The Oxford Handbook of Islamic Philosophy Khaled El-Rouayheb, Sabine Schmidtke, 2017 The study of Islamic philosophy has entered a new and exciting phase in the last few years Both the received canon of Islamic philosophers and the narrative of the course of Islamic philosophy are in the process of being radically questioned and revised Most twentieth century Western scholarship on Arabic or Islamic philosophy has focused on the period from the ninth century to the twelfth It is a measure of the transformation that is currently underway in the field that unlike other reference works the Oxford Handbook has striven to give roughly equal weight to every century from the ninth to the twentieth The Handbook is also unique in that its 30 chapters are work centered rather than person or theme centered in particular taking advantage of recent new editions and translations that have renewed interest and debate around the Islamic philosophical canon The Oxford Handbook of Islamic Philosophy gives both the advanced student and active scholar in Islamic philosophy theology and intellectual history a strong sense of what a work in Islamic philosophy looks like and a deep view of the issues concepts and arguments that are at stake Most importantly it provides an up to date portrait of contemporary scholarship on Islamic philosophy

Routledge Handbook of the Arab Spring Larbi Sadiki, 2014-12-17 The self immolation of Mohammed Bouazizi in Tunisia in December 2010 heralded the arrival of the Arab Spring a startling yet not unprecedented era of profound social and political upheaval The meme of the Arab Spring is characterised by bottom up change or the lack thereof and its effects are still unfurling today The Routledge Handbook of the Arab Spring seeks to provide a departure point for ongoing discussion of a fluid phenomenon on a plethora of topics including Contexts and contests of democratisation The sweep of the Arab Spring Egypt Women and the Arab Spring Agents of change and the technology of protest Impact of the Arab Spring in the wider Middle East and further afield Collating a wide array of viewpoints specialisms biases and degrees of proximity and distance from events that shook the Arab world to its core the Handbook is written with the reader in mind to provide students practitioners diplomats policy makers and lay readers with contextualization and knowledge and to set the stage for further discussion of the Arab Spring

But Will It Fly? Iver P. Cooper, 2025-09-17 Conventional aircraft today are propelled by the action of propellers or jets and powered by the internal combustion of petroleum fuels in piston turboprop or jet engines But other power sources powerplants and propulsion devices for airships as well as aircraft have been proposed and even experimented with over the last few centuries The power sources considered include human muscles steam batteries nuclear reactors and hydrogen fuel and the propulsion devices include sails oars flapping wings rockets and cycloidal propellers This meticulously researched book presents the history of these unconventional aerial power and

propulsion systems explains the underlying science and technology behind them and assesses the crucial question of practicality

The Routledge Handbook of Identity and the Environment in the Classical and Medieval Worlds Rebecca Futo Kennedy, Molly Jones-Lewis, 2016-01-08

The Routledge Handbook of Identity and the Environment in the Classical and Medieval Worlds explores how environment was thought to shape ethnicity and identity discussing developments in early natural philosophy and historical ethnographies Defining environment broadly to include not only physical but also cultural environments natural and constructed the volume considers the multifarious ways in which environment was understood to shape the culture and physical characteristics of peoples as well as how the ancients manipulated their environments to achieve a desired identity This diverse collection includes studies not only of the Greco Roman world but also ancient China and the European Jewish and Arab inheritors and transmitters of classical thought In recent years work in this subject has been confined mostly to the discussion of texts that reflect an approach to the barbarian as other The Routledge Handbook of Identity and the Environment in the Classical and Medieval Worlds takes the discussion of ethnicity on a fresh course contextualising the concept of the barbarian within rational discourses such as cartography medicine and mathematical sciences an approach that allows us to more clearly discern the varied and nuanced approaches to ethnic identity which abounded in antiquity The innovative and thought provoking material in this volume realises new directions in the study of identity in the Classical and Medieval worlds

The Routledge Handbook of Ethnic Conflict Karl Cordell, Stefan Wolff, 2016-01-22

A definitive global survey of the interaction of ethnicity nationalism and politics this handbook blends rigorous theoretically grounded analysis with empirically rich illustrations to provide a state of the art overview of the contemporary debates on one of the most pervasive international security challenges today Fully updated for the second edition the book includes a new section which offers detailed analyses of contemporary cases of conflict such as in Ukraine Kosovo the African Great Lakes region and in the Kurdish areas across the Middle East thus providing accessible examples that bridge the gap between theory and practice The contributors offer a 360 degree perspective on ethnic conflict from the theoretical foundations of nationalism and ethnicity to the causes and consequences of ethnic conflict and to the various strategies adopted in response to it Without privileging any specific explanation of why ethnic conflict happens at a particular place and time or why attempts at preventing or settling it might fail or succeed The Routledge Handbook of Ethnic Conflict enables readers to gain a better insight into such defining moments in post Cold War international history as the disintegration of the Soviet Union and Yugoslavia and their respective consequences the genocide in Rwanda and the relative success of conflict settlement efforts in Northern Ireland By contributing to understanding the varied and multiple causes of ethnic conflicts and to learning from the successes and failures of their prevention and settlement the Handbook makes a powerful case that ethnic conflicts are neither unavoidable nor unresolvable but rather that they require careful analysis and thoughtful and measured responses

The Oxford Handbook of Music Revival Caroline Bithell, Juniper Hill, 2014-06-26 Revival movements aim to revitalize traditions perceived as threatened or moribund by adapting them to new temporal spatial and social contexts While many of these movements have been well documented in Western Europe and North America those occurring and recurring elsewhere in the world have received little or no attention Particularly under analyzed are the aftermaths of revivals the new infrastructures musical styles performance practices subcultural communities and value systems that grow out of these movements The Oxford Handbook of Music Revival fills this gap and helps us achieve a deeper understanding of how and why musical pasts are reimagined and transfigured in modern day postindustrial postcolonial and postwar contexts The book's thirty chapters present innovative theoretical perspectives illustrated through new ethnographic case studies on diverse music and dance cultures around the world Together these essays reveal the potency of acts of revival resurgence restoration and renewal in shaping musical landscapes and transforming social experience The book makes a powerful argument for the untapped potential of revival as a productive analytical tool in contemporary global contexts With its detailed treatment of authenticity recontextualization transmission institutionalization globalization the significance of history and other key concerns the collection engages with critical issues far beyond the field of revival studies and is crucial for understanding contemporary manifestations of folk traditional and heritage music in today's postmodern cosmopolitan societies
