Mathews Prestige Manual:

Moody's OTC Industrial Manual ,1989 Companies traded over the counter or on regional conferences ALA Handbook of Organization American Library Association,1976 Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office,1972 **Indigenous Agency in the Amazon** Gary Van Valen,2013-02-21 The largest group of indigenous people in the Bolivian Amazon the Mojos has coexisted with non Natives since the late 1600s when they accepted Jesuit missionaries into their homeland converted to Catholicism and adapted their traditional lifestyle to the conventions of mission life Nearly two hundred years later they faced two new challenges liberalism and the rubber boom White authorities promoted liberalism as a way of modernizing the region and ordered the dismantling of much of the social structure of the missions The rubber boom created a demand for labor which took the Mojos away from their savanna towns and into the northern rain forests Gary Van Valen postulates that as ex mission Indians who lived on a frontier the Mojos had an expanded capacity to adapt that helped them meet these challenges Their frontier life provided them with the space and mind set to move their agricultural plots and cattle herds join independent indigenous groups or move to Brazil Their mission history gave them the experience they needed to participate in the rubber export economy and the politics of white society Van Valen argues that the indigenous Mojos also learned how to manipulate liberal discourse to their advantage He demonstrates that the Mojos were able to survive the rubber boom claim the right of equality promised by the liberal state and preserve important elements of the culture they inherited from the missions *Character Is Capital* Judy Hilkey,2000-11-09 In late nineteenth century America a new type of book became commonplace in millions of homes across the country Volumes sporting such titles as *The Way to Win* and *Onward to Fame and Fortune* promised to show young men how to succeed in life But despite their upbeat titles success manuals offered neither practical business advice nor a simple celebration of the American Dream Instead as Judy Hilkey reveals they presented a dire picture of an uncertain new age portraying life in the newly industrialized nation as a brutal struggle for survival but arguing that adherence to old fashioned virtues enabled any determined man to succeed Hilkey offers a cultural history of success manuals and the industry that produced and marketed them She examines the books appearance iconography and intended audience primarily native born rural and small town men of modest means and education and explores the genre s use of gendered language to equate manhood with success femininity with failure Ultimately argues Hilkey by articulating a worldview that helped legitimate the new social order to those most threatened by it success manuals urged readers to accommodate themselves to the demands of life in the industrial age **The Bulletin** ,1988 *The Emergence of the American University* Laurence R. Veysey,2024-07-30 The American university of today is the product of a sudden mainly unplanned period of development at the close of the nineteenth and the beginning of the twentieth centuries At that time the university and with it a recognizably modern style of academic life emerged to eclipse the older religiously oriented college Precedents formal and informal were then set which

have affected the soul of professor student and academic administrator ever since What did the men living in this formative period want the American university to become How did they differ in defining the ideal university And why did the institution acquire a form that only partially corresponded with these definitions These are the questions Mr Veysey seeks to answer

The Classic Citroëns, 1935-1975 John Reynolds, 2012-08-22 When the final list for the Car of the Century competition was announced in November 1999 only one company had three finalists Automobiles Citroën All three models the Traction Avant the 2CV and the DS 19 were developed during the era when the company was owned by the Société Michelin Michelin Tire Company All three were created by the engineer André Lefèvre and the stylist Flaminio Bertoni This industry recognition highlighted the unique Citroën Michelin affiliation demonstrating anew how this relationship made the automaker the benchmark for progressive design and creative engineering within both the international automotive community and the general motoring public This work provides the first in depth examination of the Citroën Michelin era focusing on the interrelationship between these firms in the development of the revolutionary Michelin X radial tire and its impact on Citroën's avant garde automobiles From its origins in 1919 under the watchful eye of André Citroën a history of the automaker's early years is provided Next the author takes a detailed look at the cars of the golden age of Citroën the Traction Avant the 2CV the DS ID the Ami 6 and Ami 8 the GS GSA the CX and the Citroën Maserati SM The innovations the unique designs and the new standards of technical excellence that these cars offered are all fully covered heavily illustrated with rare photographs of the classic automobiles

Business Bulletin, 1988 *Synergy Matters* Adrian M. Castell, Amanda J. Gregory, Giles A. Hindle, Mathew E. James, Gillian Ragsdell, 2006-02-27 The 21st century is now almost upon us and whilst this represents a somewhat artificial boundary it provides an opportunity for reflection upon the changes and the accelerating pace of change in our social economic and natural environments These changes and their effects are profound not least in terms of access to information and communication technologies at once global in effect and manifest locally These changes and their consequent demands are reflected in the theme of this volume *Synergy Matters* proceedings from the 6th UK Systems Society International Conference

Social Mobility In Kerala Filippo Osella, Caroline Osella, 2000-12-20 Filippo and Caroline Osella anthropologists who spent three years in rural Kerala south India write about the modern search for upward social mobility the processes involved the ideologies that support or thwart it and what happens to the people involved They focus on the caste called Izhavas a group that in the mid 19th century consisted of a small land owning and titled elite and a large mass of landless and small tenants who were largely illiterate and considered untouchable and who eked out a living by manual labor and petty trade In the 20th century Izhavas pursued mobility in many social arenas both as a newly united caste and as families The work considers how successful the mobility has been and looks at the effects on their society of an ethos of progress Distributed by Stylus Annotation copyrighted by Book News Inc Portland OR

Higher Ed, Inc. Richard S. Ruch, 2003-08-11 Winner of the 2002 Alice L Beeman Research Award for Outstanding Writing about Communications from

the Council for Advancement and Support of Education Among higher education institutions in the United States for profit colleges and universities have steadily captured a larger share of the student market A recent trend at for profit institutions is the coupling of job training with accredited academic programs that offer traditional baccalaureate professional and graduate degrees Richard Ruch with administrative experience in both the nonprofit and for profit sectors of higher education takes us inside these new for profit institutions describing who teaches there who enrolls and why and how the for profits are managed and by whom He analyzes their different structures services and outlook on higher learning and training and explains in detail how they make profits from tuition income In Higher Ed Inc Ruch opens up the discussion about for profit higher education from the perspective of a participant observer Focusing on five providers the Apollo Group the University of Phoenix Argosy Education Group the American Schools of Professional Psychology DeVry Inc DeVry Institutes of Technology Education Management Corporation the Art Institutes International and Strayer Education Strayer University he conveys for the first time what it feels like to be inside this new kind of American institution He is also candid about the less attractive aspects of the for profit colleges including what those who enroll may give up As Ruch makes clear the major for profit colleges and universities offer a different approach to higher education one that may be increasingly influential in the future
