The Cursed Prince Christine V. Morales,2025-07-25 In a realm fractured by flame shadow and prophecy three ancient elven kingdoms Elarindor Syltherien and Thalvanyr stand at the edge of unraveling fate Queen Aeryn of Thalvanyr has ruled in silence and strength but a relic long buried beneath her mother s death Velmorith the Heart that Weeps begins to stir Whispered of in forbidden tongues the relic does not just remember power it mourns the cost of it When it awakens so do the ghosts of realms unseen Eyssira Aeryn s fierce and gifted sister bears the Shadowbrand a mark of flame and fate that links her to the First Ember beneath the mountain She crosses into a forgotten world where myth breathes and a vampire king Sorathos guards a forest that bleeds memory and fruit In his presence she discovers a bond deeper than magic and a danger older than death But the veil between worlds is tearing And what sleeps beyond it remembers her name As queens summon lost councils trees fall silent and ancient alliances fray a prophecy awakens one born of three thrones destined to either heal the fracture between light and shadow or destroy it

The Four Corners of the World Alfred Edward Woodley Mason, 1917

World Without End Sean Russell, 1995-03-01. Chronicling the epic fantasy adventures of naturalist Tristram Flattery as he voyages to discover the lost history of magic in a world where reason and science reign. The Age of the Mages is over and all the secrets of their magical arts are thought to be lost to the world. There are even those who suspect that the last of the great Mages spent their final years scrupulously eradicating all traces of their craft from the pages of history, insuring that their art will never be practiced again. It is the dawn of a new era, an age of reason, science and exploration, and Tristram Flattery is one of its most promising young naturalists. But when Tristram is summoned to the royal court of Farmland to try to revitalize a failing species of plant which seems to have mysterious, almost magical, medicinal properties, a plant without which he is told the aging king will surely die, he soon realizes that he has been drawn into the heart of a political struggle which spans generations, a conflict which threatens the very foundations of his civilization. And before long, Tristram is caught in the grip of a destiny which will lead him to the ends of the known world on a voyage of discovery that has more to do with magic than with science.
