left corner

Two squads assaulting rooms on both sides of Hallway

A 9 room nightmare.

9 Rooms are numbered in order of assault by 2 teams of 4. Red always goes right, Blue always goes left, Green follows red to right center and yellow follows blue to left center. It seems a bit confusing but the red lines emanating from the player is direction of travel and line of fire. The thin black lines are the line of sight that each team member uses for their companion team to "spot" threats in adjacent rooms. In a situation where a few rooms adjoin but others not, NETITHER one side will complete their side first. This must be coordinated between Left red and right red leaders to keep the two teams together as much as possible. WORK TOGETHER AS TEAMS....NOT as individual groups.
