There's no such thing as a quiet year in video games, and 2024 has been no different. For players, a steady stream of high-profile game releases has meant there's always been something new to play, regardless of what console, handheld, PC, or mobile device they were using. Meanwhile, behind the scenes, 2024 has been one of the most turbulent years in the history of the games industry, with widespread job losses, studio cuts, acquisitions, and other controversies. Video Games Chronicle, the expert source for video game news, has covered 2024's goings-on every step of the way, and this book summarises the entire year in one handy volume. Designed like an old-school games magazine, this book presents the VGC website's best coverage of 2024 in a more traditional format. Our News section takes you through all the major stories that took place throughout the year, allowing you to relive every moment for better or worse. Our Reviews section contains every notable VGC game review from 2024, remastered and presented to you in physical form. We're big on preservation, you see. Our Features section offers some of our best long-form articles from the past year. Finally, our Previews section takes a look at some of the games coming in 2025. The world of online games media is a fast-moving one, and news and reviews usually arrive at breakneck speed, then disappear from our consciousness to be replaced with the latest stories. With this book, we hope to provide a more permanent summary of the year while also harking back to the days of the games magazines we loved so much. **GTA 4 - Secret Cheat Code** Sadistic Gamerz, 2025-09-10 Here you will find guides to all story missions as well as guides for pigeons, unique jumps, activities, bonus missions, and more, including screenshots of a lot of areas. You will also find maps for all the islands. You can also find checklists in PDF format to help you keep track of your progress in the game. You can find all maps and checklists in the download section. Since there are a lot of different ways to solve the main missions, I won't give an in-depth description on how to do so, just what needs to be done and a simple description of the solution. Some of the mission tasks that characters give you can not be completed all at once, but you will notice when a character is available while you play. This also goes for some of the bonus missions. **The Rough Guide to Videogames** Kate Berens, Geoff Howard, 2008-08-01 The Rough Guide to Videogames is the ultimate guide to the world's most addictive pastime.
