Crime, Histoire et Sociétés, 1997/1 , *A History of Violence* Robert Muchembled, 2012 Presents a history of violence in Europe and discusses the theory that violence has actually been in decline since the thirteenth century **Bulletin de la Section d'histoire moderne et contemporaine** France. Comité des travaux historiques et scientifiques. Section d'histoire moderne et contemporaine, 1982 **The People of Paris** Daniel Roche, 1987-05-12 In his collective portrait of the common people Roche offers a rich and fascinating description of their lives their housing food dress financial dealings literature domestic life and leisure time Roche s highly readable style and use of contemporary quotations enliven the reader s view of eighteenth century Paris and Parisians **Policing the Poor in Eighteenth-Century France** Robert M. Schwartz, 2017-10-10 Robert Schwartz examines the French government s attempts to suppress mendicity from the reign of Louis XIV to the Revolution His study provides a rich account of the evolution of poverty the varied and shifting attitudes toward the delinquent poor and the government s efforts to control mendicity by strengthening the state s repressive machinery during the eighteenth century As Schwartz demonstrates popular conceptions of the mendicant poor in the ancient regime increasingly focused on the threat that they presented to the rest of society thereby opening the way for the central state to augment its authority and enhance its credibility by acting as the agent protecting the majority of the populace from its threat to public security Government efforts to control the activity of the unworthy poor those of sound mind and body who were seen to prefer idleness over productive work were most pronounced during two periods of repressive policing one in the early eighteenth century and the other in the last two decades before the Revolution From 1724 to 1733 beggars were interned in hopitaux existing municipal institutions intended for the care of the worthy poor including orphans the infirm and the aged But from 1768 until the outbreak of the Revolution more stringent measures were taken Sturdy beggars and vagrants were confined apart from the worthy poor on specially established royal workhouses called depots de mendicite and in the case of some repeat offenders were sentenced to the galleys This stepped up level of policing arose not only from royal administrators long standing view of mendicity as criminal activity it was also made possible because the propertied classes had likewise come to believe the mendicant poor were a danger rather than a nuisance Economic and demographic conditions combined to swell the ranks of paupers and vagrants especially in the 1760s and 1770s and social tensions along with calls for government action multiplied in proportion to their numbers As villagers came to call upon the improved royal police for help a popular mental association of the state with public security began to take root In arriving at these conclusions Schwartz concentrates on law enforcement in a single area Lower Normandy but continually provides a perspective on local events by putting them in the context of national trends and realities He tells the story of the poor in eighteenth century France in sympathetic terms giving a human face to poverty and to the men who policed its effects Originally published in 1987 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in

D'ailleurs et de nulle part André Gueslin, 2013-02-13 Bon observateur de la grande pauvreté laquelle il a consacré plusieurs livres André Gueslin traite ici de ces hommes et femmes repoussés en cours de vie aux marges du corps social voire relégués au-delà bref les marginaux et les exclus S'appuyant sur de nombreuses sources historiques sociologiques et littéraires il décrit le monde des errants du Moyen Âge nos jours d'abord identifiés dans l'histoire des vagabonds puis aux XIXe et XXe siècles aux clochards et aux SDF Ce monde descendu en bas pour ne pas dire des bas fonds procède d'un mal de vivre et de difficultés de toutes sortes l'absence de travail et de toit la faim et diverses autres carences Pourtant le caractère ambivalent des représentations que suscitent ces pauvres gens frappe la fois par une image doloriste certes mais encore par une perception lumineuse et même de bonheur Dans cet ouvrage richement documenté André Gueslin analyse les deux pôles sociaux de ces représentations d'une part les errants et d'autre part les nantis le but ultime tant peut-être de provoquer le sentiment personnel du lecteur

La nouvelle histoire Jacques Le Goff, 2006

A History of Women in the West: Renaissance and Enlightenment paradoxes Georges Duby, Michelle Perrot, 1992 Volume III of A History of Women draws a richly detailed picture of women in early modern Europe considering them in a context of work marriage and family At the heart of this volume is woman as she appears in a wealth of representations from simple woodcuts and popular literature to master paintings and as the focal point of a debate sometimes humorous sometimes acrimonious conducted in every field letters arts philosophy the sciences and medicine Against oppressive experience confining laws and repetitious claims about female nature women took initiative by quiet maneuvers and outright dissidence In conformity and resistance in image and reality women from the sixteenth through the eighteenth centuries emerge from these pages in remarkable diversity

Le Peuple de Paris Daniel Roche, 2014-04-01 Entre le peuple chaud de l'histoire militante et le peuple froid d'une histoire trop pensée j'ai tenté de retrouver l'identité spécifique d'une classe qui se constitue Michelet nous y invite Oh qui saura parler au peuple sans cela nous mourrions disait-il au chansonnier Béranger signifiant ainsi l'existence d'un tat populaire originel qui pour lui était la terre promise Le peuple de Michelet n'est pas seulement l'objet d'une démonstration historique C'est aussi un personnage familier observé le dimanche aux barrières de Paris entendu dans le témoignage d'un grand maître perspicace et qui se souvient des années noires comme des bons moments interrogé dans l'atelier sur le chantier au cabaret Michelet historien de l'immédiat montre comment il faut confronter les critères des observateurs Pour l'historien du dernier quart du XIXe siècle toute la difficulté est là L'unanimité sensible qui fonde la cohérence du Peuple romantique peut-elle être projetée sur le monde laborieux qui s'entasse dans le Paris des Lumières Oui dans une certaine mesure si l'on confronte l'observation du dedans et celle du dehors si l'on admet que les changements dans les

classes inférieures sont bien plus lents qu'en haut si l'on songe de aux petites gens le droit l'interdit que leur refusent en tous temps les hommes d'ordre. Pour arriver ce but il faut utiliser la fois les moins et les archives dormantes principalement celles que les notaires ont laissées. Il faut aussi interroger les littérateurs les économistes moraux les médecins. Tous ces témoignages et réflexions permettent de replacer le peuple parisien au cœur d'une méditation générale sur la croissance dont les figures principales sont la Ville et l'Individu urbanisé. Les Musulmans dans l'histoire de l'Europe - tome 1 Collectif, Jocelyne Dakhlia, Bernard Vincent, 2011-10-05. Un musulman peut-il être européen? Cette interrogation qui n'a été formulée explicitement qu'avec l'irruption sur la scène politique du débat sur l'entrée de la Turquie dans l'Europe se posait déjà au Moyen Âge et l'époque moderne. Pourtant un préjugé tenace voudrait que les musulmans aient été quasiment absents d'Europe jusqu'au XIXe siècle. Les flux de circulation ou d'immigration tant tous tributaires de la colonisation. Opposant des arguments scientifiques ces idées reçues les études réunies ici montrent qu'au contraire des musulmans ont été très nombreux par milliers aux sociétés d'Europe occidentale mais que ce fait est passé inaperçu. Cette invisibilité nous apprend que loin d'être contemporaines la question de la présence de l'islam dans l'espace public et celle de la pratique du culte musulman sont anciennes et enfouies. Ce premier volume d'une vaste enquête sur l'histoire de la présence musulmane en Europe a l'ambition d'expliquer pourquoi cette réalité est restée ignorée et quelles difficultés on se heurte vouloir définir un musulman dans un contexte européen en ce qui aujourd'hui comme hier pose des problèmes éthiques et politiques forts.

Del Renacimiento a la Edad Moderna (Historia de las mujeres 3) Georges Duby, Michelle Perrot, 2018-11-15. Esta obra busca analizar cómo las relaciones de los sexos condicionan la evolución de las sociedades y la necesidad de que las mujeres encuentren al fin su espacio propio. Esta Historia de las mujeres responde a la necesidad de ceder la palabra a las mujeres. Alejadas desde la Antigüedad del escenario donde se enfrentan a los dioses del destino reconstruir su historia significa describir su lento acceso a los medios de expresión y su conversión en persona que asume un papel protagonista. Este análisis implica asimismo que las relaciones entre los sexos condicionan los acontecimientos o la evolución de las sociedades. No se buscan conclusiones tajantes sino que las mujeres encuentren al fin su espacio propio. Tomando la periodización habitual y el espacio del mundo occidental esta obra se divide en cinco volúmenes independientes pero complementarios. Este tercer volumen delinea los primeros pasos en la construcción de la mujer moderna durante el Renacimiento.
