Information Doesn't Want To Be Free Laws For The Internet Age:

Information Doesn't Want to Be Free Cory Doctorow, 2014-11-01 Filled with wisdom and thought experiments and things that will mess with your mind Neil Gaiman author of The Graveyard Book and American Gods In sharply argued fast moving chapters Cory Doctorow's Information Doesn't Want to Be Free takes on the state of copyright and creative success in the digital age Can small artists still thrive in the Internet era Can giant record labels avoid alienating their audiences This is a book about the pitfalls and the opportunities that creative industries and individuals are confronting today about how the old models have failed or found new footing and about what might soon replace them An essential read for anyone with a stake in the future of the arts Information Doesn't Want to Be Free offers a vivid guide to the ways creativity and the Internet interact today and to what might be coming next This book is DRM free Summary of Information Doesn't Want to Be Free by Cory Doctorow QuickRead, Alyssa Burnette, A guide to modern copyright laws Copyright we see that word everywhere It's associated with music print media and movies But have you ever wondered what it means or why copyright laws exist Information Doesn't Want to Be Free 2014 explores the function application and necessity of copyright laws in the digital age Do you want more free book summaries like this Download our app for free at <https://www.quickread.com> App and get access to hundreds of free book and audiobook summaries **DISCLAIMER** This book summary is meant as a summary and an analysis and not a replacement for the original work If you like this summary please consider purchasing the original book to get the full experience as the original author intended it to be If you are the original author of any book published on QuickRead and want us to remove it please contact us at hello@quickread.com The Publishing Business Kelvin Smith, Melanie Ramdarshan Bold, 2018-02-22 The Publishing Business is an invaluable guide to understanding what book publishing is and what it might become Using popular and current examples this second edition demonstrates that to succeed publishers must prove their commitment to producing accurate attractive and well edited content their ability to innovate pioneering digital technologies and their dedication to promoting their titles to new audiences This book explains the responsibilities at each stage of the publishing process describes current roles and practices and provides much food for thought on how publishers can ensure their skills remain relevant in the digital age Fully updated to take into account recent developments in the publishing world this new edition also includes additional real world examples from a variety of publishing sectors insightful interviews with industry experts and new and updated activities throughout Beautifully designed thoroughly illustrated and packed with examples of publishing practice The Publishing Business is an essential introduction to a dynamic industry **The Public and Their Platforms** Mark Carrigan, Lambros Fatsis, 2021-06-09 Cutting across multiple disciplines this book maps out a new role for the public sociologist in the post COVID world It envisions a new kind of public sociology that brings together the digital and the physical to create public spaces where critical scholarship and active civic engagement can meet in a mutually reinforcing way **Reimagining the Academic Library** David W. Lewis, 2016-05-04 Academic libraries are in the

midst of significant disruption Academic librarians and university administrators know they need to change but are not sure how Bits and pieces of what needs to happen are clear but the whole picture is hard to grasp Reimagining the Academic Library paints a simple straightforward picture of the changes affecting academic libraries and what academic librarians need to do to respond to the changes would help to guide future library practice The aim is to explain where academic libraries need to go and how to get there in a book that can be read in a weekend David Lewis provides a readable survey of the current state of academic library practice and proposes where academic libraries need to go in the future to provide value to their campuses His primary focus is on collections as this is the area with the greatest opportunity for change and is the driver of most library cost Lewis provides an accessible framework for thinking about how library practice needs to adjust in the digital environment The book will be useful not only to academic librarians but also for librarians to share with presidents and provosts who a concise source for understanding where and how to focus their expenditures on libraries

The End of Ownership Aaron Perzanowski,Jason Schultz,2016-11-04 An argument for retaining the notion of personal property in the products we buy in the digital marketplace If you buy a book at the bookstore you own it You can take it home scribble in the margins put in on the shelf lend it to a friend sell it at a garage sale But is the same thing true for the ebooks or other digital goods you buy Retailers and copyright holders argue that you don t own those purchases you merely license them That means your ebook vendor can delete the book from your device without warning or explanation as Amazon deleted Orwell s 1984 from the Kindles of surprised readers several years ago These readers thought they owned their copies of 1984 Until it turned out they didn t In The End of Ownership Aaron Perzanowski and Jason Schultz explore how notions of ownership have shifted in the digital marketplace and make an argument for the benefits of personal property Of course ebooks cloud storage streaming and other digital goods offer users convenience and flexibility But Perzanowski and Schultz warn consumers should be aware of the tradeoffs involving user constraints permanence and privacy The rights of private property are clear but few people manage to read their end user agreements Perzanowski and Schultz argue that introducing aspects of private property and ownership into the digital marketplace would offer both legal and economic benefits But most important it would affirm our sense of self direction and autonomy If we own our purchases we are free to make whatever lawful use of them we please Technology need not constrain our freedom it can also empower us **Social Media for**

Intellectual Property, Faculty Rights and the Public Good Samantha Bernstein-Sierra,Adrianna Kezar,2017-04-17 Explore the different forms that intellectual property IP has taken in higher education in recent years and how to navigate the changing landscape for faculty members and university administrators Due to technological advancements and the rise of neo liberal policies influenced by academic capitalism faculty members are finding their rights being renegotiated often without their input Through patents copyrights distance education programs and MOOCs universities and publishers are seeking to gain a competitive advantage in a market largely dominated by profit generation All this is putting the university s public mission in tension with increasingly profit driven university management practices This volume Presents policy trends in university IP regulation over the past 40 years Examines the utility of IP rights in higher education Considers the implications of knowledge ownership in the academic

profession and Details the IP barriers that faculty encounter when attempting to share their work This is the 177th volume of the Jossey Bass quarterly report series New Directions for Higher Education Addressed to presidents vice presidents deans and other higher education decision makers on all kinds of campuses it provides timely information and authoritative advice about major issues and administrative problems confronting every institution

Diminishing Returns Lucio Baccaro, Mark Blyth, Jonas Pontusson, 2022 A set of state of the art empirical analyses at the country regional and global level that work from a new theoretical framework that analyzes the politics of growth and stagnation As highlighted by the recent debate on secular stagnation economic growth has slowed down considerably and this has given rise to a host of new problems from financial instability to the collapse of mainstream parties What happens when growth the main mechanism of capitalist legitimation is harder to come by and less broadly shared And how should we think about capitalist diversity in the context of global stagnation In *Diminishing Returns* Lucio Baccaro Mark Blyth and Jonas Pontusson address these questions by bringing together a number of comparative and international political economists with expertise across many different countries and regions Going beyond the methodological nationalism common in most comparative research each author departs from a common theoretical framework the Growth Model Perspective and contributes to develop it further The outcome is a new theoretical framework to help social scientists policymakers and opinion makers understand the politics of growth and stagnation which offers state of the art empirical analyses at the country regional and global level

Social Media Abyss Geert Lovink, 2017-09-05 Social Media Abyss plunges into the paradoxical condition of the new digital normal versus a lived state of emergency There is a heightened post Snowden awareness we know we are under surveillance but we click share rank and remix with a perverse indifference to technologies of capture and cultures of fear Despite the incursion into privacy by companies like Facebook Google and Amazon social media use continues to be a daily habit with shrinking gadgets now an integral part of our busy lives We are thrown between addiction anxiety and subliminal obsessive use Where does art culture and criticism venture when the digital vanishes into the background Geert Lovink strides into the frenzied social media debate with *Social Media Abyss* the fifth volume of his ongoing investigation into critical internet culture He examines the symbiotic yet problematic relation between networks and social movements and further develops the notion of organized networks Lovink doesn't just submit to the empty soul of 24/7 communication but rather provides the reader with radical alternatives Selfie culture is one of many Lovink's topics along with the internet obsession of American writer Jonathan Franzen the internet in Uganda the aesthetics of Anonymous and an anatomy of the Bitcoin religion Will monetization through cryptocurrencies and crowdfunding contribute to a redistribution of wealth or further widen the gap between rich and poor In this age of the free how a revenue model of the 99% be collectively designed Welcome back to the Social Question
