Maths Literacy Memo For June Paper:

Resources in Education, 1998-10 **Notes on Literacy**, 1991 **Official Gazette of the United States Patent and Trademark Office**, 2003 *Resources in Education*, 1996 **Research in Education**, 1974 *Creating Literacy Instruction for All Students* Thomas G. Gunning, 2005 With its inclusive view of literacy *Creating Literacy Instruction for All Students* emphasizes methods that have been validated by research and practice while delivering the basics of all major aspects of reading and writing The Fifth Edition of this best selling book continues to be a comprehensive practical text that provides its readers with step by step guidance for teaching reading and writing Written by distinguished author Tom Gunning this text features sample lessons for virtually every major literacy skill strategy and offers numerous reinforcement suggestions and generous listings of materials With its careful balance between the theory and the practice readers are always given the theories behind the methods encouraging them to choose adapt and construct their own approaches as they create a balanced program of literacy instruction Special emphasis has been given to adapting instruction for English language learners struggling readers and writers and special needs students throughout the book Unlike comparable texts the new edition stresses effective steps for closing the gap between achieving and struggling readers as mandated by the No Child Left Behind legislation and Reading First **Computer Literacy** Carin E. Horn, James L. Poirot, 1985 *From Data to Information* National Center for Education Statistics, 1996 **Teaching Mathematics in Elementary and Middle School** Joseph G. R. Martinez, Nancy Conrad Martinez, 2007 With an emphasis on inquiry and process *Teaching Mathematics in Elementary and Middle School* embraces active mathematics instruction and the development of mathematical thinking through problem solving The text challenges future teachers to prepare their K 8 students for a world that requires a higher level of mathematical literacy and enables them to compete in a global society Teachers will develop their own mathematical abilities allowing them to help students discover a rich combination of thinking processes and problem solving strategies raising the learning expectations for all Unique text features TIE Thought Investigation and Exploration features ask pre service teachers to develop their own thinking and learning abilities preparing them to better challenge their students *Mathematics in the Real World* Idea Files and Teacher Profiles model best practices and supply readers with concrete teaching tools and strategies *Mathematical Thinking* *Mathematical Games* and *Mathematics and Technology* features detail activities to engage and develop students mathematical thinking Accompanying student artifacts illustrate the progression of students conceptual understanding CD logo replaces bullet Math Activities CD ROM provides an outstanding text component containing more than 100 activities that use a three step process explore invent discover to foster the development of mathematical thinking through guided inquiry Aligned with the NCTM standards each activity is integrated within the text and designed to help develop students conceptual understanding of mathematics *Mathematics in Literature* offers thoroughly developed ideas for using children s literature to create meaningful contexts for mathematics learning An extensive

bibliography that can be used for this purpose appears on the CD Rom I think the text is an excellent resource for elementary and middle school methods courses In particular I like how the textbook handles the bigger issues such as geometric reasoning rather than just geometry I also like the excellent foundation in educational research that the textbook provides as well as some very careful attention and consistent referencing to the NCTM standards and principles The incorporation of classroom vignettes teacher illustrations and samples of student work also all add to the excellent grounding of the text in real world classroom work Dr Neal Grandgenett University of Nebraska at Omaha **Literacies Invited and Denied** Mary F.
