Cortes,Anita Robinson,2005-03-15 *Medieval Answers to Modern Problems* Albrecht Classen,2011-09-06 Medieval Answers to Modern Problems (Revised Edition) Albrecht Classen,2012-08-01 The Middle Ages were not only times of military conflicts the formation of nations and the rise of the Catholic Church but also an era defined by profound exploration of what is magnificent and sublime in all aspects of life including spirituality aesthetics architecture ethics religion and philosophy Rather than focusing extensively on historical events as is done in many traditional textbooks on the Middle Ages *Medieval Answers to Modern Problems* instead focuses on critical issues that have concerned people throughout time and illustrates how studying the Middle Ages from an interdisciplinary perspective can shed light on contemporary efforts to deal with these issues Topics covered in this book include the mind body dichotomy the relevance of the divine in material existence interpretations of death and how to cope with death constructively the pursuit of love in spiritual and earthly terms and the idea of honor Initially the Middle Ages seem completely alien to modern ways of thinking yet they still speak deeply to our need for both human and divine values and inner growth The broad range of documents presented in the book will challenge readers provoke thought and demonstrate just how much can be learned from the past
